NEW KIND OF SALTS Taking Country By Storm
They Revitalize the System—Induce Youthful Activity—Keep Body in Splendid Condition—Free From Fat

It doesn't take long for Americans to wake up to a good thing—only a few months ago Kruschen Salts were introduced into this country and the welcome news of their superior goodness and swift rejuvenating power traveled so fast that at one time the supply was many cartloads behind the demand. All of which goes to prove that Americans know good salts when they take them and want their friends to benefit also.

A bottle of Kruschen Salts that lasts 4 weeks costs but 85c at Jarmin & Woods or any drug store in America—take one-half a teaspoon in a glass of hot water every morning before breakfast—in just a few days indolence changes to activity and life grows brighter.

Before the bottle is empty you feel years younger—eyes are brighter—step grows springier—nerves steadier—you'll sleep sound, enjoy your meals and after a hard day's work you'll be ready for wholesome recreation—the millions Americans know all this—ask your druggist.
