6 MEMBERS OF CABINET FOR CHANGE

Head of Wet Group Testifies Prohibition Law Seen As Failure By Group of Hoover Aides—Secy. Adams Refutes Claim.

WASHINGTON, May 1.—(AP)—William H. Stayton, chairman of the board of the Association Against the Prohibition Amendment, told the house lobby committee today he thought six members of President Hoover's cabinet believed the prohibition law a failure.

He named them as Secretaries [illegible], Davis, [illegible], Mellon, Brown and Adams.

Secretary Adams said there was [illegible] justification whatever for Stayton's assertion that he had opposed the prohibition amendment. The secretary declined to elaborate on other phases of Mr. Stayton's remarks.

Commenting upon Mr. Stayton's statements, Secretary Lamont said he had not discussed the question of prohibition since entering the cabinet.

[illegible]

"There is no foundation for the statement," Mr. Lamont said. "Years ago, perhaps, when [illegible] I was a member of the Association Against the Prohibition Amendment. I resigned [illegible] joining the cabinet and have not discussed the subject since."

Chairman Caraway read a letter written by [illegible] March [illegible], to Dr. John [illegible], of Philadelphia. The letter said in part:

"As a matter of fact, six out of the ten men in Mr. Hoover's cabinet believe, personally, that prohibition is a failure.

"Of course, they are not going [illegible] to feel that all of the [illegible] of our country, [illegible] by a dry, [illegible] that the dry law is a failure."

Stayton said he still "stood by" the letter.

He also said he had talked with Senators Tydings of Maryland and [illegible] of Missouri, both wet Democrats, and a number of representatives.

HEALTHY YOUNG ON HONOR ROLL PARADE FRIDAY

Medford School Children Rate High in Physical Perfection — May Fete Changes Program.

Many more children will file down the streets of Medford tomorrow in the annual health honor roll parade than were seen in the [illegible] last year and the year before, according to figures given out this morning by Mrs. Josephine Jones, school nurse. The 1929-30 figures show 60.[illegible] per cent of the pupils of Jackson, Lincoln, Roosevelt, Washington and Junior high schools on the health honor roll. Last year there were but 57.8 per cent of the pupils listed, and the year before a slightly greater number, with a total of [illegible] per cent.

The parade will start at [illegible] o'clock Friday afternoon from the Junior high school building and proceed to Main street and through the business section to the city park to pass in front of the reviewing stand. It will be led by the high school band and children of the first and second grades will ride in [illegible].

Representatives of the various health organizations and departments, who have made this program possible for Medford school children, will be seated on the reviewing stand. Among them will be Mayor [illegible] W. Pipes, Dr. and Mrs. [illegible] C. Green, Miss Mildred Carlton, president of the Jackson County Public Health association; Dr. L. D. Inskeep, health officer; Dr. [illegible] C. Wilson, county health officer; Dr. [illegible] W. [illegible], Howard [illegible], chairman of the school board; Mrs. Maude Jones, supervisor of physical education, and Mrs. Jones, supervisor of public health.

An address will be given by Mayor Pipes following selections by the high school band, directed by Wilson Waite.

Dr. [illegible] will present the following prizes: [illegible] to the school having the highest percentage of [illegible] and [illegible] to the school having the second highest percentage.

The health inspection cup, which goes each year to the school having the highest percentage of health rules kept throughout the school year, will be awarded by Mrs. Jones.

[illegible]

Following the health program, Mrs. Jones of the physical education department will present the May Festival, in which a prize will be given the school which produces the greatest Maypole event. The program will open with a pantomime of the pear industry of the Rogue River valley, put on by second grade pupils. A group dance will be given by the Junior high school girls and a [illegible] dance by Junior and Senior high school girls. The fourth grade will present a Maypole dance.

PHONOGRAPH HAS TRADE-IN VALUE

Everyone in southern Oregon who owns an out-of-date phonograph will be given an opportunity for a generous trade-in on one of the new Victor combination radio and phonographs, purchased from the Palmer Music house. This offer will be good for a limited time only, Clayton [illegible], manager, stated today.

L. F. Templeton, representing the sales promotion of the Victor record division, Camden, New Jersey, is in Medford conferring with Palmer's sales force in connection with the trade-in event.

"There are already more than 150 Medford owners of Victor radios with electrola combination, and their popularity is rapidly increasing, Mr. Isaacs said.

The Victor company has manufactured records for the past 30 years, having furnished more than five million homes with the old-style Victrolas during that time. This well-established company now offers its customers a special opportunity to replace the old phonographs with new high grade models.

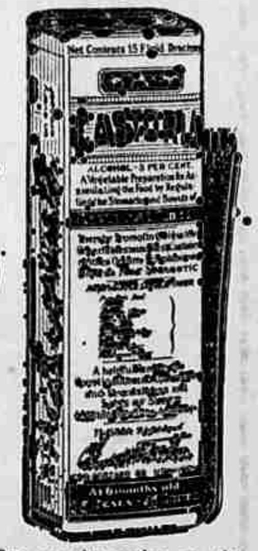
An Ailing CHILD



Are you prepared to quickly [illegible] and quick comfort the [illegible] your youngster has at [illegible] of any sort? Could you do the right thing—immediately—though the emergency came without warning—perhaps tonight? Castoria is a mother's standby at such times. There is nothing like it in emergencies, and nothing better for everyday use. For a sudden attack of colic, or the gentle relief of constipation; to allay a feverish condition, or to soothe a fretful baby that can't sleep. This pure vegetable preparation is always ready to ease an ailing youngster. It is just as [illegible] on the [illegible] on the wrapper [illegible]. If you see Chas. H. Fletcher's signature, it is genuine Castoria. It is harmless to the smallest infant; [illegible] with you so.

You can tell from the [illegible] on the wrapper how mild it is, and how good for little systems. Do continue with Castoria until a child is grown.
