THE HOME OF BREAD LIKE MOTHER MADE

A Prosperous New Year

We wish you that and more—for with prosperity comes increased happiness, comfort, contentment, and nearly everything that makes life worth while.

And while we extend that wish, we cannot help but remind you that prosperity consists of spending less than you earn—and with this reminder comes a hint:

Why not save without self-denial, without changing your mode of living—just buy for less and bank the difference.

Worth investigating, isn't it? Well, come in and check us up on prices. You don't have to ask—just look around. Everything is plainly marked. Take all the time you want. You won't be asked to buy, and when you have satisfied yourself that "Saving is not depriving"—wish yourself a prosperous New Year, and make sure of it, by saving the Groceteria way—"Without self-denial."
