

Lincoln School

Reporter, Leonard Hicks, 6A. Banking. Our average for this week was 97.8 per cent. Mrs. Harris, Miss Lindt's, Mrs. Russell's, Mrs. Childers and Mrs. Harrison's rooms banked 100 or more.

Baseball Banners Presented. Just before going downstairs to physical training Monday afternoon, the upper grades had a brief assembly in the hall. Both Mrs. Maude Jones and Mr. Henderson were present. Mrs. Jones had two beautiful new blue and gold banners to present.

Miss Webber, the boys' coach, and Mrs. Childers, the girls' coach, each spoke briefly. Mr. Henderson gave a pep talk relative to the work of the fifth and sixth grade boys in baseball and in track. No victory is theirs as yet, but their enthusiasm is high.

Trip to the Library. The last bus load of pupils for this year went to the library on Tuesday afternoon. There was not an absence among the 6A's that day. The whole forty-three managed to get into the bus by tight squeezing and by sitting on each other's laps. We are not so sure but that the springs groaned and squeaked a little but Miss Hamilton had an interesting lesson prepared for us. She gave out slips of paper on which were written topics or titles of books to be found by means of the card catalogue.

Miss Russell Leaving. We are sorry that Mrs. Margaret Russell, who has been teaching the 3A room since the resignation of Mrs. Shangle, has appended. She left Medford Saturday morning for Portland for an operation. She will not be able to teach the rest of the year. Beginning Monday, Mrs. Ruth Shangle is taking charge of the 3A room for the four remaining weeks of the term.

Wednesday evening a number of Lincoln pupils went to the Senior high school building to participate in the program given by Miss Margaret Arnold. Mrs. Turner went with them. Again Thursday some of our pupils spent the day in Ashland in connection with the music festival sponsored by the Southern Oregon Normal school.

Mrs. Turner Absent. Mrs. Turner left Thursday evening for Eugene where she spent the week-end with her daughter Margaret, who is a senior at the University. Mrs. Fueller substituted for her on Friday.

Spelling. The average for the department was 97.3 per cent. The grades for the six individual groups are as follows: 4B, 97.5; 4A, 98.4; 5B, 99.2; 5A, 93.2; 6B, 95.7, and 6A, 99.7.

Track Meet Postponed. We have been looking forward to the track meet and we are sorry to hear that it is not going to be on the 10th of this month on account of bad weather.

New Pupils. Doris Hewitt of the 5A, Glenn Hewitt of the 2A and Lavada Morris moved away this week. The Hewitt children went to California and Lavada to Klamath Falls. Lorraine Arnold entered the 1B from Yreka. Wanda Arnold entered the 2A from Yreka. Clement Woodson entered the 4A from Talent.

An Aquarium. The 2B-2A room has some tadpoles. They will be western frogs and hylas.

Art. Several of the classes made little booklets and other remembrances suitable to be presented on Mothers' Day.

News From Mrs. West's Room. Some members of the 5A class gave Mrs. West a beautiful bouquet of rhododendrons. These have decorated the room all week. They were gathered near Crescent City. An Irish calendar direct from Ireland has afforded much interest in the geography classes.

The attendance this week has been unusually good. No one wanted to be barred from the track meet for irregular attendance.

grade seven. Jean Miller, Mabel Hardisty, Maxine Cobleigh, Evelyn Carpenter, Mary Rickham represented grade six. Kathleen Carpenter, Irene Stedman, Frances Glover, Dona Montgomery, Georgianna Coats, Opal Unruh, Marie Lyon, Heath Lowery, Loraine Tompkins, Norven Furry, Donald Barton, Dooley Fry, Jack Hill, Vernon Young were chosen from the fifth.

All report that they enjoyed the day and that the music was exceptionally fine.

Program. Mrs. Carless' room entertained their mothers, Friday afternoon, with a program. They served ice cream and cookies.

Examinations. This week the eighth grade took a standard test sent out from Mrs. Carter's office. We did fine.

Manual Training. We are working hard to finish our projects before school closes.

Health. A tuberculin test was made this week in our school and there were some that tested positive.

Howard School. On Tuesday, May 6, the eighth grade took an examination. It was a standard test in all the subjects except civics and agriculture.

Dr. E. C. Wilson and school nurse, Miss Glover visited the school on Wednesday and gave a T. B. test. Those that took the test were examined by Miss Glover last Friday to see if they had T. B. and no sign was seen of any of children having T. B.

Those who were absent in the seventh and eighth grades were Zella Gray of the eighth grade. Mrs. Walker visited our rooms last Wednesday.

Fifth and Sixth. In language the 5th and sixth grades are making letter portfolios for Mother's Day.

Thirty-six pupils went from the Howard school to the Music Festival. We had 16 in the Harmonica band.

Edna Chastain brought a lovely bouquet of iris to school. Mrs. Walker, Mrs. Ray and Mrs. Williams visited our room on Wednesday.

Most of the pupils have completed their work in spelling, reading and geography. In geography class the sixth grade made an attractive South American unit.

The teachers are going to serve the P. T. A. today. Miss Leona Johnson visited our room Monday.

Miss Glover and Dr. Wilson gave our room the T. B. test this week.

St. Mary's Academy. Reporter: Margaret Jensen May Pete. The May fete held Thursday afternoon and evening opened with a ceremonial procession at two-thirty. It was led by the flower maid Bobbett Woodcock.

Monica Wilcox, crown bearer and Lenora Estes, who crowned the queen. Following them came the queen, Mary Louise Sander, with her two attendants, Mary Agnes Louie and Arline Jensen and the two train bearers, John Jensen and James Lewis. After the crowning ceremony, Barbara Ann Brayton gave a dance and the 7th and 8th grade and high school girls sang a May day song.

The queen was crowned by Lenora and May Dore. The queen was crowned in beautiful white satin and tulle, which was kindly loaned by Mann's. The dainty pasted shaded chiffon frocks of the attendants were given by Adrienne's. The train bearers were dressed in red and white suits.

The freshmen girls took charge of the candy booth which was artistically decorated in two shades of lavender. The ice cream stand was attended over by the sophomore girls. The junior girls had the horse races and the boys had the shooting gallery. The evening was spent in dancing.

A nation-wide spring showing of new Graham cars, of the various models and body types which comprise the Graham line, is being staged by Graham distributors and dealers throughout the country.

This spring display features the recently announced low-priced series.

Hyde Park Subdivision. 1 1/2 miles south of Talent on Pacific Highway. Beautiful one to five-acre tracts FOR SALE at \$200 to \$350 per acre \$50 cash; balance small payments.

Enquire at Service Station on the ground, or address C. A., Mail Tribune

dan models on the standard six chassis," said Harold Grey of the Crater Lake Automotive company. "These are the four-door, four-window touring sedan, and the four-door, six-window universal sedan, which share with all other Graham sixes and eights, the distinctive safety feature of laminated shatter-proof plate glass in every door and window, as well as in the windshields.

"Notable in the exhibition, however, will be the special Graham sixes and the standard and special eights, with all bodies, engines, and chassis built in Graham plants.

"The unusual power developed by the Graham engines, both on the six and eight-cylinder chassis, will become readily apparent to those who take advantage of the demonstration drives which are a feature of the spring show. This excess power is due fundamentally to the exceptionally stiff and strong crankshafts of these engines, and the great amount of total bearing area with which they have been provided.

"Only by actually driving a Graham car can this power feature be appreciated. This applies also to the instantaneous and effective action of the internal expanding four-wheel hydraulic brakes; to the ease of steering, the unusual acceleration and the simplicity of shifting gears. So that a complete picture of what Graham has to offer may be gained, we have placed at the disposal of the public opportunity to drive Graham cars as well as to inspect them on the floor at the spring showing."

Mail Tribune ads are read by 20,000 people every day.
