

DETROIT DRIVE IS LAUDED BY FRUIT EXPERT

Alfred Wellner, Sales Manager for Simons Shuttleworth and French, Says Bosc Campaign Outstanding Achievement.

Alfred Wellner, New York City, sales manager for Simons, Shuttleworth & French Co., fruit distributors, pronounced the Bosc campaign of the Winter Pear committee in Detroit, as "an outstanding achievement of the year in the fruit industry, the educational value of which will be far-reaching."

"Very few people in the east and middle west," said Mr. Wellner, "realize that the winter variety of pears, is available 10 months of the year. They regard the pear in the same light of the peach, the plum, and the cherry. They think of the pear as a short season fruit, available only for a short period. They are not pear-minded, solely because of lack of education. Extension of the winter pear committee's campaign, to embrace other winter varieties and in other territory, will eliminate this condition."

"When the pear is popularized it will be alongside of the orange and the grape-fruit as a food within the reach of all."

Must Increase Consumption.

"Distributors and growers alike are facing the problem of bringing pear consumption to the point where it will equal pear production. New orchards are coming into bearing and markets must be found for the increase."

"Through the efforts of the winter pear committee, 30 cars of Bosc will be sold in Detroit this season. Last year two cars were sold at a loss. By constructive effort, Detroit has been made pear-minded. A demand has been created for Bosc."

"The Detroit campaign, right now, is the most widely talked about event of the year. In fruit circles, it has gripped the attention of distributors and growers alike—all in one short season. It shows that the possibilities of pear marketing are limitless. The fruitmen of the Rogue River valley deserve high praise, for their initiative and foresight."

Wellner, is accompanied by H. H. Durt of Sacramento, Calif., California manager for the Simons, Shuttleworth & French Co., and J. G. Mitchell, assistant manager. They are in the city and valley, conferring with D. L. Woodruff, local manager, and clients.

PORTLAND AIRMAN ESCAPES IN CHUTE

PORTLAND, Ore., Dec. 7.—(AP)—After his airplane had plunged 1000 feet and later crashed on the outskirts of Portland, O. G. Barnum, pilot for the Gardner Flying service, floated to the ground by parachute and today was alive to tell his story.

Barnum, flying a plane in test maneuvers, said the plane went into a tailspin at an altitude of 3000 feet. He said that while the plane was spinning toward the earth at a rapid rate of speed he adjusted his parachute and leaped. He struck the ground a few minutes after the plane piled up in a berry patch, wrecked beyond repair.

The pilot escaped injuries. Tax Rankin, a member of the board of aeronautical control, said the plane had been questioned and was being given test flights.

FARRELL LEADS ONE UP END FIRST ROUND

LOS ANGELES, Dec. 7.—(AP)—Making a great comeback after being four down at the sixth, Johnny Farrell of New York won back the holes and had Leo Diegel, defending champion 1 up at the end of the first round of the 48-hole final today.

Farrell hit down some remarkable putts, from 25 to 40 feet to cut down the lead his rival had piled up on the first six holes. Neither played championship golf and the first round, except for Farrell's ability to hole long ones on the greens, was devoid of thrills. Their 18 were three strokes over par for the Hillcrest club course.

URGENT LEGIONNAIRES TURN OUT MONDAY

Every local Legionnaire is urged to attend next Monday's meeting of Medford Post No. 19 held at the armory. Subjects of interest to all members of the local post will be taken up and plans outlined for the Legion Christmas dance at the Oriental Gardens December 25. Those who still maintain a friendly interest in the post "kitty" should be on hand, as it is reported that the fund is not well and is slowly shrinking away.

Next Week's Pear List Will Omit Names of Donors Paid in Full

Starting next week, the names of all subscribers who have paid their accounts to the Winter Pear and Bosc funds in full, will be omitted. A star before any name will indicate the account is partly paid. No star will indicate the grower has paid nothing on account.

The Winter Pear committee cannot check up on every grower's crop and asks that growers please send in checks to cover amounts due.

ARCHER RECEIVES FOOTBALL LETTER

UNIVERSITY OF OREGON, Eugene, Dec. 7.—(AP)—Woodward Archer, junior in business administration from Medford, has received his second varsity football letter, according to Captain J. J. McEwan, coach.

Archer is at present in Florida with the Oregon team, on which he plays end. He is regarded as one of the leading ends on the Pacific coast, especially because of his ability to snag forward passes.

This year 32 letters were awarded to football men. This is the greatest number ever given here. To earn a letter, a man must play one full half, or 20 minutes total in parts of three halves in the second lineup of Pacific Coast conference games, or else play some time in an inter-sectional contest. As Hawaii was played in Portland, a number of second string men played and received letters on the inter-sectional basis. Thus the large number of strips given.

EUGENE, Ore., Dec. 7.—(AP)—Chuck Borden, 146, Eugene, knocked out Jack Wentworth, 146, Portland, in the eighth round of a scheduled 10 round main event here last night. The fight was an even slugfest until the seventh, when Borden cut the Portlander above the eye.

DEATH TOLL IN KIWANIS SEEK BRITISH STORM FARM CONTACT PLACED AT 26 FOR PROBLEMS

LONDON, Dec. 7.—(AP) A new hurricane which swept in from the Atlantic raged over the British Isles and nearby coasts today spreading destruction and confusion in its wake. Scilly Island reported a wind velocity of 108 miles an hour, while 80 and 90 mile velocities in other parts of England were common.

As many as 26 already were dead as the furious storm 19 of the victims losing their lives in sea mishaps in which huge waves and wind swamped smaller craft before they could make port. Considerable anxiety was held for some vessels which either were not reported or were known to have been in difficulties.

Throughout the night the gale tore through London, smashing windows and unroofing smaller wooden buildings. Crowds leaving the theaters last night were surprised at the violence of the blast which at that time was accompanied by a spectacular electric display and a torrential downpour.

It was down before the wind began to quiet down and even then violent conditions still prevailed.

HAITI PROBE REQUESTED

Secretary Stimson, however, placed the number at 300, and in addition, said Brig. Gen. Russell, the American high commissioner had asked that the cruises Galveston be sent from Guantanamo to Port au Prince.

While the commissioner reported that all was not quiet at Aux Cayes, he disclosed he had arranged for the evacuation of American women and children from the port today by steamer.

The secretary of state described the situation in Haiti as "distressing" but added that it would be dealt with in the light of full publicity. Mr. Hoover in his message reviewed events leading up to the disturbances and emphasized the importance of investigation he desired.

'THE FOG' NEXT RADIO PLAY BY MISS NORRIS

PORT AU PRINCE, Haiti, Dec. 7.—(AP) A body of 4500 men who attempted to invade the city of Aux Cayes late yesterday afternoon armed with machetes, clubs and stones, clashed with a marine patrol. Five of the invaders were killed and twenty wounded.

The invading band came from an outlying section. They met a marine patrol of 29 men under command of Captain Roy Swink of the National Guard. For an hour the party was held and soldiers were surrounded. They fired three volleys overhead and then opened effective firing with one machine gun and six automatic rifles. PIGSKIN SCHEDULE WILL BE OUTLINED IN MEETING TODAY

According to a letter received by Principal H. H. Conkle of the senior high from A. H. Sluclair, athletic coach of Klamath Falls high school and secretary of the Southern Oregon Athletic association, the coaches and principals of the schools in the conference will meet Saturday afternoon in Medford to draw up the football schedule for 1930. The meeting has been called by Mr. Paul T. Jackson, principal of Klamath Falls high school and president of the Southern Oregon conference. Representatives will be present from Grants Pass, Medford, Ashland and Klamath Falls.

The meeting for the purpose of arranging the football schedule is considerably earlier than usual because of a rule adopted last fall to the effect that no school which is a member of the conference may schedule games with schools outside the district until the schedule of games with district schools has been completed. This rule was passed to prevent schools in the district filling the more desirable dates with games with outside schools and leaving only a few undesirable dates for conference games. The rule was aimed particularly at Medford which is the only school in the district that follows the consistent policy of scheduling games with schools in other parts of the state. Coach Hagan and Principal Conkle will represent Medford high at the meeting.
