FEAR ST. HELENS MEN MURDERED

VANCOUVER, Wash., Dec. 27.—(AP)—Fear that E. H. Scarberg and R. H. Dehn, two St. Helens, Ore., men who disappeared in the Stousson district several weeks ago may have been murdered, was expressed today by R. H. Cramer, brother-in-law of Scarberg. He reported his fears to Sheriff R. E. McCrie.
No information in the hands of officials bears out the murder theory. The men had but a few dollars in their pockets when they left together to inspect a mining claim.
John Hanley, who lives near the place where the deserted automobile of the men was found, said he heard another automobile leave late at night on the Sunday that the prospectors disappeared.

WASHINGTON, Dec. 27.—(AP)—The action of a coast guard crew in opening fire on a boat on Lake Erie on which Eugene F. Downey, Jr., of Buffalo, N. Y., was killed, was defended today in a statement by Seymour Lowman, assistant secretary of the treasury.

SPECIALLY MADE RAYON TAKES DIFFERENT DYES

WILMINGTON, Del.—(AP) Rayon making has advanced to where it is possible to put a piece successively into two dyes and have some threads take one color while the remaining fibers take only the other.
This cannot be done with any piece of rayon, but only with that specially woven.
The color selectivity is due, says a report of the research department of the DuPont company, to development of varied methods of making rayon, particularly one which employs acetic acid, the substance which causes color to turn to vinegar.
The acetate variety takes certain dyes which other threads resist, so that by weaving two kinds of rayon threads unusual dye tricks can be performed.

His answer: The fifth man's name was Julius Six, recently put in jail on a charge of intoxication.
