

# MOTHER THREW BABY INTO OLD IRON FURNACE

Poverty and Ill Health Believed to Have Deranged Woman—Cries of Injured Infant Heard at Bottom of Shaft.

LANOCONING, Md., Dec. 20.—(AP)—Mrs. Marian Izatt, 34, was charged today with causing the

death of her five weeks old daughter by throwing the child into an abandoned iron ore furnace near here yesterday. Police who found the baby on a pile of junk at the bottom of a 40 foot drop, believed poverty and ill health had deranged the mother's mind.

Mrs. Izatt's sister became suspicious of the mother's repulse when she asked why the baby was not in the house late yesterday, and reported to police. After telling several stories Mrs. Izatt led the officers near the old furnace and one of them heard the baby's cries. The child was found on a pile of discarded automobile parts and died a few hours later from a fractured skull.

The woman's husband, Robert Izatt, a miner who had been in poor health for some time, recently was taken to a sanitarium, and this together with the poverty the family had experienced, was thought to have disturbed the mother's mental condition. Mrs. Izatt was held at the jail here while Coroner Joseph B. Bannan made an investigation.

# WEST SIDERS IN LEAD FOR LIGHT CONTEST PRIZES

Much interest is being shown by local residents in the display of attractive prizes to be awarded in Medford's second annual Christmas lighting contest.

Prizes which have been donated by some of Medford's progressive business firms are now on display in the west window of the Medford chamber of commerce where they are attracting no little attention. The prize list and contest divisions have been greatly enlarged this year over the previous contest, and offer a fine opportunity for

local people to win handsome prizes for their efforts. New displays of Christmas lighting are being installed by Medford residents each day in various parts of the city. The west side residence section seems to be taking the lead over the east side to date, but it is expected that both sections will be well decorated before Christmas Eve, which is the official opening of the contest.

Local citizens who plan to enter this year's contest should decide which of the following divisions to compete in, check their proper classification and mail entry to the advertising committee of the chamber of commerce at once.

- 1929 Outdoor Lighting Contest:
- Entry Blank.
  - Divisions:
    - Residence Display
    - Entrance

## YOU SAVE

One big item you save is credit loss. We positively do not credit any one — while many of the so-called cash stores, eager for business, extend credit for a few days, a week, etc. to this individual or that restaurant who they think to be "good." If you are buying from a store that credits there will be some loss; certainly you will help pay it. Compare our prices on the same merchandise with the average chain store. Don't take our word for it, but see for yourself how much we can save you.

NOTE: We guarantee all advertised prices good for one week following ad. Unless you need the merchandise Saturday we can give you much better service any day next week.
