MARKET ROUTES TO BE IMPROVED BY COUNTY CREW

The county court at its regular session today passed resolutions calling for further improvements and work on the Butte Creek and Dead Indian Market roads, and the Pleasant Creek road, in the northern part of the county between Rogue River and the Josephine county line, under a special levy voted last fall by residents of that section.

Work on the Pleasant Creek road includes elimination of a dangerous curve, two railroad crossings, and fords across small streams.

Work on the Dead Indian road this year will start late in July and continue until snow flies. A late start is made because of weather conditions. The principal work will be grading and graveling. Last year the county prepared 5000 tons of gravel for the road, which was stored and piled for this year's work.

The county oiling machinery is now operating on the Sams Valley highway and will start on the Ruch highway as soon as the weather settles.

The county court this morning, after signing a few bills, departed for the county poor farm, where they inspected a new hospital ward recently installed for the inmates.

There are 42,000 school buses carrying nearly 1,000,000 school children daily over the highways of the United States, Chicago makes club figures show.

Stomach Trouble
If gas, dyspepsia, heartburn, bloating, sour stomach, and indigestion make you miserable and grouch, and many more, make an agree with you, why not make the Diotex, 15 minute test? Diotex is harmless to young and old, works with surprising speed. One ingredient has the remarkable power to digest 3,000 times its own weight. Don't give up. Get Diotex at any drug store. Put it to soon feel like new, and able to eat most anything. Only one. For sale at HARMON & WOODS DRUG STORE.

MR. POULTRYMAN . . . WHO PAYS THE BILLS?
Who pays the expenses of field men and traveling men representing outside feed mills, who periodically enter local fields trying to "drum up" business for their respective firms? Who pays the hotel bills, traveling expenses and advertising?

YOU DO!
You are the one who pays when you purchase shipped in feeds. If you do not believe it just compare prices. Why pay a premium for these feeds when you can save by buying

BRAND MADRONA BRAND FEEDS
MADE IN A MILL SECOND TO NONE IN THE STATE

Don't be confused by glowing descriptions of privately owned, "so-called" poultry experimental stations main, fained (so they say) at terrific expense to show the poultryman "how to do it."

Reliable and sound feed formulae are not a secret. Why do we maintain our state experimental stations? Taxes are paid by all of us who keep our colleges functioning so as to serve one and all. There's where we go when we want to know how to improve our feeds. Madrona Brand Mixed Feeds are as good as the best and better than the rest. And—that is just what we do. Ask those who are using our feeds, if you are a "Doubting Thomas."
