Twenty-Fifth Year

MEDFORD, OREGON, THURSDAY, MAY 29, 1930.

No. 68.

Today

By Arthur Brisbane
A Vicious Report.
Mr. Ford's Recipe.
5 Billion Dollar Infant.
Mr. Budd Goes to Russia.

Copyright King Features Synd. Inc.

The morning's newspapers publish a secret report of the 1928 national election made by the secretary of the Methodist board of Temperance, Prohibition and Public Morals, now a part of the Congressional Record.

The secret report, accusing Jews and Catholics uniting to beat Hoover, openly accuses religious personalities and religious organizations of voting at an American election on a strictly religious basis.

Vicious discussions and hatreds that have no place in American politics, or American life, will be the outcome of this secret report now published to the whole world.

Henry Ford says people must keep up their spirits, American farmers must develop mass production as American factories do, wages must not be cut, and everybody must be cheerful.

Sound advice for everybody except the man out of a job, and the farmer, who doesn't know how to get mass production out of 50 acres.

Mr. Ford lets the men stand still while this work passes in front of them. The farmer can't stand still and make the rows of corn or cows pass in front of him.

But Henry Ford is a genius and may find a way.

Wall Street believes that J. P. Morgan, most powerful figure in American finance, is perfecting an enterprise that will make his late father's big steel company look like a modest investment.

The new enterprise, called in Wall Street slang, "United Corp.," plans a five billion dollar corporation to include practically everything in the way of public utilities in the North Atlantic region.

Steam power, water power, gas, and the great distributing agencies would all be under one hat.

Tomorrow, Mr. Ralph Budd, president of the Great Northern railway, with his son and some first-class railroad engineers, will start for Europe, to be met by representatives of the Soviet commissar of railroads at the Russian frontier. Mr. Budd will devote a year to planning reorganization of Russian railroads on American lines.

SHAKEUP IS ANNOUNCED BY NORBLAD

Sawyer Removed From Highway Commission — M. A. Lynch Named to Place—Klamath Man to Game Body.

SALEM, Ore., May 29.—(AP)—The removal of Robert W. Sawyer of Bend from the state highway commission and the appointment of M. A. Lynch of Redmond in his place were today announced by Governor Norblad. Simultaneously the governor announced that Lynch had resigned as a member of the state game commission, and that Harry Poole of Klamath Falls was the appointee to succeed him.

Another move in the governor's shakeup in state officialdom announced today was the removal of W. C. North of Portland from the War Veterans' State Aid commission and the appointment of S. J. Halsan of Astoria to succeed him.

The governor did not make a specific statement of his reasons for the removal of Sawyer, but criticized him severely for his attitude towards the construction of the Roosevelt coast highway. He added, however, that this was not particularly the reason for the removal.

The governor's announcement said no other changes in the state highway commission were contemplated. Both H. B. Van Duzer, chairman of the commission, and C. E. Gates, commissioner, were here yesterday conferring with the governor. After the meeting Norblad said both were invaluable to the commission.

"I have never liked explanations," said a prepared statement by the governor. "In the conduct of this office any attempt at detailed explanation would be absurd because it would be endless. My energy and thought can be better put to better advantage in performing better administration."

GIRL CRASHES WHILE LANDING IN QUEENSLAND

Cross Winds Cause Mishap for English Aviatrix On Long Flight—Flier Is Uninjured.

BRISBANE, Queensland, May 29.—Miss Amy Johnson, who flew from England to Australia without mishap of consequence, cracked up her plane at Eagle Farm aerodrome this afternoon while en route from Port Darwin, North Australia, to Sydney. She was not injured.

The plane, carried by crosswinds over the edge of the aerodrome, hit a fence and turned turtle. Miss Johnson, who is 22 years old, was thrown clear of the machine, but beyond a shaking up was not hurt.

The propeller of the machine snapped off and both its wings crumpled, but the undercarriage was not damaged. It will be repaired as quickly as possible to enable her to continue her flight to the southern states.

A large crowd, which had gathered to greet her, cheered vociferously as she was driven to the hangar and proceeded to the city. Previously, at Toowoomba, 5,000 people greeting her had presented her with a purse of 100 pounds sterling (about \$500).

Gold Star Mothers Leave France For Home With Comforted Hearts

PARIS, May 29.—(AP)—The hundred and twenty-seven gold star mothers left Paris this forenoon in a special train for Cherbourg, where this evening they will board the steamship, President Harding for home.

Two of the mothers, one from the north, and one from the south, spoke their thanks at leaving for the courtesies they have been extended here and for the government's part in arranging their trip.

Girl Graduate Has 'All Class' Honors to Self

WEST BRANCH, Iowa, May 29.—(AP)—Miss Gretchen Greensey of Pittsburg, Kas., has the unique honor of being the entire graduation class of the Scattergood school in President Hoover's home town.

Reflecting upon her singular distinction, Miss Greensey said: "Just think. You get to choose your own class honors, your own flowers, be the president, vice-president, secretary and treasurer of your own class, and chairman and sole member of the committees you care to appoint."

INDICT 350 IN CHICAGO RUM DEALS

Brother of Scarface Capone and Eight Henchmen Are Named in Wholesale Charges—Jones Law to Be Factor.

CHICAGO, May 29.—(AP)—Naming 350 persons, including Ralph J. Capone, for violation of the liquor laws, the May federal grand jury today had established a record in this district for the greatest number of indictments at a single session in the history of the prohibition law.

Capone, younger brother of "Scarface Al," late of Chicago but now shadowboxing in Miami, Fla., was named in two true bills yesterday in connection with recent raids on the Cotton club and the Montmartre club, both in suburban Cicero, and alleged to be owned by Capone.

The majority of the indictments returned, including Capone's, came under the Jones law, which provides a maximum sentence of five years imprisonment and a fine of \$10,000.

Named with Capone were eight associates. They were charged with illegal sale and possession of intoxicating liquor, maintenance of a public nuisance and conspiracy to violate the national prohibition laws. Capone and his associates are at liberty under bond.

JOSEPH BACKERS SPENT \$24,963

SALEM, Ore., May 29.—(AP)—The Joseph-for-Governor club has expended in behalf of the campaign of George W. Joseph for the Republican nomination for governor \$24,926.35, according to a statement filed with the secretary of State by William A. Dabziel, secretary of the club.

Joseph personally reported an expenditure of \$945.40.

FIND WOMAN'S BODY WITH DIAMOND RING

NEW YORK, May 29.—(AP)—The body of a woman, upon whose finger was a diamond ring and about whose neck and legs was a copper wire drawn tight, was found today in the Harlem river a few blocks from the Yankee stadium.

Police estimated the corpse had been in the water for two months or more.

5,000 CAR CROP GRADING PEARS PREDICTED FOR FOR CANNERIES VALLEY SEASON AIM IN OREGON

Guy Connor Says Present Weather Conditions Ideal for Fruit — Hail, Frost Loss 10 Per Cent.

The fruit crop, apples and pears, of the Rogue River valley (Medford district) the coming season, will exceed the 5000 car mark, according to the forecast of Guy W. Connor, of the Simon, Shuttleworth and French company. He estimated that the pear crop, for all varieties except Howells, will exceed the 1929 figures by 100 cars. Connor predicts there will be an apple crop of approximately 650 to 700 cars.

Connor, who is highly conversant with local fruit conditions, thus long experience, makes the following estimates by varieties:

	Carloads
Boscos	817
D'Anjous	973
Comice	325
White Nells	516
Howells	75
Bartletts	1660
	4266

The pear crop shipments last year totaled 3650 cars. The Connor forecast of 650 cars of apples this season brings the total fruit shipments for 1930 to 5016 cars.

Present weather conditions are pronounced by Connor as ideal for development. "With the fruit coming along beautifully," he said.

Damage from hail and frost is placed at 10 per cent of the total crop, a negligible factor.

PREMEDITATION IN KING CRIME CLAIM

EUREKA, Cal., May 29.—(AP)—With the jury fully informed on the surroundings in which Minnie McCoy met death February 20, the state was prepared today to introduce testimony to show that Clarence L. King, her common-law husband, killed her intentionally that he might marry another girl.

ZEPPELIN SIGHTED OFF THE AMAZON

LONDON, May 29.—(AP)—The master of the steamer Wokingham, radioed the Associated Press by way of Salina that he had sighted the Graf Zeppelin at 10 o'clock today. Greenwich time (5 a. m. E. S. T.) and exchanged radio messages. The radio from the Wokingham said: "10:00 a. m. G. M. T., passed very close to Graf Zeppelin, latitude 5.35 north; longitude 46.9 west. Exchanged radio signals. Fine, calm weather. "Zeppelin flying low toward northwest. Presume all well." The position indicated by the steamer is 459 miles east of Caracas, French Guiana, and 509 miles north of Para, Brazil, at the mouth of the Amazon.

MEMORIAL CENTER IN ARLINGTON

Grand Army of Republic to Observe Day With Annual Exercises Near Unknown Soldier's Tomb—Service Men Lay Wreaths

WASHINGTON, May 29.—(AP)—The national capital tomorrow will celebrate Memorial day quietly with exercises at the tomb of the unknown soldier and other spots of historic and patriotic interest.

President Hoover will be out of the city, delivering an address at Gettysburg, Penn. He plans to leave the White House early in the day for the site of the great civil war conflict, going from there to Williamsport, Penn., and returning to Washington on Saturday.

The principal event of the day's observance here will be the annual exercises of the Grand Army of the Republic in the amphitheater at Arlington national cemetery, close by the tomb of the unknown soldier.

The American Legion, the veterans of foreign wars, and the disabled American veterans, also will decorate the tomb. Wreaths will be placed, too, upon the statues of American war heroes in various parts of the city.

The Woodrow Wilson foundation committee has arranged a pilgrimage to the tomb of President Wilson at the National (Protestant Episcopal) Cathedral. A wreath will be placed upon the tomb by Frederic A. Delano, chairman of the committee.

CLARK WINNER OVER SWIGART, HAMMOND OUT

Local Orchardist Stays in State Tourney By Close Victory in Second Round Match.

EUGENE, Ore., May 29.—(AP)—The University of Oregon golf invitation of the Oregon state championship was stemmed today to some extent when the state favorite came through victorious in the second round of the elimination at the Eugene Country club.

Vincent Dolp, Pacific coast intercollegiate champion, and Rudie Bain, Oakland, Cal., were the only two university players to weather the championship flight today. Dolp defeated Dick Near, Oregon state junior champion and Eugene high school student, 3 and 2, while Bain eliminated Bill Palmberg, medalist in the qualifying round, 1 and 1, after starting the second nine one down.

Frank Dolp, Alderwood star and Pacific Northwest champion, had little trouble in disposing of W. H. Turner, Columbia, 5 and 3. Rudie Wilhelm, former holder of the state title, defeated Bob Hammond, Medford star, 3 and 2, after a close battle. Tai Boyer, Multnomah, defeated Harrison Kincaid, Eugene, 4 and 3.

Roy Moo, R. Adelberger, William Brower and Carl Lodell all won their matches in the first flight by default. Don Clark, Medford, won his match in the second flight against L. B. Sigwart, Eugene, one up.

Oregon Weather
Oregon: Generally cloudy tonight and Friday, probably showers in the extreme west portion, cooler in the extreme east portion tonight. Moderate southeast and south winds on the coast.

Chicago Gang Killing Is Complete Except For Body of Murdered Man

CHICAGO, May 29.—(AP)—A gang gunning that left no corpse deficit mystified police today. That murder was done, police were certain. The blood stains were still there at the entrance of the alley in the Edgewater residential section this morning. A man identified as one of the gang members was in jail, captured as he walked hurriedly away with a shotgun and a .45 calibre pistol. Shot by the body was gone.

Policeman Finds Lindy Willing to Discuss Weather

PATTERSON, N. J., May 29.—(AP)—Fred Thompson, politician, is pleased over his success with a celebrity. He requested a lift of a motorist who asked if the driver would stop merely to smile. The politician remarked on the nice run the motorist's father-in-law was making. There was no answer. Then there were remarks about the weather. Colonel Lindbergh agreed that it was atrocious.

CO-OP FUND FOR CHEESE PLANT NEAR

Success of Drive for \$10,000 Seems Assured—Install Plant Soon As Stock Subscribed—Market for Produce Assured.

The co-operative cheese factory project for the Rogue River valley, on which the dairymen and others interested have been at work for months past, is now a seemingly assured fact, it was learned today from an authoritative source, as all but a thousand or more dollars of the \$10,000 capital stock has been subscribed. This work of gathering in subscriptions has been going on quietly and effectively for weeks past.

At a meeting of the board of directors of the chamber of commerce this week, which body has endorsed the project as one of the worthy needs of the valley, the directors named a committee to aid in rounding up the remainder of the \$10,000 capital stock sought, and it

The Interstate commerce commission, on December 3, 1929, after a hearing petitioned by the public service commission of Oregon, ordered the O. W. R. & N. company to start by July 1, 1930, on the 185-mile extension from Crane on the Ontario-Burns line, westward across the Central Oregon plateau to Crescent Lake, a station on the Cascade route of the Southern Pacific company.

The order said the line must be completed and in operation by July 1, 1931. Failure to comply, the order said, would result in a fine of \$100 a day on the O. W. R. & N. company.

BLIGHT BATTLE RULES DECIDED BY VAN WINKLE

Horticulture Board Cannot Force Payment for Pulling Trees, Where Cutting Sufficient.

SALEM, Ore., May 29.—(AP)—Charles A. Cole, secretary of the state board of horticulture, has put the following question to Attorney General Van Winkle:

"If necessary for the state board of horticulture to clean up an orchard by destroying the trees, can it force payment of added cost for pulling the trees out by the roots, when cutting them off at the ground surface would be sufficient? The former operation costing one-third more per tree than the latter?"

The attorney general's reply is in the negative.

Two other questions were: "If the fruit or products show worm holes or insect markings, is it necessary for the insect to be present in order to condemn shipping?"

"Does one worm or insect justify condemning an entire shipment of fruit or products?"

The answer to these is that the board must use its own discretion.

RAILWAY TO FIGHT I. C. C. LINK ORDER

Petition to Enjoin Enforcing Construction Crane to Crescent Lake Ukase Is Filed By O.-W. Co.—Cost Held Excessive.

PORTLAND, Ore., May 29.—(AP)—A petition to enjoin the interstate commerce commission from enforcing its recent order that the Oregon-Washington railroad and Navigation company construct a cross-state railroad from Crane to Crescent Lake, was on file in federal court here today.

The petition, which was filed by attorneys for the railroad late yesterday, attacked the constitutionality of the interpretation of the federal law, under which the interstate commerce commission acted in handing down the construction order.

Cost Excessive.
The railroad contended in its petition that the extension would cost in excess of \$11,000,000 and that its outstanding securities would shrink in value by reason of forced and alleged unwise expenditure in this particular extension; that its ability to perform its public duty would be impaired; that the rail extension as ordered would terminate at a point more than 100 miles from the nearest O. W. R. & N. company connection and could not be operated at less than an annual deficit of \$1,000,000; that affiliated lines would be seriously robbed and impaired by freight diverted to feed the cross-state line.

To Start July 1.
The Interstate commerce commission, on December 3, 1929, after a hearing petitioned by the public service commission of Oregon, ordered the O. W. R. & N. company to start by July 1, 1930, on the 185-mile extension from Crane on the Ontario-Burns line, westward across the Central Oregon plateau to Crescent Lake, a station on the Cascade route of the Southern Pacific company.

The order said the line must be completed and in operation by July 1, 1931. Failure to comply, the order said, would result in a fine of \$100 a day on the O. W. R. & N. company.

DIAMOND LAKE ROAD DISTRICT AUTHORIZED

SALEM, Ore., May 29.—(AP)—Governor Norblad today signed a proclamation creating the North Umpqua Diamond Lake highway improvement district. It was voted by the people of the district at the May 18 election. A road from Roseburg to Diamond Lake is the purpose of the district.

ADVENT CONFERENCE ORGANIZED IN S. F.

SAN FRANCISCO, May 29.—(AP)—Formal organization out of the way the 2000 delegates to the quadrennial world conference of Seventh-day Adventists today started the active work of their gathering, which is to last until June 12.

WILL ROGERS SAYS:

BEVERLY HILLS, May 29.—Next to the discovery of a cancer cure, there couldn't possibly be anything of any more value than the claim in the papers today that John Hays Hammond has discovered a television that would penetrate fog, and that an aeroplane pilot could look at the television and see exactly what was through the fog. If they got that, why that's all they been needing, finding a way to eliminate fog. The next big discovering is to find a way to get prohibition out of politics.

Will Rogers says:
