

SOUTHWEST VISITED BY TORNADOES

Second Onslaught in Four Days Takes Toll of Two Lives and Damages Much Property—Thirty Persons Reported Injured.

KANSAS CITY, May 6.—(AP)—Invasion by tornado winds for the second time in four days, this southwest today counted a further toll of two lives and thousands of dollars damage, exacted in Oklahoma, Kansas and Nebraska.

Lossing their fury in western Oklahoma, a series of small twisters last night swept over farm lands into central Kansas and north into south central Nebraska.

Mrs. C. T. Bush, 62, and a 16-year-old negro boy named Edwards were killed in Illinois county, Oklahoma, near Greenfield.

Approximately 30 persons were known to have been injured, few dangerously.

Damage was believed to total thousands of dollars, although complete reports were not available because of crippled transportation and communication.

At Walters, Okla., where three cotton gins and a dozen homes were razed, loss was estimated at \$150,000. Central Kansas losses, near Langdon, Chaffee, Billwood and Lorraine, were estimated unofficially at approximately \$200,000.

Four Farms Swept.

At least four farm homes were swept away between Grand Island and Hastings, Neb. No one was reported hurt, families taking refuge in storm cellars.

Northeast Kansas, northwest Missouri and parts of Nebraska were visited by another series of storm winds last Thursday night. Work of rehabilitation there is still in progress. Two deaths were attributed to the Thursday tornadoes at Kickapoo, Kans. Six persons were killed in and near Norborne, Mo.

An unidentified motorist was reported injured when his automobile was blown from the highway near Lorraine.

Four men were battered by the wind at Walters. Jack Hurley, a laborer, was perhaps critically hurt.

Heavy crop damage occurred, both from tornado winds and from hail and heavy rains which fell in the ravaged districts and other sections.

At Ellinwood, Kans., 40 empty railway freight cars were strewn over the countryside, some of them a quarter of a mile from the right-of-way. Santa Fe trains were halted at Ellinwood as the tracks there also were wrecked.

FAMOUS CIRCUS NEWLY EQUIPPED

Bright and gay posters adorn the walls, sheds and billboards of Medford while colorful lithographs depicting the wonders of the Al. G. Barnes circus hang in store windows. They all tell of the coming of this famous circus for two exhibitions on Monday, May 19, at North Central avenue grounds.

Two scores of advance billing agents have visited this city within the past few days and the heavy work has been well accomplished. In town the choice available locations have been posted or lithographed and in the surrounding countryside advantageous spots mark the visit of these advance representatives.

Great interest attaches to the coming of the Al. G. Barnes circus because it is the world's largest trained wild animal show and has a world wide reputation for excellence. Moreover the circus comes with new equipment, which cost into the thousands of dollars. Some of it was built in foreign workshouses by the best artists, sculptors and spectacle originators of the old world. Every inch of the ten acres of canvas, every costume, every one of the elaborate vehicles—in fact every piece of property is entirely new.

This is the first time in the history of the Al. G. Barnes circus that it has come forth from winter quarters new from start to finish. It has not retained even so much as a quarter pole of the old outfit. The menagerie is stocked with jungle-bred animals, with the aim in view of keeping on exhibition only those rare creatures which in the past have been considered too expensive for circus purposes and which are the common zoological exhibits on display to make the menagerie a complete exposition of natural history.

It will be the first big circus of the year and brings hundreds of costly features.

MOTOR FUEL TAX NETS \$1,426,805

SALEM, Ore., May 6.—(AP)—Motor vehicle fuel tax receipts by the state for the first three months of 1929 totaled \$1,595,992.45, says a statement today by Secretary of State Ross. Refunds from this amount on account of gasoline used for purposes other than transportation on the highways were \$165,603.65 and the administrative expense deducted was \$358,583.65, leaving a net of \$1,426,805.15 transferred to the state highway fund. Net receipts for the 12 months of 1929 were \$4,447,958.25, the indications being that receipts for the whole of this year will exceed those of last year.

No intimate friends —until she ended "B. O."

She thought: "As much as I like you, I wouldn't think of staying overnight with you." Yet, to be polite, She said: "Your room is lovely... I guess I can't stay. I don't mind the trip home."

SHE LONGED for friends—real friends. Girls who would drop in to see her often, go shopping with her or to the movies, stay overnight. But in spite of her cordiality, people didn't respond. They were polite, pleasant—but kept her at arm's length.

At last she found out why. "B.O."—body odor... Now her lonely days are over—she has friends galore. She knows the easy way to avoid offending.

No one is safe!

Body odor is a fault people seldom mention—and never overlook. Yet unless we adopt some simple safeguard, any one of us may be guilty—and not know it!

Our pores constantly give off odor-causing waste—as much as a quart daily, doctors say. We soon become accustomed to this ever-present odor and don't notice it in ourselves. But others do.

That's why millions of particular men and women have adopted Lifebuoy as their toilet soap. For with Lifebuoy you can feel safe. Its bland, creamy, deep-cleansing, antiseptic lather purifies pores—banishes every trace of "B.O."—leaves you gloriously fresh and clean.

A real complexion soap

And what wonders Lifebuoy can do for the complexion! It goes straight to the source of most complexion troubles—clogged pores. Quickly its gentle searching lather frees them of impurities—coaxes back healthy radiant bloom to dull, sallow skins. Its pleasant, extra-clean scent—that vanishes as you rinse—tells you Lifebuoy purifies. Adopt Lifebuoy today.
