## AUTO FUEL DISCOVERY ADDS KICK

### New Mixture Has Old Time Easy Starting Proclivity—Adds Power—Two Ingredients Restored Thru Formula Is Claim.

By HOWARD W. BLAKESLEE  
Associated Press Science Editor  
TULSA, Okla., May 22.—(AP)—The discovery of a more powerful gasoline, a blend especially for automobiles, was announced to the National Gasoline association's annual convention today.

The mixture restores what the motorist likes to call "the old-fashioned goodness" to gasoline, by which he means, quick, easy starting in cold weather. It is described also as adding power which the "time" gasoline ever had and increasing the available gasoline supply.

The blending formula is a gift to the petroleum industry, in the form of bulletin 14 from the department of engineering research of the University of Michigan. It is noncommercial, anyone who wishes being free to use it. The development was done under direction of George Granger Brown, professor of chemical engineering and director of research for the association.

He said his findings enable oil refiners to produce gasoline particularly fitted for all ranges of temperature encountered in the United States.

He restores to gasoline two ingredients which have been largely removed in recent years by the methods of production and refining. One of these is natural gasoline, found in the natural gas removed at the well mouth. It is highly volatile, vaporizing so readily that it fires easily in cold weather.

## RECEIVES PRIZE FROM HOOVER

Pauline Lodge of Lakewood, Ohio, won first prize in the Gorgas Memorial institute's essay contest on disease prevention. Left to right: Charles R. Walgren, Jr., Chicago, second prize winner; President Hoover and Miss Lodge.

Decorated with gold, recently placed in the rear of the Masonic hall in Jacksonville, a gavel fashioned from a billiard ball and the handle from a solid walnut billiard table used a half century ago by the pioneers, was presented Alpha chapter, O. E. S., last evening by members of Adelphi chapter of Jacksonville.

The gift was a delayed golden anniversary gift. Alpha chapter on March 13 observed the fiftieth anniversary of its organization and Adelphi chapter at that time was unable to present the historic gavel, as sufficient placer-mine gold which decorates the wood had not been secured.

The presentation was formally made last evening when members of Adelphi chapter unexpectedly visited Alpha chapter. Two Adelphi members brought the gift in a large clothes basket, the bottom of which was filled with delicious refreshments—carrying out the pioneer customs of years ago.

## HOLD OPEN HOUSE AT OREGON PRISON

SALEM, Ore., May 22.—(AP)—Superintendent Henry W. Meyers and other officials of the state penitentiary will be hosts to the people of Oregon next Saturday and Sunday when open house is to be held in the new prison administration building that is now practically complete. The building, a four-story structure, will be occupied early next week.

Located in the new building will be the administrative and industrial offices, guards' quarters, prison arsenal, matron's offices, and, on the top floor, quarters for 50 female prisoners.

## NEW TONIC RESTORED GRAY HAIR TO YOUTHFUL BEAUTY

Hair Was Falling Out And Full Of Dandruff, Also Very Gray On Top Worried Her I'M REAL BOOSTER FOR LEA'S TONIC

"One of my friends more than a year and a half ago noticed the trouble I was having with my hair and started me using Lea's Hair Tonic and I gladly send my photo and praise of Lea's for it is not a dye, yet restores the hair to its natural youthful beauty," declares the lady whose picture is on the right, Mrs. Elizabeth Naincey, 221 Grant Street, Perth Amboy, N. J.

"When I started using Lea's my hair was constantly coming out in handfuls and full of dandruff. My hair on top of my head was all gray and did not match the rest at all. Today thanks to Lea's my hair is its natural color and was freed of all dandruff and I not only stopped falling out but I constantly find new and vigorous hair growing, thicker and thicker," continued this delighted user in Perth Amboy.

Any woman with bobbed or long hair can as easily use Lea's Hair Tonic at home. Just a few drops massaged into the scalp with finger tips each night for a few

## BISHOP CANNON TRIUMPHANT IN OUSTER BATTLE

### Substitution On Board of Temperance Voted Down By M. E. Conference—Hisses Greet Foes.

DALLAS, Texas, May 22.—(AP)—The general conference of the Methodist Episcopal church, South, today voted, 257 to 121, not to substitute Bishop A. Frank Smith of Houston for Bishop James Cannon of Washington on the board of temperance and social service.

The vote was taken after Dr. W. A. Newell of Greensboro, N. C., had moved that Bishop Smith be put in Bishop Cannon's place as the bishop member of the board.

Hisses greeted the anti-Cannonites, who made perhaps their last stand during the present quadrennial conference when they argued for the election of Bishop Smith.

Josephus Daniels of Raleigh, N. C., secretary of the navy under Woodrow Wilson, urged that Bishop Cannon be replaced.

"If you want to strike a blow to prohibition, nominate a man who has had to apologize for stock gambling," Daniels concluded.

## 85 STUDENT ATTORNEYS SEEK BAR EXAMINATION

SALEM, Ore., May 22.—(AP)—Arthur S. Benson, clerk of the supreme court, said today that about 85 student attorneys have applied for permission to take the state bar examinations which will be held here July 8 and 9.

## AMERICAN GIRL SAFE IN INDIA, IS REPORT

PORTLAND, Ore., May 22.—(AP)—A cablegram received today by the Rev. Berton E. Emerick, former president of Philomath college, informed him of the safety of his daughter, Miss Frances D. Emerick, a teacher in the American board school for boys at Sholapur, India, where recent news dispatches indicated considerable trouble had arisen between Indians and the British government.

## RECORD CHERRY CROP SEEN AT THE DALLES

THE DALLES, Ore., May 22.—(AP)—Although cool weather is slowing maturity of cherries here, the fruit is showing steady growth and will be better than average in size, growers declare. The harvest will be well underway about the middle of June, with the crop estimated at 2,500 tons, which would be a record yield for the district. Local canners expect to handle a record output of cherries this year.

## HE SUFFERED FOR YEARS WITH PILES

Some Doctors Said Ulcers; Others Abscesses and Others Piles A SIMPLE LITTLE REMEDY CURED IT

"After you have suffered as I did for three years and spend all I did in vain, you surely feel grateful when something comes along and heals you up and makes you well, and happy, at my age, 79 years," writes C. F. C. Stamp, who like scores of people here, praises Colac Pile Pills to the sky.

## Oregon Co-Ed, in Grip of Octopus, Shrieks Resound

EUGENE, Ore., May 22.—(AP)—Try this one on your bedstead. Miss Claire Thomen, student at the University of Oregon, climbed into bed and immediately left it—with a shriek, sinewy and slimy arms had gripped her about the ankles.

Students found a small octopus, measuring five inches from tip to tip. It was found in the stomach of a shark by a biology student and placed in Miss Thomen's bed for "cold storage purposes."

Pauline Uzudum, Basque heavyweight, hopes to restore faded prestige this summer by appearing in boxing centers throughout the country.

## PORTLAND SEEKS RADIO CURB FOR OREGON WILDCAT

PORTLAND, Ore., May 22.—(AP)—Resolutions signed by chamber of commerce officials and two war veterans organizations, seeking to curb the radio activities of Robert Gordon Duncan, self-styled "Oregon Wildcat" were en route to the federal radio commission today.

The chamber's resolution asked that the station be prevented from broadcasting utterances that have been "intemperate, offensive and appeal to the passions of the people."

The resolution further stated that the chamber took no sides in the chain merchandising which they said was Duncan's chief point of attack.

The veterans' organization went on record as favoring the outright repeal of the station's license. Duncan was defeated in the Oregon primary for congressional nomination in this district.

## FEWER BANKS IN OREGON FOR YEAR

SALEM, Ore., May 22.—(AP)—The end of 1929 Oregon had eight less banks and trust companies than at the beginning of the year, significant of the trend towards fewer and better banks, says A. A. Schramm, state superintendent of banks in his 1929 report. In the last 10 years the number of banks has decreased 49.

Bank failures, it is shown, are not the cause of the decrease in Oregon, mergers and consolidations have cut down the number.

At the close of 1929 the resources of all banks and trust companies in the state totaled \$348,906,92.

## THIRTY ARRESTED IN LIQUOR DRIVES

WASHINGTON, May 22.—(AP)—O. Johnson, legal adviser to W. K. Newell, assistant federal prohibition director, announced today that a series of liquor raids in Multnomah and Clatsop counties yesterday had resulted in the arrest of 30 persons in 18 alleged speakeasies, five of them here, and 14 in Astoria and Seaside.

While the federal prohibition agents and county authorities who aided them said they were able to purchase liquor in most of the places, warrants were sworn out for the arrest of the alleged proprietors.

Host to Engineers CORVALLIS, Ore., May 22.—(AP)—Oregon State college and Corvallis will be hosts today and Saturday to the second annual convention of Professional Engineers of Oregon.
