The senate, and many more or less sentimental Americans, discuss the extent to which we should obey Great Britain as regards our national defense program.

Why not imitate Great Britain in the days of her power and self-confidence before the war, instead of following her in these days of her diffidence and financial distress?

Before the war Britain sang, "We've got the men, we've got the ships, we've got the money too."

At present they haven't got the money. We have it.

When the British had the money they built what they pleased, when they pleased, and told the world that they intended always to have a fleet equal to that of any other two nations on earth.

We don't need a giant fleet on the water to furnish targets for fliers.

We need strength, the greatest fighting air and submarine fleets in the world. We should be able to say to any nation: "Don't interfere with us, and we shall not interfere with you.

"But, if you do interfere with us, we shall immediately destroy your most important cities. If you think we can't do it, come and see."

In Chicago, Jack Hayes kept a "beer flat" supplying bootleg liquor. Such places pay blackmail to racketeers and extortionists.

Hayes, ill in bed, told the police he was expecting extortionists. The police hid in his beer flat, the extortionists arrived at 2 a. m. saying they were policemen. Mrs. Hayes told them: "Some police officers are here now." They shot and killed Hayes in bed. The police shot and killed two of them.

The Chicago police have energy. They do shoot, and when they shoot, they kill.

Dr. Tucker, of the U. S. naval hospital at Norfolk, discovers in fruits and vegetables "five good germs," called "the family of five." They give health and strength, supplying vitamins, life elements, essential to existence.

They are missing in green

(Continued on Page Six)

Abe Martin

Remember how the late President Wilson wuz hooted when he said that the "hard times" wuz largely psychological? "I jest figgered it wouldn' be no harder to git an office than it is to find a job," says Lon Moon, who is out as county treasurer.

GREET BYRD ON ARRIVAL CANAL ZONE

Noted Explorer and Companions Arrive at Balboa En Route to New York—Airplanes Circle Returning Ship in Welcome.

BALBOA, Canal Zone, May 14.—(AP) — Rear-Admiral Richard E. Byrd, homeward bound from his South Polar exploration, arrived at Balboa at 9:31 o'clock this morning.

The rear-admiral and his small group of companions who had remained at Dunedin, New Zealand, longest, came into port aboard the liner Rangitiki to an enthusiastic welcome by the people of the Canal Zone.

The famous explorer, who now is en route to the United States from his historic airplane flight over the South Pole, probably will remain in the Canal Zone about two weeks assembling his comrades, so that all may return to New York to receive the American nation's acclaim together.

Those aboard the Rangitiki with the rear-admiral were Russell Owen, New York Times correspondent; Lloyd Berkner, Charles E. Lofgren, William C. Haines and Richard Konter.

The Rangitiki arrived in Balboa and hour and a half later than had been expected. While proceeding up the harbor, Byrd posed for pitcures and conversed with friends who went out in small boats to greet him.

As the ship came into port airplanes attached to the United States navy and the Isthmian Airways circled his ship in hearty greeting.

ARMORY SITE STREET DODGER FULL OF ERRORS

Washington School Site Committee Answers Dodger—Ask for Price On Armory Site.

To the Editor:

Our attention is directed to a "dodger" gotten out by certain individuals about the location for the new court house. In this "dodger" these parties say "the legal electors of the district must vote to sell or not to sell at the price thus fixed. No law or supreme court decisions are given to support this statement. The law section 5187, Oregon laws, plainly says that the directors in districts of the first class shall have the right "to buy and lease lands for school purposes . . . and to sell and convey such lands as may not in their judgment be required for school purposes." No vote of the district will be necessary upon this question. The Supreme Court, in 122 Oregon Laws, at page 127, states that this is the law governing districts of the first class.

If the Washington site is selected, there will be one body of men to deal with, the board of directors of School District No. 49. If the armory site should be selected there will be a half dozen individuals whose prosperity must be acquired. Human nature will prompt the owners of this property if the Armory site if selected to boost the price of it, and the city would be required, as a moral obligation at least, to buy this property at the price they fixed if the county votes to select the Armory site as the county court house site. Instead of dealing with one set of public officials if the Washington School site is selected, the city will be required to deal with the several owners of the lots on the Armory site.

Don't Buy a Lawsuit

The only title which the city has to a portion of the Armory site is a tax title to the property, and the lawyers and public generally know how unsatisfactory and usually untenable tax titles are; and if that site were selected Jackson County or the City of Medford in order to perfect a title would be required to institute a lawsuit for that purpose. It might prevail and it might not, and the voters of Jackson County certainly don't want to buy a lawsuit which they would be buying if they selected the Armory site.

Another claim which is contemplated to influence the country

FARMERS CO-OP SHOWS PROFITS ARE INCREASING

April Report Lists Net Return Over $1100—President Boggs Sees Removal of Debt Cloud.

Steady growth in the business of the Farm Exchange Co-operative is shown by the April report of the concern, which lists a profit of slightly more than $1100, the largest in many months. On the basis of these figures, the gross business for the month was between $18,000 and $20,000. It does not include the lead pool.

O. C. Boggs, named president of the board of directors last November, when the affairs of the organization struck troubled waters, was pleased with the returns and predicted that within another year at most it would be out of debt.

Boggs introduced an economy policy and thoroughly systematized the business in the six months of his regime. He installed Elton Walton as manager. Many of the more pressing claims have been paid and the larger ones are being reduced by weekly payments.

The new administration was installed when dissatisfaction arose among the members over monthly deficits of from $800 to $1000.

The showing to date has exceeded the expectations of the most sanguine. This spring a lead pool was negotiated and an egg pool is now under way, with field men creating an interest in poultry.

Another feature of recent months has been the increased interest and support accorded the organization.

33 NATIONS PROTEST INCREASES IN TARIFF

WASHINGTON, May 14.—(AP)—The state department disclosed today that 33 foreign nations have sent protests to the United States against proposed increases in American tariffs.

FLIER FAILS IN ATTEMPT BEAT LINDY

Roscoe Turner Flying With Lion Cub Passenger, Is Forced Down One Hour and 13 Minutes Behind Mark Set By Lindberghs.

VALLEY STREAM, N. Y., May 14. — (AP) — The transcontinental speed record set by Colonel and Mrs. Charles A. Lindbergh still stood today, despite the effort of Roscoe Turner and a lion cub to lower it.

After contending with strong head winds and bad flying weather over much of his route from Los Angeles, Turner was forced down at Curtiss field here at 7:40 p. m., (E. S. T.) yesterday, out of fuel and one hour, 13 minutes and 33 seconds behind the record time of the Lindberghs, who crossed the continent Easter Sunday in 14 hours, 23 minutes and 27 seconds.

Although Turner was believed, when he landed to have made the flight with a single stop, at Wichita, he later told persons at the field that he had come down once between Los Angeles and Wichita and that he was compelled to land for a moment at Middletown, Pa., because of an oil leak.

Walter Ward, official timer for the National Aeronautic association, said that even if Turner had bettered the time of Colonel Lindbergh, his landing at Curtiss field would have barred him from claiming a new record, inasmuch as Roosevelt field was designated as the official landing place.

Landed at Wichita.

Turner left Grand Central airport, Los Angeles, at 4:03 a. m., (E. S. T.) yesterday carrying 409 gallons of fuel. He landed at Wichita, Kas., at 11:44:35 a. m. (E. S. T.) took aboard 188 gallons additional gasoline and five gallons of oil and without stopping to eat took off again.

He said he had encountered "miserable" flying weather over the first part of his trip and at one time over New Mexico thought he would have to jump with his parachute when his motor began to miss.

Riding among the fuel tanks, which almost filled the cabin of the monoplane was a lion cub with a specially constructed parachute strapped to its back.

A small crowd saw Turner land while 3000 waited for him at Roosevelt field.

The plane was equipped with a motor of 525 horsepower, 100 more horsepower than the Lindbergh plane and his fuel consumption was about 20 per cent greater.

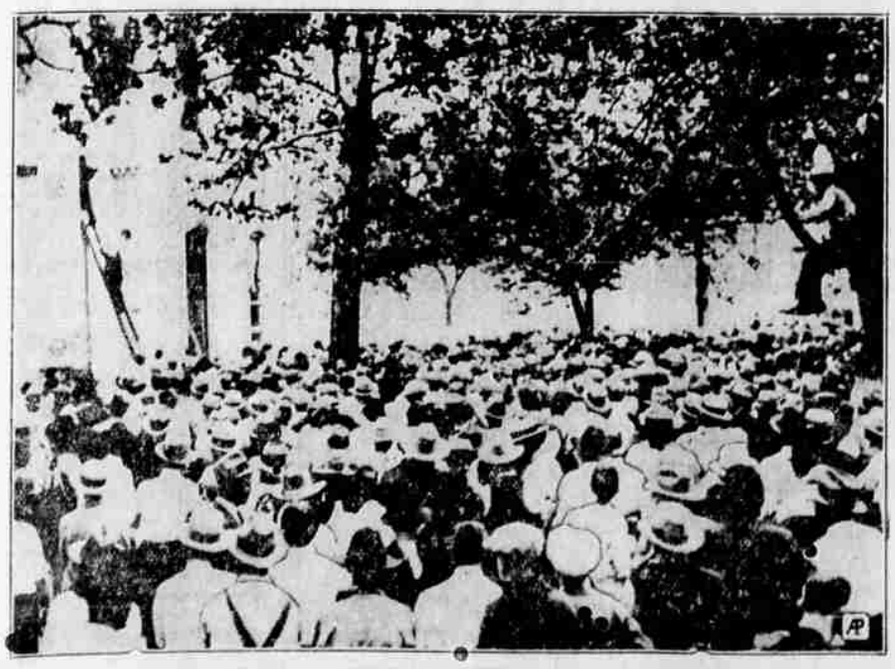
FRENZIED MOB ROASTS NEGRO TO DEATH IN VAULT



Part of the Sherman, Tex., crowd which fired the $60,000 courthouse, killing George Hughes, 41, negro, who confessed attacking a white woman, awaits opening of vault to learn whether victim is dead. Two youthful mob leaders are climbing a ladder to reach the vault on the second floor.

Find Child's Hand in Fish Stomach, Vancouver Creek

VANCOUVER, B. C., May 14.—(AP)—City police were investigating the finding of a hand of a child apparently about 6 months old in the stomach of a bull fish caught in False creek here yesterday. The fish was about ten inches long.

The hand had been severed at the wrist, police said, and had not been in the water for a lengthy period as it was well preserved.

The hand had been cleanly severed and police believe that it had been amputated before being thrown into the water.

NAME BURGHER AS GRID COACH AT MEDFORD HI

Darwin K. Burgher, University of Idaho football and basketball star, and assistant freshman coach at that institution, was elected coach of the Medford high school at a meeting of the school board last night. A telegram of acceptance was received from Burgher this afternoon. He will take the place of Merrill Hagan, resigned.

Burgher is 24 years old, stands six feet two, and weighs 208 pounds. He played end on the football team, and forward on the basketball team. He comes highly recommended, and trained in three coaching systems — middle west style, the University of California and the University of Southern California. He is also qualified to coach swimming, track, boxing and tennis. He is president of the senior class at the University of Idaho this year, and the recipient of many campus honors at his alma mater.

In temperament he is of the quiet, determined type, with the "will to win."

His retention as athletic director probably means the Medford high school will use the University of Southern California style of athletic play. The three other high schools in the southern Oregon district all have University of Oregon trained coaches. School heads felt that a change of coaching diet would be advisable.

Ray Henderson, coach of the Junior high school, this summer will attend a coaching school conducted by Howard Jones, coach of the University of Southern California. Burgher will attend part of the same course.

Burgher was selected from a large number of applications, including Carl Gilmore, Oregon State college fullback, and Coach Allison of the McMinnville high school. Gilmore was highly considered, but his lack of experience in basketball was a handicap. Burgher was selected, among other qualifications, because of his wide experience in the major sports.

Burgher is a major in physical education, and especially trained for this work. He is fitted to carry out the plan of City Superintendent E. H. Hedrick, for the establishment of a physical education program in local schools, that will include every pupil, from the puny child in the primary grade to the husky boy, in the senior high school.

WHOLESALE ARRESTS OF GANDHI MEN

Sholapur Combed for Followers of Indian Rebel Leader — Curfew Law Causes Exodus of Inhabitants—Trains Crowded.

SHOLAPUR, India, May 14.—(AP)—Wholesale arrests of civil disobedience leaders, including two men suspected of the murder and burning of two constables, occurred here today.

Troops of the Royal Ulster Rifles, aided by civil police, began combing the city for Gandhi followers. During their cleaning up operations they came upon a veritable arsenal of swords and spears in a private house.

Before dawn more than 200 natives had been arrested in connection with the curfew order, which last night forbade citizens being abroad in the streets between 7:00 p. m. and 6:00 a. m. Some of these were released with a warning. Others were held on suspicion of being ringleaders in the campaign of killings and arson of last week. It was stated officially that those not brought before a military court would be given civil trials for minor offenses.

Inhabitants Leave.

An exodus of Sholapur inhabitants today followed the curfew proclamation and the earlier institution of martial law.

Trains leaving the city were crowded to capacity.

The martial law regulation prohibited the display of congress flags among other things. It provided that no person "shall commit any act or be guilty of any omission" prejudicial to good order, or public safety, or calculated to hamper or mislead the troops or "which is likely to be interpreted as meaning that a person is performing or pretending to perform any duty or duties normally performed by persons in authority." The punishment provided is 10 years of rigorous imprisonment and a fine.

C. OF C. NAMES COMMITTEES IN SPECIAL MEET

Twenty-Five Groups Selected to Handle Work—Davis Funds Run Low—Auto Registry Move Is Talked.

Members of 25 committees were appointed at the special meeting held by the Medford Chamber of Commerce last evening when matters of routine business importance were also discussed.

The matter of efforts of Earl Davis, representing the chamber of commerce and the realty board in southern California contacting prospective home seekers to attract them to southern Oregon, under discussion revealed that expenses of his land settlement work are running high and today it was indicated that his work may be necessarily discontinued for want of funds. His work has resulted in several families coming to Medford.

The moving of the out of state auto registration bureau from its present location in the chamber building to a point in proximity to the Pacific highway was referred to the tourist registration bureau, headed by A. W. Pipes, assisted by T. G. Travis and B. E. Harder. The request of $500 by M. N. Hogan in interest of Rogue river fishing matters was referred to the finance committee. The sum would be used in connection with efforts of the Jackson County Game Protective association and the Isaak Walton league of Josephine county to close the river to commercial fishing.

Committees were appointed as follows:

Rural development: Eric Wold chairman, Ed White E. C. Corn.

Agriculture: P. A. Scherer, chairman, R. G. Fowler, vice-chairman, Bill Lydiard, W. J. Warner, Howard Grover, John Anderson, R. W. Mikkelsen.

Community Chest (elective) Hamilton Patton, president, J. C. Mann, Mrs. J. W. Wilson, John Orth, Mrs. R. C. Mulholland, D. G.

Eddie Cantor, whose clowneries have made him a millionaire or more at 37, says he'll quit the stage after a winter's touring in "Whoopee." He will go into the movies, which aren't so wearing.

COMMITTEE OK FOR ROSEBURG SOLDIERS HOME

Hawley Reports Sub-Committee Favors Building Branch for National Retreat Ex-Service Men.

ROSEBURG, Ore., May 14.—(AP)—Word was received here today from Representative W. C. Hawley that the subcommittee on military affairs had today reported favorably to the full committee on the Hawley bill for establishment of a branch of the national soldiers' home at Roseburg.

The bill was introduced several weeks ago and was referred to the committee for consideration. Roseburg was represented in Washington by Dr. E. B. Stewart, former commander of the Oregon department of the American Legion, and national representative of the Legion. The endorsements of the veterans' bureau, American Legion, Spanish War veterans and the national soldiers' home have been attached to the bill.

Need Told

The committee was informed by the soldiers' home organization of the great need for a branch in the Pacific northwest. Roseburg was favored as the site because of the mild climate and geographical location, Dr. Stewart said.

The veterans' bureau and the Legion are eager for construction of the home to start soon in order to provide a place for disabled veterans now in hospitals. Many of these veterans could be moved to the home, making place for men in need of hospitalization. It is estimated 600 men could be placed in the home immediately.

Messages from Senators McNary and Steiwer indicate they are confident the bill will pass the senate without opposition if favorably reported from the house.

GIANT FOKKER ENROUT EAST WITH 6 FLIERS

OAKLAND, Cal., May 14.—(AP)—The "Maryland Free State," giant tri-motored Fokker plane bearing Van Lear Black, publisher of the Baltimore Sun, and five companions, hopped from the Oakland airport at 8:30 a. m. today for Albuquerque, N. M., on the first lap of a transcontinental flight to Baltimore.

Aboard the plane with Black were Duncan Aikman, writer and west coast correspondent of the Baltimore Sun; G. J. Geisendorffer, chief pilot; John B. Scholte, co-pilot; Peter Dunk, mechanic, and Lee Bapline, valet.

Black began his world flight at Croydon airdrome, near London, Feb. 9, reaching Tokyo April 7 after a leisurely flight across Europe and Asia.

INDIAN HANGED FOR LOVE FEUD MURDER

RAWLINS, Wyo., May 14.—(AP) Charles Aragon, Arapahoe Indian, was hanged today at the state penitentiary for the murder in 1928 of Jess and Ed Large, as the climax of a feud over the affections of a woman.

EIGHT DEBS WILL MAKE COURTSEYS

Mrs. Charles G. Dawes to Make Presentations As American Girls Achieve Social Pinnacle By Facing British Royal Pair.

LONDON, May 14.—(AP)—Eight American debutantes will achieve one of society's pinnacles tonight with presentation to King George and Queen Mary in the first royal court of the year at Buckingham palace.

Mrs. Charles G. Dawes, wife of the ambassador, will make the presentations. The girls, in court dress, will curtsey their acknowledgement of the royal favor.

For the first time in two years King George will be present. Last year the Prince of Wales stood by the side of his mother, Queen Mary, during the ceremony. Eight hundred British and foreign guests will be present.

Twenty-five American women were picked from 300 applicants for presentation during the season's five courts. At the second court tomorrow night, two girls and six married women will be presented.

For weeks the debutantes have practiced the curtsey, the manipulation of the long court train, how to balance three feathers atop their heads and how to back away from their majesties without tripping.

Most of those introduced tonight will wear white, but the older women to be introduced later, in most cases, have chosen colors.

Among the guests tonight will be the Russian ambassador, M. Sokolnikoff and Mme. Sokolnikoff.

The eight American girls are:

Miss Katharine K. Tod, of New York.

Miss Eunice Bennett, of New York.

Miss Charlotte Dorrance, of Radnor, Pa.

Miss Elizabeth Kent of Philadelphia.

Miss Isabel B. Henry of Philadelphia.

Miss Griselda A. Forbes, of Boston.

Miss Eleanor Edwards of Cincinnati.

Miss Frances Hutchinson, of Philadelphia.

EIGHT BABIES DIE BY INOCULATIONS

BERLIN, May 14.—(AP)—Death of eight babies in the Luebeck home for infants and serious illness of 24 today caused an inquiry by the health authorities.

The home's physician said the children were inoculated with tuberculosis germs from cows, a method commonly in use, it was stated. The victims showed symptoms of tuberculosis after the treatment which was ordered stopped.

Will Rogers Says:

BEVERLY HILLS, May 14.—Mr. Hoover is to visit our national parks this summer. He announced it at nine o'clock one morning. At 9:30 (same morning) the Democrats denounced it. They claimed he was fishing for votes instead of black bass. What the Democratic party has always needed is some smart, broad-minded man whose business it is to inform other Democrats "what to denounce and what not to denounce."

They are where they are today by picking on the wrong things. Let the poor man go wherever he wants to. After all, we only elected him, we didn't marry him.

Yours,
WILL ROGERS.
