Junior High

Health Day Postponed

The pupils of the Junior high were disappointed when the weather man ruled against them Friday afternoon, but are looking forward to the new date. In addition to the 71.8 per cent of the pupils on the honor roll who take part in the march, there is a group of girls who have been working diligently to perfect their part in the May festival. Kathryn Robinson, Helen Patton and Helen McAlister will take part in a scarf dance directed by Mrs. Maude Jones. Pauline Champlin, Dorothy Cox, Louise Elrod, Dorothy Culy, Edna Takahira, Jeanne Quisenberry, Doris Millard, Maxine Robinson, Ethel Slagle, Bethel Slagle and Dorothy Wilson will do an Irish folk dance directed by Miss Carver.

Spelling

The average for the building was 93.3 per cent. The 1-1 class averaged 99.6 per cent; 1-3, 99 per cent; 1-11, 99.6 per cent; 1-11-1, 99.3 per cent, and the 1-12, 99.5 per cent.

Picnic at Jackson Hot Springs

The cost that participated in the opera, "Windmills of Holland," is to enjoy a picnic and swimming party at Jackson Hot Springs Saturday afternoon.

Banking

Again the 7A's lead in banking. Mr. Cornwell's class banked 100 per cent; Miss Carver's and Mrs. Medaris, 100 per cent. The only other 100 per cent room was Miss Henge's 7B's.

Extend Vote of Thanks

At a special teachers' meeting held Tuesday afternoon a vote of thanks was extended to Miss McCutcheon and Miss Carver who so successfully directed the opera, "Windmills of Holland." They, in turn, expressed their appreciation for the splendid spirit of co-operation shown by parents, pupils and teachers.

Library Work

All the literature classes had special library training last week. Some became acquainted with the new books in the library; others studied the arrangement of books on the shelves. This was followed with practical problems in locating material from books.

Mrs. Brown Away

Mrs. Edith Brown spent three days last week in Seattle. Mrs. Nelson substituted for her.

New Pupils

We were very glad to have Calvin Sargent enter our school. We hope he will like it as well as the school he came from.

Clean-up Report

The Roosevelt school rooms were not quite so clean as usual this week. The clean-up report committee gives the following record: Miss Watling's 1B, 100 per cent; Mrs. Maxwell's 1A, 88 per cent; Mrs. Carter's 2A-3B, 100 per cent; Miss Webb's 3A, 97 per cent; Miss Schneider's 4A, 100 per cent; Mrs. Carlson's 5B, 100 per cent; Miss Curry's 4B-6B, 100 per cent; Mrs. Willis's 5A, 99 per cent; Miss Van Meter's history room 100 per cent; Miss Aspinwall's, 100 per cent.

Track Meet

The track meet will be held on May 10. We hope we have the best team this year. We have begun to pick the best runners and jumpers already.

Eclipse of the Sun

The Roosevelt school pupils were surprised Sunday by a natural phenomenon—a partial eclipse of the sun. Mr. Harwood of Harwood Studio sent us some films, free, to look at the wonder. The sun looked like a thin wafer cut to look like a crescent.

Health Honor Roll

All the children at Roosevelt school were very disappointed when they heard they couldn't march on Friday. They will have to wait till next week to enjoy the Health Honor Roll celebration.

6A Library

The 6A's went to the library March 2nd. They were not sure they were going but the health parade was called off so they went. They were surely glad to go as they hadn't been for a long time.

Flower Shows

The teachers at Roosevelt were certainly showered this week. Snowballs, pansies, poppies, flags and roses were among the flowers. There were also nuts, apples and bananas all over. "May Day Wishes" covered the boards.

Spelling

The 5B's were the best spellers last week. Their average was nearly perfect, 99.9 per cent. The building record was 99.9 per cent.

Cameras

The boys and girls who are 12 this year are lucky. Mr. Eastman has been giving them kodaks free. The 12 year olds are having great fun taking all their friends' pictures.

Glee Club

The Roosevelt glee club is looking forward to going to the high school next Wednesday to sing.

Troop 3 Holds Meeting

A meeting of troop three sponsored by the Roosevelt school P. T. A., was held at the Roosevelt school Wednesday night. Albert Gaddis had charge of the meeting as L. C. Pittwood, the regular scoutmaster, was out of town and unable to return in time for the meeting. Instruction in knot tying was given the older scouts while some of the more advanced scouts instructed the younger boys in various subjects for tests to be taken soon. Lloyd Showers, deputy commissioner, visited the troop during the evening and was very well pleased to see the boys doing such splendid work.

The weekly meeting of troop seven sponsored by the American Legion, was held at the armory on Wednesday night with Lee Brickner in charge. Committeemen G. C. Owens and J. C. Collins were present and Mr. Collins helped some of the boys with sign instruction. Signal instruction was given and plans for a hike in the near future were discussed. Lloyd Showers was present and spent the last part of the evening with the boys in rehearsing the new play. This was the first rehearsal for the boys and they did splendid work.

The Eclipse

Last Monday, at recess, the eclipse occurred. Everybody was looking with a smoked glass or film. The sun was four-fifths covered but looked much more. We noticed little crescent shaped shadows on the floor. Walter Holmes put the thermometer out of doors and it went down to 58 degrees. —Robert Wilson, 6B.

Washington School

The pupils and teachers of Washington school were all ready to take part in the Health Honor parade and May festival, so were very much disappointed when the rain caused a postponement. Every one has worked hard and felt well repaid for his or her efforts when Mrs. Jones told us we had the highest per cent of all the schools. Each day found us so busy with the coming Health Day that many forgot to bring their weekly savings, so our savings record is not so good this week—only 99.1 per cent. The 6A's as usual were the most consistent bankers and won the banner.

Boys and girls are busy getting ready for the track meet which is the event of May 10. The boys are very proud of their new vaulting poles and are doing good work with them. Mr. Buchanan has made them a pair of fine new standards, adding much to the enthusiasm of the practice periods.

Health inspection for last week showed an average of 99.3 for all classes. The average for all classes, beginning with the first report of September and including that of last week is 99.2 per cent.

Paul Mattison is a new pupil in the 1A class this week. Four pupils asked for transfers to other schools. Thelma Martin, 2A, goes back to San Francisco, Clara Gill, 3B, goes to Seattle; Joan Redmond, 3A, to Klamath Falls, and Peggy Ann Kerr to Roosevelt school in our own town.

The 7th and 8th grades held a lunch for the school Tuesday noon. The dining room was darkened and artistically decorated with Chinese lanterns, and a Chinese orchestra playing their tunes by the entrance. We dropped in our banking this week, our percentage being only 93.6. However, four rooms received 100 percent or over. They are Mrs. Russell's, Mrs. Childers', Miss Webber's and Mrs. Harrison's.

New Pupils and Pupils Who Have Moved

Mrs. Russell has two new pupils. They are Chester Laymon from Klamath Falls and Earl Miller from Sacramento. Harvey Laymon has entered the 5A from Klamath Falls. Mildred Laymon and Frances Brown are new 6A girls. Mildred is from Klamath Falls and Frances is from near Independence. Helen Brown also from near Independence entered the 4A. We are sorry to lose Norma Alborn and Donald Tucker from Miss Tucker's room. Norma went to Marshfield and Donald went to Los Angeles.

Aretha Roberts, 1A, Zetta Roberts, 4A, and Aletha Robert, 5A did not know their destination. Maxine White, 5A, went to Portland.

Baseball

Thursday our fifth and sixth grade boys played Jackson on our diamond. We won, 15 to 11. Joe Gillinsky and Robert Mack each made a home run. We have another game coming with them. We hope we win the championship.

A Picnic

Mrs. Russell and her pupils went for a hike and a picnic Saturday.

Health Day Postponed

It was a good thing that it was decided to have our Health parade and May fete some sunny day this week. Had we been out Friday afternoon as was at first planned, we would all have been pretty thoroughly chilled and drenched. This spring weather is not to be depended upon.

Health Inspection

Seven of the ten rooms received 99 percent or more. Miss Tucker's room stands the highest at 99.9 percent. The average for the building was 98.7.

Pioneers

In the country of the West. The meadowlark builds its nest; Pioneers came from the East. To the land of which they knew the least.

Hardships and burdens they would bear. That they might settle the West so fair; When in California they discovered gold. Miners ventured forth so bold.

Near Jacksonville is Jackson creek

Not far from the spot of McLaughlin's peak; Pioneers came with hearts very bold. To settle and get beautiful nuggets of gold.

In the far off West so sunny. Settlers used precious gold for money; Even their bodies were laid low.

We've not forgotten those brave people of long ago. Leah Rita Evans, 6A.

Ye Poet's Corner

THE SIMPLE LIFE

We are rich to the extent indeed by letting alone things we do not need. Fortunate is man whose wants are few. Some chosen friends who are loyal, true.

Happily we enjoy good health. That is worth more than any wealth. Some gather things they do not need. Each item added increases greed.

Many lives are cluttered with useless things. That only care and worry brings. Simple pleasures that always please. And contentment with a mind at ease.

Let's be independent and wear a smile. And not copy some insane style. Remember your life is your throne. Individually your very own. —D. T. Gerdes.
