## RAINFALL SHY DESPITE LONG CLOUDY SPELL

### Government Report for May Shows Cloudiness Prevented Frost Damage—Hail On 13th Hurt.

The month as a whole was one of considerable cloudiness and occasional light rains, accompanied by cool day temperatures and mild, moderately low night temperatures, says the meteorological report for May issued by the U. S. weather bureau. The prevalence of clouds prevented extremes of high temperature during the daytime and also caused low night temperatures to remain above the freezing point. The danger of frost damage to fruits was greatly lessened by the continual procession of clouds over the Rogue valley. Nightly heat radiation was prevented, with the result that the occasional killing frosts which are ordinarily expected during May were absent. Orchard heating during the month was at a minimum and damage to orchards from frost was light. Occasional thunderstorms and hail occurred but with the exception of general light damage by hail in the southwestern portion of the valley on May 13, no unfavorable reports were received. Heavy rains accompanied the thunderstorms but the heaviest fall was confined to the surrounding mountain sides. Light showers were scattered throughout the month and apparently there was ample moisture fell. However, the total amount of precipitation, 0.82 inches, was 0.29 inches short of the normal figure for May. The total seasonal rainfall since September 1, 1929, is now 13.85 inches, and as compared to the normal amount, 16.75 inches for the period indicates a deficiency of 2.90 inches for the season. Other data summarizing the month are as follows:

Atmospheric Pressure: Mean sea level, 29.98 inches; highest for the month, 30.44 on the 21st; lowest, 29.73 on the 4th.

Temperature: Highest 83 degrees on the 1st; lowest 32 degrees on the 4th; greatest daily range 43 degrees on the 1st; least daily range 12 degrees on the 28th; mean temperature for the month 54.4 degrees.

Precipitation: Total 0.82 inches; greatest amount in 24 hours, 0.25 inches on the 2nd and 3rd; normal for the month 1.21 inches; deficiency since September 1st 1929, 2.90 inches.

Mean relative humidity: (Percentage) 5 a. m., 86 per cent; noon 47 per cent; 5 p. m., 41 per cent.

Wind: Prevailing direction northwest; total movement 4465 miles; average velocity 6 m.p.h.; maximum velocity 31 miles per hour from northwest on the 9th.

Weather: Number of days clear, 5 partly cloudy 8; cloudy 18; on which .01 inch, or more, of precipitation occurred, 9.

Light frosts occurred on the 4th, 5th, 7th, 9th, 22nd, and 25th.

## JUDGE CAMPBELL WAS EASY WINNER

SALEM, Ore., June 5.—(A)—Judge J. U. Campbell of Oregon City received a majority of 23,485 votes over George S. Shepherd of Portland in the contest for the Republican nomination for the supreme court at the May 16 election, according to complete official returns received by the secretary of state. Campbell's vote was 72,311 and Shepherd's 48,640.

Congressman Franklin F. Krell of Portland received a majority of 8043 over L. B. Sandblast, his nearest competitor for the nomination. Krell received 31,429 votes, Sandblast 13,356 and R. G. Duncan 11,479.

Two More Die  
LUBBECK, Germany, June 5.—(P)—Two infants, dying today, brought the toll from administration of anti-tubercular serum to 28 persons. Many others ill are expected to live.

## PHOENIX FOLK AT C. P. GRADUATION

PHOENIX, Ore., June 5.—(Special)—A number from Phoenix motored to Central Point last Thursday night to attend the graduation exercises. Among those attending the exercises were Mr. and Mrs. Andrew Hearn, Mr. and Mrs. Raymond Ferry and daughter, Patricia, Leo Ferry, Mrs. Fred Ferry, Harry Reames, Mrs. Lillian Coleman, Miss Fay Carver, Norman Anderson, Mrs. Donna Graffis, Mrs. Chub Anderson, Mr. and Mrs. Roy Caster, Mrs. Edsall, Mr. and Mrs. Tom Edsall.

Roberta Reames and Marion Caster, well known here and former students of the Phoenix school were graduates of the Central Point high school this spring.

## HUGE SCAPPOOSE CANNERY TO RISE

PORTLAND, Ore., June 5.—(A)—The new California preserving company plant at Scappoose, the first unit of what is expected to grow into a \$1,000,000 operation, started there today with workmen erecting the \$55,000 storage tank houses.

Plans are ready and work will start shortly on the processing plant, which will be erected at a cost of \$80,000 to handle large numbers of cucumbers, string beans and cabbage. Five acres of land have been acquired near the railroad and 10 acres are under option adjoining it.

The California Preserving company has a large plant at Hayward, Cal., and officials said the Scappoose plant would be equally as large.

## G. PASS SLAYER ENTERS APPEAL

EMMETT, Idaho, June 5.—(A)—Notice of appeal to the supreme court of the conviction of John C. McClurg, sentenced to hang for the murder of his wife, was on file here today and the date of execution was automatically set back 90 days.

The notice of appeal was filed by W. D. Zent, attorney for McClurg.

McClurg, formerly of Grants Pass, Ore., was sentenced to die on the gallows June 13 for the murder and burning of his wife, Mary Emmer McClurg, formerly of Cle Elum, Wash., in an automobile near here December 9. He contended it was an accident.

## PORTLAND DOCTOR TO LOSE LICENSE

SALEM, Ore., June 5.—(A)—The state board of medical examiners has grounds for revoking the license of Dr. A. A. Ausplund of Portland, Attorney General Van Winkle rules in an opinion to the board.

Ausplund, some years ago, was sentenced to a term in the penitentiary for manslaughter resulting from an illegal operation on a woman. Acting Governor Roy W. Ritner paroled him in 1922 on condition that he return to his former home in Sweden under a \$1500 bond. Eventually Ausplund returned to Portland where he is now practicing.

## OSTEOPATH MEET IN ALBANY NEXT

SALEM, Ore., June 5.—(A)—Dr. F. Don Baylor of Salem was elected president and Albany selected for the 1931 convention city, at the close of the two-day annual meeting of the Oregon Osteopathic association Tuesday. Other officers elected were Dr. G. E. Holt, Pendleton, vice-president, and Dr. G. L. Jordan, Albany, secretary-treasurer.

Dr. Harriet Sears, Ontario, won recognition for traveling the greatest distance to the convention.

## CORNS REMOVED ONLY 10 CENTS

Corns Come Out Without a Murmur; Pain Gone At Once—Guaranteed.

WAFERS THIN AS PAPER SHOES DON'T HURT

"I never saw their equal." Yank corns right out by the roots and never a pain or sting. It's a joy to stick an "O-Joy Corn Wafer" on a tender, achy corn. Away goes pain immediately and then later out comes callous, corn, roots and all. Slip shoes right on—they won't hurt. O-Joy Corn Wafers are thin as paper. Stop using ugly burning acids and doughnut plasters. Thousands of people tortured with corns have joyfully praised O-Joy Wafers. Results absolutely guaranteed. Six wafers for 10 cents. At leading druggists.

## WHOLE WORLD TO BAN BOOZE AVERS LEADER

### Federation Women's Clubs President Sees Other Countries Following U. S. in Prohibition.

DENVER, Colo., June 5.—(A)—It's only a matter of time until the whole world "goes dry," despite the opposition to prohibition and the people who "vote dry and talk flippancy about its enforcement," in the opinion of Mrs. John S. Sippel of Baltimore, Md., president of the federation of women's club.

Mrs. Sippel arrived here yesterday for the biennial convention of the federation which opens today. "The whole world is watching the United States," she said. "If we handle this problem and do away with the use of liquor, it won't be many years before the other countries will follow suit. The women of the world will unite to fight liquor as they will unite to bring about peace."

"The men who vote dry and talk flippancy about enforcement of prohibition, who make a joke of the issue and discuss it lightly, are just as harmful as those who do not," she asserted.

"The whole future of our country depends on the enforcement of the eighteenth amendment."

Among those attending the convention is an Indian princess of the Delaware tribe, whose ancestors bargained with William Penn over the site of Philadelphia. She is Mrs. Eugene B. Lawson, second vice-president of the organization, whose home is in Tulsa. She is the author of several books on Indian legends, and the granddaughter of Chief Johnny Cake, last chief of the Delawares.

## MOTHER ELECTROCUTED THROUGH FLOOR GROUND

BAKERSFIELD, Cal., June 5.—(A)—Mrs. Jennie Sillzoff, mother of three children, standing on a damp floor was electrocuted when she connected the electric cord of a washing machine to a socket.

Forbid Beach Dance  
TAMPICO, Mexico, June 5.—(A)—The municipal authorities have forbidden dancing in bathing suits at Miramar Beach, principal sea-

side resort of Tampico. The authorities have ruled the practice immoral.

Ex-Tennis Star Dead  
NEW YORK, June 5.—(A)—The

death of Dr. George King of New York, nationally known tennis star and a member of the country's "first ten" in 1926, became known today. He was 36 years old.

### Your old iron is worth \$100 . . . if you buy the EASIEST IRON to use

Whether it's an old-fashioned sadiron . . . a gas iron . . . or an electric one that's seen its best days . . . it is good for \$1.00 if you turn it in on a new Westinghouse Adjust-o-matic.

This remarkable new iron is finished in bright, non-tarnishing Chrome—that makes ironing 30% easier. It has both adjustable and automatic control of heat . . . a beveled edge . . . and a tapered point. To see it is to want it. To use it is to realize a new ease in ironing.

For sale at your electrical dealer or light company

### KEEN and ALERT at "FOUR" the day's grind demands men of unusual Vitality

"Oh! fine."

you want to feel the same way

BUSINESS today requires that the successful man be physically fit and mentally alert. Men, especially, forget themselves physically. Their work demands practically all their time. They do not exercise enough. They get little or no sunshine. They are robbed of a good appetite . . . and when their red-blood-cells fall below normal their flesh becomes flabby, their nerves unsteady. Their strength must be reinforced.

Soundness of body and peace of mind depend upon the proper number of red-cells in the blood—5,000,000 to the cubic millimeter. They give blood its color and are carriers of nourishment to every part of the body. It is dangerous to let the red-cell count remain below normal.

S.S.S. has been a blessing to millions who have taken advantage of its wonderful medicinal properties. It helps Nature build rich, red-blood-cells. It promotes healthy body building.

You will be pleased to know that S.S.S. is made from strictly fresh vegetable drugs. It is easily assimilated. Pleasant to take.

# S.S.S.

It is taken by many people at least once a year to keep their blood in good condition. Seek energy, vitality and the blessings of good health through this time-tested remedy which has been on the market over 100 years. Take at mealtime. S.S.S. is on sale at all good drug stores in two sizes. Ask for the larger size. It is more economical.

## Makes You Feel Like Yourself Again

# "Why have air in your tires at all— if you bury it under a lot of needless weight and bulk?"

Yours, *Chas. Leonard*

## FEDERAL

ANY MANUFACTURER CAN MAKE a tire that will give long mileage, by piling on a lot of stiff, heavy material. But that superfluous weight kills the cushioning effect of the air. The trick our ablest tire engineers have been studying for years is how to get more real air-cushioning and amazingly long mileage in the same tire. And in these new-type Federal Tires you see the answer—big, plump tires—with a 12% larger cushion of air—with a longer, stronger, yet more flexible side wall—with a new rim-wide, full-contact Tread—with a life expectancy of 50,000 miles and more—and sold on a "Money-Back" Guaranty.

It's the most startling tire development ever made. If you want real air-cushioned riding comfort at lowest cost per mile, come in and hear the Federal story.

### Like an athlete in the pink of condition. Speed, strength and stamina in perfect balance
