

DAZEYS LEAVE THURSDAY FOR SAN FRANCISCO

K. I. Dasey, who for the past two years has been general manager of the Southern Oregon Gas corporation with offices in this city, will leave Thursday for San Francisco, where he will assume position as managing director of the California Electrical Bureau and the Pacific Coast Electrical association. When he goes

to the bay city to take up the duties of his new position Mr. Dasey will leave a host of friends throughout the southern Oregon country, who regret the fact that he is leaving Medford and the Rogue River valley, yet wish him success in his new post with the California public utility interests.

For 24 years, K. I. Dasey has been actively associated with public enterprises and his wide experience has made possible his advancement to the important San Francisco position. For the past two years he has directed the activities of the Southern Oregon Gas corporation, operating through the vast territory embracing the southern Oregon counties. The growth of that organization has been gratifyingly substantial during the last 24 months, due much to the aggressiveness of its manager, Mr. Dasey. The Medford plant has been improved to meet the increased demand for gas, new territory has been developed and the offices and equipment of the Southern Oregon Gas corporation in other communities have been enlarged and improved.

Since coming to Medford, Mr. Dasey has been identified with civic and fraternal activities in this city. He was an active member of the Medford Chamber of Commerce, president of the Central Civic council and a member of the Medford Rotary club and the Medford lodge 1168, B. P. O. E. All movements for civic betterment received the enthusiastic cooperation of Mr. Dasey. Mrs. Dasey and their three daughters will accompany Mr. Dasey when he leaves for San Francisco tomorrow.

Wall Street Report

NEW YORK, May 28.—(AP) Speculation was mainly for the day in today's stock market, but bears continued to search out air holes, and forward progress was slow and uneven. Large-scale buying appeared in some of the utilities, but on the whole, the market remained a dull affair.

Conspicuous in the news were the weekly steel trade reviews, and while far from cheerful, they were notably less pessimistic than a week ago.

New York Central, Chesapeake & Ohio and Chesapeake Corp. yielded 2 to 3 points. United Biscuit rose 4 to a new high. Continental Can and American Can were strong features. The closing tone was irregular. Sales approximated 2,200,000 shares. Today's closing prices for 15 selected stocks follow: Am. Can 145 1/2 Am. Gas 83 1/2 Am. POLICIES SCANNED FOLLOWING BLAZE

The fire which destroyed the Deuel building Wednesday, May 21, has caused local property owners to check up on their insurance already carried and to take out additional policies, according to local insurance agents.

The Medford Investment company, of which Hamilton Patton is manager, reports that the loss on the building involved in this fire was entirely adjusted by Saturday, May 24. The Northwestern Mutual Fire association, which they represent, paid the full face value of their policy Monday, May 26. In addition to the fact that losses by fire are settled promptly by this insurance company, rates for policies are not increasing. The Northwestern Mutual Fire association writes preferred risks at regular rates with a 25 per cent dividend to the policy holder, thus enabling every individual and business firm to carry adequate protection. This policy is strictly non-assessable and carries no liability other than the first premium.

Klamath Falls.—Klamath Business college moved to Odd Fellows building.

SAFeway STORE IN NEW LOCATION NEXT MONDAY

Announcement was made today of the leasing for temporary occupancy of the room at 209 East Main street by the Safeway Store No. 423, now located at 212 East Main.

Repairing and re-arranging of the building has been started and the store will be in the new location Monday, June 2nd.

D. B. Greene, manager of store No. 423, says the company had a lease on the corner of the Deuel building, recently destroyed by fire, had expected to move thereto June 2nd, and the new location is one of emergency.

The first Safeway Store was opened here four years ago and increase in business necessitated a second store being opened on West Main street, which is in charge of A. G. Anderson.

J. F. Mashburn is manager of this district, which comprises Jackson, Douglas, Klamath and Coos counties, with nine stores, and with constantly increasing business.

Oldest Water Right Involved In Josephine County Title Litigation; Judge Thomas' Opinion Upheld

SALEM, Ore., May 28.—(AP) One of the best farms in Josephine county, and the oldest water rights in that county are involved in a controversy that has been in the courts for 14 years and in which the supreme court has written what probably is the final chapter. The case was suit to quiet title brought by J. G. Houck against nine of his brothers and sisters in which he sought full title to the property.

By the opinion, written by Chief Justice Cushman, which is the denial of a rehearing asked by the plaintiff following a deciding opinion by Justice Rand last January, Houck is held to be only an heir to the property equal in rights with the other heirs.

Many years ago J. G. Houck entered into a contract with his parents, David and Hilah E. Houck whereby they were to deed him the farm on condition that he take care of them the rest of their lives. There was controversy as to whether the son lived up to the agreement. After the death of his father he brought suit against his mother to quiet title. In the lower court for Josephine county he was upheld by Judge F. M. Catkins, in 1916, but the supreme court, in an opinion by Justice Johns in 1919, reversed the lower court.

Later the mother died, and in 1926 Houck brought suit against his brothers and sisters, one brother not entering into the contest against him. In the lower court Judge C. M. Thomas held against him, and this decree was affirmed by the supreme court in the Rand opinion last January.

The parents of the Houck heirs were early day pioneers in the Althouse district, Mrs. Houck contributing to the family support by knitting socks for the miners in the camps along Althouse creek.

PACKARD STANDARD EIGHT PRICES REDUCED \$400

THE Packard Motor Car Company has just advised us by telegram that effective May twenty-eighth (28th) prices of all current models of the Standard Eight have been reduced four hundred dollars (\$400). The new prices are as follows:

Table with 2 columns: Model Name and Price. Includes 5-Passenger Sedan (\$2085), 2-Passenger Coupe (2125), 2-Passenger Convertible Coupe (2150), 5-Passenger Coupe (2275), 5-Passenger Club Sedan (2275), 7-Passenger Sedan (2385), 7-Passenger Sedan Limousine (2485), 2-Passenger Runabout (\$2025), 4-Passenger Phaeton (2025), 7-Passenger Touring (2125), 4-Passenger Sport Phaeton (2325).

These reductions are made because the factory expects to announce in the Fall new cars which, though the same in size and of practically unchanged appearance, will have enough changes to classify them as new models. The new cars, like those we are now offering, will, of course, have straight eight motors exclusively. The new prices give today's purchasers a very great price advantage, and also immediate use of the largest selling and most popular car in the fine car field. Now, it is even more true—by four hundred dollars (\$400)—that you are paying for a Packard. Why not own one? You will never have a better opportunity.

Two-thirds of those who buy the Packard Standard Eight give up other makes of cars. Thousands prefer to buy out of income. Your used car will be accepted as cash and if of average value will more than make the down payment on a new car.
