

MEMORIAL PLANS MADE BY LEGION IN POST SESSION

In accordance with their usual custom, Medford Legionnaires will take a prominent part in the annual observance of Memorial day, May 30. A report made by Lee Gurslock at Monday night's meeting of Medford post indicated that this year's program will be similar to those of the past and will include a parade at 9:30 a. m., memorial exercises and the decoration of veterans' graves in the various cemeteries.

All ex-service men are urged to turn out for the parade at 9:30, to pay homage to the departed veterans of all wars.

Vice-Commander John Holmer, who presided over the meeting, also urged all Legionnaires to "get out the vote" in the coming election.

This is in line with the national policy of the American Legion to get every citizen to exercise his or her franchise. "Vote as you will,

but be sure to vote," say local Legion members.

A post-commander's jewel was presented to H. S. Deibel by Post-Commander Elmer Wilson.

H. L. Bromley, manager of the drum corps, announced the appointment of Ted Baker as drum major, to succeed Lloyd Williamson, who will spend the summer in Montana on power line construction.

He also stated that an invitation had been received to take part in the Fourth of July celebration at Crescent City.

Adjutant Chaney spoke on the citizens' military training camp next month, urging local Legionnaires to encourage young men to take this excellent training. He also reported for Chairman Scheffel that the Major Baseball league was making fine progress.

Visitors included R. T. Brewer of New Mexico, a new resident of Medford.

Plane Damaged.

SALEM, Ore., May 14.—(AP)—An airplane belonging to the Chris Flying service of Vancouver, Wash., was damaged and a student pilot received a bloody nose when he sought to land the machine at the Albany airport Sunday morning. It was learned here today when the plane was brought here for repairs.

IMPROVEMENTS IN POSTOFFICE WILL SPEED UP MAILS

A number of minor improvements are being made in the working quarters of the Medford postoffice, which is of local public interest because these improvements will greatly facilitate the handling both of incoming and outgoing mail.

The only noticeable improvement to the public is the enlarging of the stamp window, a large space having been cut out between the small stamp and general delivery windows. This will enable the public to be waited on much faster both in sale of stamps and the handling of large parcel post packages.

Inside, the working tables and counters are being re-covered and a general slicking up and rearranging of equipment and facilities wherever needed is being made. It is one of the first big improvements since years ago the lobby cuspidors, which had been re-

moved by Postmaster Nims, were restored by his successor, Postmaster Warner.

In the way of other minor improvements being made about the federal building, the lobby railing in the United States court room, which had been loose and somewhat rickety for some time past, is being repaired and made solid.

General postoffice patrons are reminded that the sub-postal station, which for years had been located in the Russell store, is now located in the Medford Book store.

Volcanic Sand Falls on Ship Off Columbia

PORTLAND, Ore., May 14.—(AP)—A heavy volcanic sand storm, thought to have been blown down from some volcano in the Aleutian Islands, rained dry sand two hours on decks of the States line steamship Kentucky, 2125 miles from the mouth of the Columbia river, en route to Portland from Yokohama, leaving one-fourth inch of sand on her decks, the vessel radioed the MacKay Radio and Telegraph company Portland office today.

PETTY THIEVERY GROWING IN CITY, SUSPECT YOUTHS

Petty thievery is springing up in Medford and small thefts have been reported to the police department for the past week or so. Reports include the opening of a gas meter coin box at the armory. The box was badly damaged and its entire contents of small change was taken.

The Growers' Exchange office was entered and a box of cigars and an old pipe, owned by Lee Williams was taken. The Sobel and Day office was also entered, but nothing was found missing. Entrance was made through the skylights and the acts are attributed to young boys filled with deviltry.

Carl Tengwald reported this afternoon that someone attempted to steal his car or take parts from it Monday evening, according to indications that were found next morning. It is expected that boys suspected of the thefts will soon be in the toils of the law. The same boys are also suspected of stealing gasoline and meters from cars.

Speaking of oil ... how far EAST is EASTERN?

To Westerners, most of the United States is east. Does that account for misleading use of the term ... "eastern motor oil"?

The original "eastern" came from Pennsylvania ... which still produces the world's finest crude. But today, "eastern" takes in a lot of territory—and many different oils of widely varying quality.

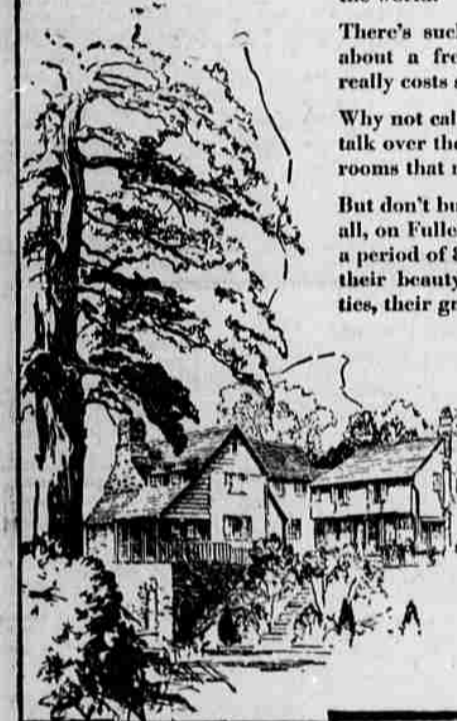

The better, safer way is to specify PENNZOIL. Then you will always get Supreme Pennsylvania Quality, guaranteed 100% pure Pennsylvania oil, refined by the famous Pennzoil process.

For known value, proved performance, real economy—ask for Pennzoil by name.

35¢ A QUART

Has your home a "successful" look?

Nothing makes a house look so dilapidated as lack of paint ... that's a fact! Just a few coats of colorful Fuller Paints make all the difference in the world.

There's such a crisp, clean, "successful" look about a freshly painted house! And painting really costs so little, comparatively.

Why not call-in a good painter right away, and talk over the repainting of the outside, and the rooms that need redecorating?

But don't buy on price. Buy quality. Insist, above all, on Fuller Paints. By their extensive use, over a period of 81 years ... they have demonstrated their beauty of texture, durable wearing qualities, their greater covering capacity, and ease of application. That's why they have always been the choice of the West's leading painters, decorators, architects and industrial users.

Look for the Fuller name on the can. Sold throughout the West ... by Fuller dealers and branches everywhere.

W. F. FULLER & CO.
Paints... Varnishes... Lacquers
Enamels... Glass

Diamonds must pass the same test

While the difference in price is only slight ... between Fuller Paints and so-called "cheap" paints ... there's a tremendous difference in quality, and in the results that you get.

Ask any chemist. He'll tell you that it's because of constant, painstaking care ... and testing, testing, testing that Fuller Paints are so beautiful in texture, so long lasting, and so easy to apply.

Linseed Oil, for instance, must pass two dozen tests ... before it is used in the manufacture of Fuller Paints. Only one of the two dozen tests that Linseed Oil must pass, in the Fuller laboratories ... is a delicate light refraction test, which is also used in determining the value of diamonds.

CONCRETA

Sealing the pores of stucco, concrete and brick ... Fuller Concreta protects them against ravaging moisture absorption ... and adds an attractive stone-like texture. Especially made to resist the action of lime. Extensively used for homes, apartments, hotels, schools, city halls, etc. Insist that your painter use it. Sold by Fuller dealers everywhere, and at Fuller Paint Stores.

FULLER PURE PREPARED

For exterior woodwork ... demand a paint that will adhere firmly to the surface; dry to a tough, elastic film, and be moisture-repelling for a maximum length of time. Made of pure White Lead, pure Linseed Oil and pure Oxide of Zinc ... Fuller Pure Prepared is such a paint. Your choice of 24 beautiful colors. Sold by Fuller Paint Stores, and by Fuller dealers every where. Insist that your painter use it.

COVER SPRAY FOR MOTHS ADVISABLE

The first cover spray for codling moth control should be applied this week. Due to the continued cold weather the hatching of moth eggs was retarded somewhat so a spray will yet be timely if applied by Friday, the 16th. Eggs have been under observation for some time and are now in the red ring stage, indicating that young worms will be hatching by the latter part of this week.

Use powdered arsenate of lead at the rate of three pounds per hundred gallons of water. Apply thoroughly to all foliage and fruit.

The timing of the second cover spray will be governed by the moth flight which is being observed closely by the Southern Oregon Experiment station and the county agent. Watch your newspapers for notice of this important spray.

L. G. GENTNER,
So. Ore. Exp. Station.
L. P. WILCOX,
County Agent.

EXAMINATION FOR CRIPPLED YOUNG

Crippled children from all parts of the county were present at the crippled children's clinic held yesterday at the Baptist church, with Dr. R. B. Dillehunt of Portland in charge. Forty-two children were examined and quite a number of them were termed as hopeless cases, but others will be sent through special arrangements, to either the Shriners or Doernbecher hospital at Portland.

Members of the Jackson County Public Health association co-operated in the work and members who were present to assist the doctor and members of the county health department included Mesdames Corbith Edgell, George M. Roberts, Ulrich, J. J. Emerson, R. E. Greene and Burgess. Miss Mildred Carlton was also present.

E. P. OPERETTA IS AVOWED SUCCESS

(Special) — The operetta "Wild Rose" was presented by the Eagle Point Girls' Glee club Friday, May 9, in the school gymnasium, scoring a wonderful success.

Miss Margaret Brophy, who took the part of Rose, was a lovely, entrancing picture in her lovely rose colored costumes. Bobbie, taken by Mary Hannaford, was very cleverly played.

The trio of debutantes, Gladys Cowden, Hazel Smith and Hazel Helms, were typical of their parts and their songs were among the sweetest.

Many a laugh was heard at the expense of the reporters, Donna Brown and Myrtle Rigby.

The orchestra supported the cast splendidly.

Miss Elsie Loveland played the full piano accompaniment. The success of all of the songs rested upon her.

Elsie Wilhite, Truth Piel, Norma Piele, Beulah Waddell and Bill Davidson are the other members of the orchestra.

Much credit is due Miss Miller who was in charge of the production. She spent a great deal of time and energy training the cast.

The community hopes that the school will have a music department next year, as they feel that the children have benefitted greatly from this year's training.

Miss Burt supervised the dramatics, dances and the costumes for the operetta.

SALEM POSTMASTER IS AGAIN NAMED TO POST

WASHINGTON, May 14.—(AP)—President Hoover today nominated John H. Parry as postmaster for Salem, Ore.

EAGLE POINT PTA ENDS GOOD YEAR

EAGLE POINT, Ore., May 14.—(Special)—Parent Teachers' association held last meeting of the year on May 9. Officers for the ensuing year were installed by Edith Weidman as follows: President, Mrs. Ruby Bittorf; retained; vice-president, Mrs. Edith Castor; secretary, Ruth Aitken.

Chairmen of each standing committee were appointed by the president and are as follows: Program committee, Mrs. Mollie D. Barnes; Hospitality committee, Mrs. Ray Harnish; membership, Mrs. John Hankins; finance, Mrs. Lottie Clements.

This child welfare magazine will again be subscribed for and the association will furnish ice cream for each room on their picnic day.

This meeting marks the close of a successful year in P. T. A. work for the Eagle Point schools. A close bond existed between the staff of teachers and parents in working for child welfare.

Members are proud to have been a helping hand whenever needed.

Due to the splendid co-operation of the P. T. A. members, the following treasurer's report has been possible:

Cash on hand September 29, 1929, \$117.39; dues for members, \$14.50; founder's day gift, \$1.50; county council dinner, \$23.50; carnival, \$45.49; fund from hot lunches, \$5.32; total, \$93.26. Total expenditures, \$173.49. Balance on hand, \$37.26.

APRIL BRIDE HONORED BY EAGLE PT. SHOWER

EAGLE POINT, Ore., May 14.—(Special) The Civic Improvement club held a special meeting Thursday afternoon as a surprise for Mrs. Stella Van Scoy, a bride of April. In a miscellaneous shower she received many lovely gifts.

Stunts for the afternoon were in charge of Miss Burt.

Those enjoying the afternoon were Mrs. S. E. Howlett, Hattie Howlett, Mrs. Lola Hildreth, Mrs. Seaman and daughter Patsy, Mrs. Davies and daughter Kathleen May, Mrs. Walker, Mrs. W. H. Brown, Mrs. S. B. Holmes, Mrs. Royal Brown, Mrs. J. B. Bader, Mrs. Lena Stowell and daughter, Mrs. Lottie Van Scoy, Mrs. Edith Castor, Edith Weidman, Mrs. Luke Kinkaid, Mrs. Clements, Mrs. P. Brown, Mrs. Earl Stoner, Miss Burt, Miss Aitken, Miss Miller, Misses Hattie Hannaford, Sybil Caster, Freda Chambers, Donna Brown, Dorothy Coy, Dorothy Pearce, Marguerite Marshall, Teen Dabaek, Dorothy Wilhite, Mary Mannaford and Mrs. Stella Van Scoy.

Guests included Mrs. William Holmes of Griffin Creek and Mrs. John Moffitt and children of Medford.

Included among the gifts was a thoroughbred Jersey heifer, the gift of Ned Holmes of Griffin Creek.

TIRED WHEN SHE GOT UP

Strengthened by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I used to be as tired when I got up in the morning as when I went to bed. I had fainting spells and palpitation. Of course it was my age. I read a Lydia E. Pinkham booklet and started taking the Vegetable Compound three times a day. I am now a well woman. Three of my neighbors know what it did for me so they are taking it too. I will write to any woman if Lydia E. Pinkham's Vegetable Compound will help her as it did me. I feel like a young woman now and I thank you."—Mrs. H. C. HENRY, 284 Fuller Ave., St. Paul, Minnesota.

ATTENTION, GROWERS Grasselli Casein Spreader

Grasselli Casein Spreader has been developed by careful research and experimental work. As the name indicates, Casein is the active spreading agent. Practical use in the Northwest has demonstrated its efficiency, and you can add it to your spray schedule with confidence.

Use Grasselli Casein Spreader in connection with Arsenate of Lead sprays or Arsenate of Lead and Summer Oil combination sprays, and secure better control of insect pests in your orchard.

Sold only in one pound glassine lined bags, 50 to the carton. Full directions for use are printed upon each bag.
