

# DISCUSS PLANS CIVIC INDUSTRY DINNER JAN. 8TH

Deuel Announces Progress in Plans for Banquet to Boost Purchase of Local Products—Museum Need Told By White.

The Civic Central committee met this noon at the Hotel Medford. H. S. Deuel announced that progress was being made in the plans for the Civic Industry Dinner to be held January 8. A high official of the United States chamber of commerce will be the main speaker. Local orators will deliver orations of five minutes duration.

The purpose of the dinner is to arouse interest in the purchase of Medford-produced articles, and a civic survey will be taken showing the pay roll industries of the city. Industrial facts will be embodied in a pamphlet which will also include the dinner program and menu.

E. R. White of Jacksonville, president of the Jacksonville chamber of commerce, addressed the meeting, asking the support of the organization in placing the Jacksonville Pioneer Museum on a sound and lasting basis. He said that under the present system the relics did not receive proper care, and was operated in low gear. Mr. White said that last summer between 2500 and 3000 tourists visited the museum, and the most of these had to look up a Jacksonville storekeeper to unlock the door before they could get in.

Mr. White suggested that a caretaker be secured, who could be present at all times and open the museum on regular hours.

He also suggested that monuments be erected in Jacksonville showing historic spots, like the place where gold was first discovered, and felt sure they would be lures for tourists.

The meeting voted to take Mr. White's message back to their respective clubs for action.

Reports of committees were the principal business before the meeting, and these were short and few.
