

GRADUATION IS PLANNED IN ARMORY

Announcement was made this morning by Principal C. G. Smith of the high school that the commencement exercises for the 1930 graduating class will probably be held in the armory Friday evening, June 6, at 8 o'clock.

Conducting the exercises on the high school law was under consideration for some time, but because the decision had to be made two weeks in advance, it was thought best to choose the armory. The weather conditions indicate that the risk is too great.

Tentative plans are under way for necessary stage construction and elaborate decorations.

R. F. Irvine, prominent newspaper man of Portland will deliver the graduation address to 133 seniors. Following is the list of those who will be graduated, providing they pass in the subjects they are now carrying:
