WASHINGTON, Dec. 14.—(AP)—A group of approximately half a hundred persons who claimed allegiance to the Communist Party of America were arrested in front of the White House today for making a demonstration against the Hoover policy in Haiti and the administration's business conferences.

The technical charge lodged against the group at police precinct No. 1 was parading without a permit.

Hooves, hisses and catcalls directed at the White House and the Washington police resounded among the crowd as the police halted the parade. The persons submitted peacefully to arrest.

Just as the arrest was made, a White House limousine rolled into the north gate of the grounds and the crowd hurled jeers at the empty car.

NEW YORK, Dec. 14.—(AP)—A band of 500 alleged communists, singing the international, attempted to storm the city hall today. Mounted police charged into the crowd to disperse them and ten arrests were made.

ORDER BIDS ON IMPROVEMENTS FOR HIGHWAYS

PORTLAND, Ore., Dec. 14.—(AP)—A million dollars worth of road improvements, nearly all of it to be done on the Oregon coast highway, was ordered advertised for the January meeting of the state highway commission yesterday by commissioners during a conference with federal and forest road officials.

Estimates of revenues showed that there will be available \$18,000,000 beyond the bond and interest requirements. Of this amount \$2,000,000 will be required for maintenance and \$7,000,000 for new construction and improvements.

In addition to its own road schedule, the highway commission allocated \$619,900 of federal funds available the coming year. Nearly all of the \$7,000,000 already has been allocated.

Projects ordered advertised for the January meeting on the Oregon coast highway will leave but 22 miles of the road which has not been improved to a certain extent. This gap will consist of two pieces of which Douglas county will have 7.4 miles and 15.2 miles in Lane county.

Ciphers Added to Check Made Meal Cost Three Grand

CHICAGO, Dec. 14.—(AP)—The little lunch Edward Sternberg ate at a certain Stony Island avenue cafe last May cost him \$3,000, which he contends was \$2,997 too much. Sternberg said he paid for the lunch by check, making it out for \$3. When it came back from the bank, he found a comma and three ciphers had been added.

He had the cafe owners, Mr. and Mrs. William Gibbons, arrested. The case, called yesterday, has been continued.

RAIDS FOR EVIDENCE UNLAWFUL

Federal Judge Holds Search and Seizure in Prohibition Enforcement Must Not Be On Exploratory Basis for Possible Arrest—Contravenes Anglo-American Justice.

NEW HAVEN, Conn., Dec. 14.—(AP)—Federal Judge Edwin S. Thomas today filed an opinion with the United States district court holding that search and seizure in prohibition enforcement cases must not be incidental to an arrest and must not be the exploratory basis upon which to base a possible arrest.

The ruling was made in the case of Anthony J. Setaro of Danbury, who claimed illegal acts on the part of two prohibition officers.

Judge Thomas ruled in effect that the Jones law does not automatically make transportation of liquor or maintenance of a nuisance felonies; that exploratory searches by prohibition agents with or without a warrant in search of evidence are "in contravention of Anglo-American justice and that a confession obtained after an illegal search and seizure cannot be used against the confessor."

The ruling embodied in his decision to suppress evidence and to return a seized automobile of Setaro, declares that under the present federal rule if the search and seizure is unlawful, the evidence obtained thereunder must be suppressed and seized property returned.

Over \$75,000 was paid to farmers and orchardists for vegetables and fruits, by the company, at exceptionally high prices.

Twenty-eight carloads of canned goods were shipped, as follows: Thirteen cars pears to Chicago, for distribution throughout that city and the middle west.

Five cars of salad pears to California, to be shipped later to European markets.

Four cars of pears to England, with shipment to be made in January.

JACK FLOREY IN COMA SINCE CAR CRASH AT TRAIL

Recovery of Eagle Point Man Held Doubtful—John Wahlin and Miss Oliver Also in Local Hospital Cut and Bruised.

Jack Florey of Eagle Point was in a serious condition this afternoon at the Community hospital, where his chances for recovery were said to be poor, following a car crash on the Crater Lake highway last night near Trail.

The crash resulted in injuries to eight persons, three of whom were removed to the hospital.

Florey is suffering from head injuries and has been unconscious since 9:30 last night. John Wahlin, occupant of a machine driven by W. D. Oliver, and Miss Josephine Oliver of Trail, an occupant of the same machine are also in the hospital, suffering from cuts and bruises. George Holmes, who was riding in the Florey machine, sustained cuts and bruises which he is treating at his home in Eagle Point.

Both cars were traveling near the center of the highway when the crash took place, according to State Traffic Lieutenant O. O. Nichols, who made an investigation this forenoon of the mishap.

The machines collided head-on and both are so seriously damaged that they are declared hardly worth repairing.

Mr. and Mrs. W. D. Oliver and children Robert and Toddy, sustained injuries which were given first aid treatment before they went to their home in the Trail section.

REAMES IN LONG GRILL OF WITNESS

Actions in Wemme Litigation Carefully Gone Over By Prosecuting Attorney in Disbarment Hearing—Joseph As Dictator to Trustees, Sold Property, Is Claim.

SALEM, Ore., Dec. 14.—(AP)—Direct examination of Thomas Mannix, defendant in disbarment proceedings here, was completed by Attorney Evan Reames of the prosecution at 10:30 today. Cross-examination by Mannix's attorney, Frank J. Lomenan, was brief. Mannix was excused, subject to recall.

In testimony yesterday Mannix gave as his reason for beginning the second Wemme suit, which was in the federal court, was to get the Wemme endowment fund out of the control of George Joseph. He declared that, notwithstanding the state supreme court opinion in the first case, declaring the trust fund were under the dictation of Joseph and were selling off the property of the estate at less than value at secret sales and without competitive bids. Attorney Reames said in the course of his examination of Mannix on this point today that he would produce circuit court orders authorizing the trustees to make the sales. The property in question was real and personal property and included a building at the west approach of the Burnside bridge.

Point Stressed. One important law point stressed by Reames related to the relation of the E. Henry Wemme company to the original litigation and Mannix's visit to the alien property custodian at Washington. In an equity case, it was pointed out, all parties are supposed to be represented. By his trip to Washington, said the prosecution, Mannix recognized the importance of bringing in the company as a party. However, he could not get the authority of the alien property custodian to bring the company in as a plaintiff. It was pointed out by the prosecution that he should then have named the company as a defendant and forced it to come in. This situation is apparently to be the basis of further developments in the trial.

Mannix objected to Attorney Reames' tactics. "Why do you persist in picking out one point in the records?" Mannix asked. "Would it not be better to use the whole record?" Reames replied that the trustees in considering the case would take judicial notice of everything, and presiding Referee Siskworth made a remark to the same effect.

Christmas Buying Brisk This Season Government Told

WASHINGTON, Dec. 14.—(AP)—Reports received by President Hoover from the department of commerce and other agencies were said at the White House today to indicate that Christmas buying is fully as good this year as it was in 1928.

The reports were said to show that in some sections the volume of buying was much better than last year. The comparison for various sections of the country is uneven, it was said, with some localities showing up better than others.

President Hoover considers these reports as a fair index of the general situation in the United States.
