## LOCAL RADIO FANS MAY RIDE IN AUTO AND ENJOY MUSIC

It is no longer necessary to stay at home to hear Amos 'n' Andy or any other favorite radio entertainers. The latest development in radio, a Bosch Auto radio, was demonstrated in Medford today by representatives of the Electric Corporation, Portland. By turning the dial as one drives along excellent reception from various stations is enjoyed.

H. W. Brown, manager of the Electric Corporation of Portland, and O. A. Alderman, representative of the Bosch Auto Radio division, arrived in this city Wednesday night in order to demonstrate the portable radio to the Palmer Music House. Members of the sales force and other local persons were taken for drives so that the operation of the radio might be demonstrated.

The car with the Bosch radio attracted considerable attention on the streets of Medford throughout the entire day.

The new Auto radio is battery operated, using four Screen Grid and one power tube. It may be installed and removed without any ill effects to any part of the car.

George Barnum, of Barnum's Garage, is the first person in Medford to order one of the Bosch Auto radios. The installation will be made by the Palmer Music House.

Mr. Brown and Mr. Alderman will be in Medford this afternoon and evening, and they have invited anyone who is interested in seeing and hearing the auto radio to call at the Palmer Music House tonight between 7 and 9 o'clock to enjoy a free ride.

## Quick Pile Relief

No Salves or Cutting  
Pile sufferers can only get quick, safe and lasting relief by removing the cause—bad blood circulation in the lower bowel. Cutting and salves can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonard, succeeds because it removes this blood congestion and strengthens the affected parts.

HEM-ROID tablets are sold by druggists everywhere, have such a wonderful record for quick and lasting relief that Jarmin & Woods always sell them with guarantee of money-back if they do not end all pile suffering.
