NOTICE! To Our Many Friends and Customers of Medford and Jackson County: It has been called to our attention that there is being shown in Medford a wood and coal range called the TOLEDO. This is not the same Toledo range that we have the exclusive sale of in Medford. The Toledo range that we sell and that you own is the Toledo range MANUFACTURED BY THE MONTAG STOVE WORKS AT PORTLAND, ORE., and was either purchased from the Scott-Wool Furniture Store which quit business last year, or from us. This SO-CALLED TOLEDO range will no doubt be offered at a very low price, and we again warn you that you can only buy the genuine "TOLEDO BY MONTAG" at our store. So, friends, at any time you are offered a wood and coal range called the Toledo, just ask who makes it and where? If not by Montag Stove Works at Portland, Oregon, you are not getting the Toledo range that has gained such overwhelming success in Medford and Southern Oregon. Of course, we realize it is a great temptation for any store to try to get in on the benefits of the tremendous success of the "TOLEDO BY MONTAG" in this locality. Because we earnestly believe that there are more "TOLEDO BY MONTAG" ranges in Medford and vicinity than any two other makes combined. From now on all our ranges will have a new name-plate, to read as follows: "TOLEDO BY MONTAG"; and the name will be copyrighted. So no jealous, unethical or unauthorized persons can copy it. Remember, friends, that we have built our business upon the merits of the merchandise we sell and our policy of friendliness to all who come to our store. Never have we tried to imitate some line of merchandise carried in our town by other stores, because it was a good seller. And any time that we have to do this to get business, we will quit for good. Remember that you can buy "TOLEDO BY MONTAG" only at— John Cupp Furniture Store 315 East Main Phone 505
