

BUFFALO VERNON TYPICAL COWBOY SAY LOCAL MEN

Tom (Buffalo) Vernon, held for train robberies in Wyoming and California, among his victims in the Wyoming venture being Mrs. Newton C. Chaney, is well known in this city and county, where he lived for several months in 1914. He was a rider at a county fair rodeo conducted by Dr. E. J. Helm and Mike Hanley and W. Aspley. Vernon rode a bull and one of the Murphy Bros' wild horses, after both had thrown all other participants.

Vernon was also known to Henry G. Bates, and was a typical cowboy. He was known locally as "Bulldog" and "Tex" and left here for Hollywood.

Ed Woods, special agent for the Union Pacific, in the Oregonian yesterday gave the following comment on Vernon:

"About 1910," says Mr. Woods, "Buffalo Vernon was the big shot at the Round-up. He was a clever performer, a regular wizard, and there have been few since then who could surpass his performance. He was an expert in the cowboy events and his work was always clean and snappy and Buffalo was a favorite with the crowds. I was quiet and gentlemanly. I see that they think he stuck up the train in California

Exercise Care in Sending All Xmas Packages

The Railway Express Agency has prepared special holiday package address labels for distribution to express shippers, according to O. J. Gould.

"The express traffic of the country," in Mr. Gould's opinion, "is a good barometer of general business conditions. It is significant that the traffic is well up to the average of other years."

Proper packing of gifts, with due consideration to the fragile nature of the commodity, is urged by Mr. Gould, also the complete and legible addressing of packages is of vital importance as flexible or incorrect "marks" cause delays in transit. The complete street and number of the receiver of a package should be indicated in the address.

Care in writing the names of cities, especially when abbreviations are used, is also important. There are dozens of cities and towns of the same name, located in different states. If the state is abbreviated in such a way as to suggest the wrong state location, packages may go astray, no matter what care is taken by the transportation people in handling them.

Mr. Gould also stated that on November 15th, 1928, special rates became effective by express on gift packages of fruits, nuts (in shells) and vegetables when furnished by meat and other fruits.

PART TIME CLASS FOR AGRICULTURE STARTING MON.

The part time class in agriculture which is being formed by Mr. C. D. Smith at the high school will hold its first meeting in the high school agriculture building, next Monday afternoon, December 9.

The class is open to all young men between the ages of 17 and 23. There is no charge or expense of any kind connected with the course, since it is financed jointly by the federal government and the local school board.

The object of the course is to offer educational opportunities to the boys and young men who are unable to attend school regularly, but who have a few weeks of spare time during the winter that could be utilized for receiving training in advanced agriculture methods.

The various subjects that will be covered in detail in the course are the study of soils, including (1) Present day action of soil forming agencies as factors in crop production; (2) Soil classes and types of Jackson county; (3) Mechanical analysis of types taken from farms of the students; (4) Composition of types taken from soil survey of Jackson county; (5) Crops suited to the various types of soils; (6) The four elements of the soil, the presence and availability of which makes a soil productive; (7) forms

in which plant food elements are supplied by plants; (8) how these forms may be obtained; (9) Problems in irrigation and drainage; (10) Factors in maintaining and increasing fertility of the soil, and (11) The feeding of plants.

The class of crops will take in (1) How plants operate in the taking of elements from the soil and making them over into material usable by man; (2) Forage crops, grasses and legumes; (3) Crop rotation; and (4) Seeding and care of meadows and pastures.

"The River" Scores Hit Rialto Theatre

Another Fox Movietone picture of high artistic and dramatic merit opened at the Rialto theatre yesterday. It is Frank Borzage's interpretation of Tristram Tupper's widely read romance, "The River."

Cast in the featured roles of this beautifully depicted love story are Mary Dunsan and Charles Farrell, who speak lines together with Ivan Linow and Margaret May, chief members of the supporting cast.

Miss Dunsan's portrayal of Tristram, the girl whose name is likened to a river, is one of the most vivid characterizations ever brought to the screen. Farrell cast as Allen John, the young backwoodsman who finds his first love in the girl who had known a hundred men, gives a highly dramatic portrayal under direction of Borzage.

BUSINESS WOMEN GREET NEOPHYTES AT NOON MEETING

Enjoying their best attended weekly meeting so far, the local Business and Professional Women's Club disposed of a quantity of business at their regular Thursday noon luncheon held at the Hotel Hollida today.

The program was in charge of Mrs. Margaret Hensley, chairman of the membership committee who introduced the 20 or more new members recently enrolled in the club. While the organization now boasts a membership of 86, it is anticipated that this will be increased 25 percent before the state convention here in May.

Mrs. Margaret Arnold, music supervisor in the local schools delighted the club with two solos—"Goin' Through the Eye" and "Annie Laurie." She was accompanied by Miss Genevieve Brown.

Preliminary plans for assuring a good attendance at the Oregon Club play, "The Macropolis Secret," which the organization is sponsoring here February 19, were discussed at the meeting. The play will be presented at the Craterian theatre.

The club will hold its next song rehearsal in preparation for the three day state convention to be held here in May, at the Y. W. C. headquarters, Tuesday evening at 7:30. This will be the last rehearsal until after the holidays, according to an announcement made by Mrs. Maude K. Chapman, president.

Mrs. Hensley was assisted in arranging the program today by Miss Eva Nealon, Mrs. Kate Walters, Mrs. Charabelle Elliott and Mrs. Adrienne Steward.

BOWLING COLUMN

The Elks and Nat bowling teams played a four man match last night in the tiled game of the bowling league. The Nats won two of the three games. Mackay, leading for the Nats, had high score and high total pins for the evening.

Tuesday night the Gold Seal Cereamy took two out of three from the Copco bowlers. Dick Smith for Copco had high game of the evening with a score of 200.

Following are results of last night's encounter:

Elks	1	2	3
Frank	145	146	143
Gill	121	139	141
Rankin	185	157	165
Saylor	152	138	180
Total	604	630	639
Nats			
Robinet	164	125	147
Dudley	127	197	173
Hedderthorn	147	116	173
Mackay	188	179	171
G. Lounsberry	156	138	154
Handicap	45	45	45
Total	682	594	699

PIPES GETS SHANGHAI! WORD FROM FOLGER

Mayor A. W. Pipes recently received a post card written Oct. 29 at Shanghai, China, from W. A. Folger, who with another well known Medford man, P. B. Harrison, is making a tour of the world, or a large part of it, which read as follows:

"We leave here tomorrow for Manila, Singapore, etc. May stop a couple of weeks in Singapore, then Colombia, the same time. Have tried to 'do' Japan and China, but guess that they have 'done' me. Near this hotel are the offices of the D. L. Mineral and Mining company, which probably has branches in the United States."

READY FOR MASONIC DANCE THIS EVENING

Preparations for the Masonic dance tonight at the Masonic Temple were complete this afternoon for attendance of Mason, Eastern Star and De Molay members from Medford and surrounding community. This is the second party of the fall and winter series of six, which are to be given bi-monthly, according to present plans.

The music will be furnished by the Broadway orchestra and the dance will be open only to lodge members and their invited guests. The ballroom has been attractively decorated and dancing will begin promptly at 8 o'clock.

Heath's Free Dolls Given During Week

There isn't much race prejudice among the younger generation in Medford, judging from the number of kiddies who prefer the black baby dolls which are being given as premiums at Heath's Drug Store this week.

The free Christmas doll offer has become an annual event at Heath's and this year the dolls are unbreakable and larger than those formerly given away during the holiday season. Only one is allowed to a customer, who may choose between the black and white dolls.

HI SCHOOL OVER TOP IN SELLING CHRISTMAS SEALS

That the students of the Medford high school are behind the National Tuberculosis association in its efforts to eradicate tuberculosis was forcibly demonstrated when a total of \$65 worth of Christmas seals were sold. The quota allotted to the high school was \$45, and the cry for more seals went out approximately 10 minutes after the sale was opened at 1 o'clock. An additional \$20 worth was rushed to the high school by the central committee and these were also disposed of with efficiency and dispatch. Although the sale was to be restricted to Wednesday, it probably will be continued as long as customers are available.

The sale was conducted by a corps of speaker-salesmen assigned to the various fifth period study halls. Each salesman was assigned to a room and made responsible for selling the students in it.

The students who aided in selling seals were: Alan Carley, Neville Blden, Richard Mann, Millard Younger, Tom Emmens, Marjorie Marshall, Norris Porter, Junior Porter, Janet Wray Smith, Bertha Saylor, Charles Clay, Leneve Simkins, Winifred Warner, Charles Barnes.

OWEN-ORE. WORKERS AIDED BY TREE SALES

The Welfare association of the Owen-Oregon Lumber company, composed of employes of the company, will have Christmas trees for sale again this year. The trees were cut by the association members and will be on display at downtown points. The funds derived from the sale will be placed in the treasury of the association and used for the benefit of the employes of the company in cases not coming under the aid of the mill or state insurance provisions.

Forest Grove.—Construction of Union Oil station at Pacific avenue and First street, practically completed.

Look into this great discovery

for kidney deficiencies
high blood pressure, indigestion

MEN and women entering middle life should investigate Agmel. Everybody of every age should know about it, particularly those who are being warned of danger by frequent arising at night, backache, and other symptoms.

Agmel is a remarkable discovery. It is the pure milk of soap of the famous Mexican magney plant. The fresh sap is called "aguaniel." When concentrated, the name is shortened to Agmel. It is absolutely safe. A great health food, a valuable tonic in kidney deficiencies, high blood pressure, indigestion and glycosuria. Imported by The Agmel Corporation, New York and Mexico, D. F.

What others say:
"After using Agmel, all tests showed my kidneys to be acting perfectly."
"Agmel reduced my blood pressure more than forty points in less than two weeks."
"My mother tried Agmel for indigestion. She is delighted with the results."

Agmel
