

NATIVE SOUGHT AS MURDERER OF MISSIONARY

African Police Pressing Probe in Death of American Woman—Finger Print Practice By Government May Aid Search.

NAIROBI, Kenya Colony, Jan. 5.—(P)—Kenya Colony police today pressed investigation of the death of Miss Hulda Stumpf, American missionary whose body was found in a house of the Africa Inland mission station at Kijabe, 59 miles away. She is believed to have been murdered.

There was evidence the woman had been assaulted. Authorities said she apparently had been suffocated after the attack. They believe her assailant to have been a native. Search for him in nearby villages has been instituted. Her age was given here as 42.

Frederick Lanning, business manager of the Africa Inland Mission in New York, said Miss Stumpf had done secretarial work for the director of the Kijabe mission. He said he had known her personally and that she was a valuable and efficient worker.

FRENCH FLIER HAS GREATEST AERIAL RECORD

By Ralph Heinzen
United Press Staff Correspondent.
PARIS.—(U.P.) Jacques Corsin, 22, who was an "ace" in the French air service during the final years of the war at the age of 20, has been recognized by the Paris club as the pilot with the greatest flying record—4532 hours, or 272 consecutive days and nights in the air.

In 12 years since he obtained his pilot's license, the French youth has flown 1,000,000 kilometers, has carried 10,000 passengers and never had an accident. He is now pilot of one of the commercial planes of the French Air Union.

Born in 1887, Corsin engaged in the French army at the outbreak of war in 1914 as a boy of 17. He went through the fighting at Verdun, Ypres and elsewhere and won his stripes as a sergeant and the Croix de Guerre.

RACING FOUR YEARS, CAR WINS \$150,000

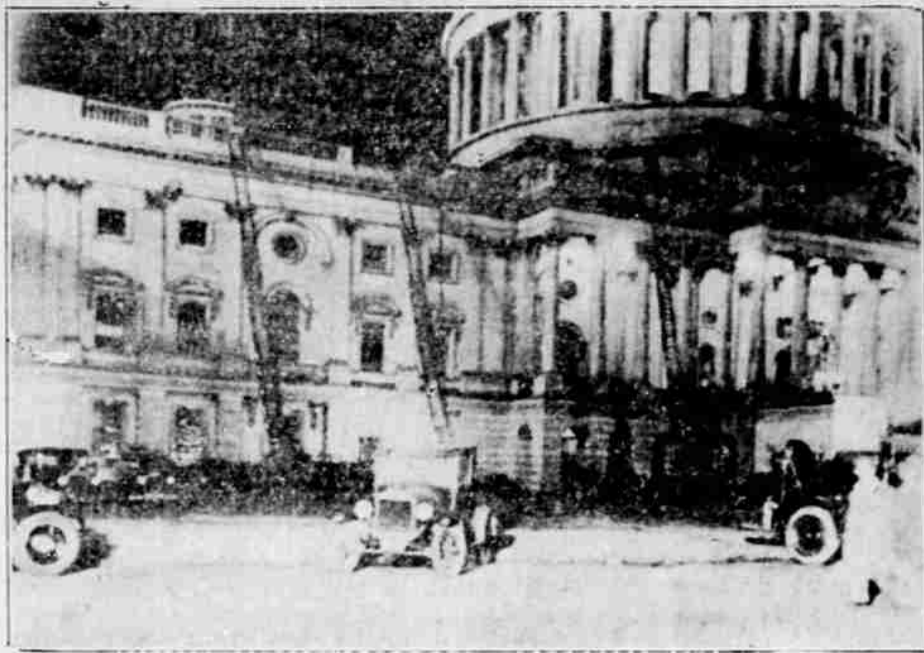

WASHINGTON.—(P)—Louis Meyer's little Miller Special has set up a record unequalled by any other racing car.

In the four years of its life, says the American Automobile association, the car has won \$150,000 in prizes for Meyer and Frank Lockhart, its previous owner, and established three world's speed records for cars of its class. Only once has it been forced to retire from a race.

AMATEUR GOLF CHAMP BOXES TO KEEP FIT

ST. PAUL, Minn.—(P)—When the winter's blasts keep Harrison R. Johnston of St. Paul away from the golf links, on which he is national amateur champion, he takes to boxing and handball to keep in trim.

SKY TO SHOW PICTURES ON ARTIFICIAL CLOUDS

CHICAGO (P)—Picture screens half a mile above the earth, made of artificial clouds, are planned for display lighting at the Chicago world's fair.

Walter D'Arcy Ryan, director of the illuminating laboratory of the General Electric company, says that the colored pictures 200 feet square will be projected upon these clouds.

The clouds will be made by use of smoke projectors.

Unusual New Ship For Lindbergh: What Is Colonel Planning To Do?

Colonel Lindbergh's new "mystery ship" which has a speed of 200 miles an hour and cruising radius of 2,300 miles. Where is the Lone Eagle going next?

BURBANK, Calif.—A new plane for Lindbergh, fast and powerful, has just received its first test flight here and set the aviation world agog as to what the Lone Eagle is planning. A lucky photographer managed to get an excellent picture of it during the test flight.

Experts here say the new plane is capable of making 250 miles an hour under favorable conditions and that its average speed will be at least 175 to 180 miles per hour. The cruising radius is 2,300 miles minimum, the forward part of the fuselage being completely filled with fuel tanks.

HUSBAND HELD IN CONNECTION BOMB 'PRESENT'

SEAT PLEASANT, Md., Jan. 5.—(P)—Herman Brady, whose wife, Naomi Hall Brady, was killed by a bomb sent to her in the wrappings of a Christmas present, was held today with her brother, Leroy Brady, by police investigating the tragedy.

The authorities declined to divulge the purpose of their detention, but it was learned that they had been confined to the jail at Upper Marlboro after several hours of rigorous cross-examination. Meanwhile, the police made known that an uncle of the two men, Clarence W. Brady, who was arrested on Friday, had convinced them that he was not implicated in the bombing outrage. The latter was closely questioned as to his relations with the dead woman, particularly with respect to assertions that he had sought to marry her before she became the wife of his nephew.

It was understood he had intimated that Herman and Leroy Brady might have had a part in the sending of the bomb, and that the two were questioned and held as a result.

German Radio Fan Pays Tax to Hear Postal Broadcast

BERLIN.—(P)—Broadcasting is one of the most lucrative undertakings in which the German postal ministry engages.

The broadcasting service is a government monopoly, with a tax of 50 cents per month on each receiver. There are about 3,000,000 radio subscribers, providing a revenue of \$18,000,000 per annum.

MORE SNOW IN VALLEY

three feet on the Greenspring mountain with more still falling. The road was being kept open with little difficulty.

While no serious accidents were reported, numerous cars slid into ditches both in the Siskiyou and Greensprings mountains, especially those machines which attempted to make the crossing without tire chains.

The county had a snow plow in use yesterday on the Crater Lake highway between Prospect and Union Creek and kept the road open for travel. Snow last night was eight inches deep at Prospect and over a foot at Union Creek, attracting many winter recreationists who brought skis and toboggans. The Siskiyou mountains also attracted many.

Because of deep snow on the Redwood highway, a rotary plow was taken from the Siskiyou patrol station this forenoon and was in use today attempting to open the road there. Auto travel was held up at the summit of the mountains between Grants Pass and Crescent City, Calif.

Snowfall was lighter in Ashland than in Medford, with approximately two inches reported this forenoon, and was also lighter at Talent. As a rule, the depth is greater at these two points. However, Table Rock reported a six inch fall and Sams Valley approximately seven inches. A party of local boys went to Diamond Lake several days ago and came out yesterday. They reported that the storm increased the depth there to two feet or so.

Lifeboat for Planes. HAMPTON-ON-THAMES, Eng.—(U.P.)—England's new lifeboat, considered the largest in the world, which was recently launched here,

is now stationed at Dover, to be new construction on old William six Channel planes. The lifeboat Brock site on southwest shore of is the first specially adapted to Odell lake.

Writers Organize. REIKYAVIK, Iceland.—(U.P.)—Icelandic writers and artists have formed an organization to unite

Icelandic literary endeavors, and elected the famed writer, Gunnar Gunnarsson as president of their union which is called "Bandag Islenskra Listamanna."

NEW LEXINGTON, O.—(U.P.)—Perry county's 45-year-old mine

fire has broken out anew in many places on the hills adjoining New Straitsville, O. The latest damage caused by the fire came as the result of burning coal under the New Lexington-Logan road, causing the highway to drop four feet into an old mine entry.
