PUBLIC HEARING ON 1930 BUDGET **HELD TOMORROW**

The public hearing on the 1930 budget, as compiled by the budget committee and the county court, will be held tomorrow at the conrthouse. No notice has been given of any protests, and, it is highly probable that the budget will be formally passed and approved.

Upon final approval and signing the budget will be turned to the county assessor for extension on the tax rolls, and the fixing levies for the year.

The budget, as it now stands, is regarded as legal, and within the limitations of the law: Both the budget committee and the county court exercised extreme caution in

its preparations. They wanted a budget without the customary storm and questioning.

Among the items in the budget of interest is the appropriation of \$24,000 for the purchase of a road offer, and other machiners were #24,000 for the purchase of a road other, and other machinery were the carrying on a road-oiling program in Jackson county. By oiling the roads, the cost of maintenance, the experience of Oregon and California counties shows, has been reduced, and a better and more durable road obtained.
