CHICAGO, June 6.—(AP)—The big parade of America's college track stars invades Stagg field at the University of Chicago today for qualifying tests in the ninth annual renewal of the National Collegiate Athletic association's championships.

Possibilities for a world record performance in the mile run were dimmed by the necessity of running the race in four sections. The field was so large that it was decided to split it up, which left it to chance that such stars as Hill of Oregon, Kiser of Washington, Swartz of Western State Teachers, Kalamazoo, Mich., and Jack Walker of Marquette, might be drawn in the same section and create proper competition for a record attempt.

Ed Hamm of Georgia Tech appeared to have the broad jump pretty much to himself, following reports last night that Edward Gordon of Iowa, the Big Ten's best had been out from the Hawkeye squad.

SANDE SUFFERING INJURY BY AUTO ON EVE OF RACE

NEW YORK, June 6.—(AP)—On the eve of one of the most important races of the season—the \$80,000 Belmont Stakes—Earl Sande, famous jockey, today was suffering from minor injuries received in an automobile accident.

Sande was treated at the Jamaica hospital last night for lacerations of the left cheek, nose and hand and later went to his home. It was believed the injuries would not keep him out of the Belmont stakes tomorrow when he is to ride Gallant Fox, the horse on which he won the Kentucky Derby and the Preakness.

Three other persons were injured in the accident in which three cars figured.

DUCKS CAPTURE EIGHTH VICTORY IN 11 CONTESTS

By the Associated Press
The Portland Beavers registered their eighth victory in eleven games in a bang-up contest with the Sacs yesterday. Finding themselves trailing as a result of three Sacramento runs in the seventh, they came back for two each in the eighth and ninth to win, 4 to 5.

Fullerton, for Portland, and Vinci, for the Sacs, pitched stellar ball until the runs started coming in, when they were relieved by Casarella and Gould, respectively.

San Francisco's Seals reiterated that they are a Coast League first half season threat yesterday by turning the tables on the Missions, 8 to 7, while Los Angeles was throwing a real scare into the league-leading Sacs by winning from Hollywood, 13 to 4, and moving up to within a half game of first place.

The Seals decided that two straight losses to their neighbors, the Reds, were enough and overcame a 7 to 1 Mission lead by knocking out five hits for seven runs and a victory in the seventh inning.

The Angels made it three in a row over the Stars, opening by Fred Haney's homer with three on in the first inning, and never being headed throughout.

Seattle made it two out of three from Oakland, 6 to 2. Elmer Hanson pitched eight innings shut-out ball and Howard Craghead five, the longer stretch of the former being good for a Seattle win.

CASTOFFS PLAY BEST AGAINST FORMER MATES

Giant Lineup of Former Reds Proves Truth of Trading Psychology—Ex-Pirate Also Effective.

By Hugh S. Fullerton, Jr., Associated Press Sports Writer.

A student of psychology might well find material for research in the mysterious something which makes baseball players who have been traded from one club to another do their best against their former mates. This phenomenon has been remarkably evident in this season's games, and all the more noticeable because of numerous recent trades.

The New York Giants, now composed to a considerable extent of former Cincinnati players, dispersed one great feat after another as they swept a three-game series with the Reds. Lacking the perfect combination of having an ex-New York pitcher opposed to them, the Giants didn't do their best in this line as they won the final game yesterday, 7 to 4. But Hughey Critz, known as a light hitter before he came to New York, upheld the tradition by hitting a single and a home-run and driving in two runs.

Weight Effective.

Glenn Wright, whom the Pittsburgh Pirates sent to Brooklyn in exchange for Jiggs Petty two seasons ago, returned to action against his old team yesterday and was instrumental in giving the Robins a 6 to 5 victory.

The Chicago Cubs got along very well without two former Bostonians, Hornsby and Bell, as they wound up their series against the Braves with a 10 to 7 victory. It

VAST VENETIAN KO'S CHRISTNER IN 4TH FRAME

Akron Iron Man Opens Hostilities With Terrific Onslaught—Carnera Methodical, Effective.

DETROIT, June 6.—(AP)—Primo Carnera, "The Ambling Alp," is one of the foremost among the heavyweight contenders today by reason of his impressive four round knockout victory over Meyer "KO" Christner, of Akron, Ohio, in Floyd Fitzsimmons' arena last night.

After a bad first round, in which Christner sent the crowd of 18,000 wild with a barrage of lefts and rights which the giant Italian could not ward off, Carnera began a systematic attack, directed principally at his opponent's bad left eye. He had the optic badly swollen at the end of the third and set the blood to flowing freely from a cut over it with a brace of left jabs in the early part of the fourth.

Then came a ponderous right to the chin, with one minute and forty seconds to go, and the man whom Sharkey, Risko and Knute Hansen couldn't fell, went down. Not until well after the count of ten was he able to rise.

Primo Had Weight.

Primo outweighed the Akronite by 64 pounds, sealing 245 pounds, compared with Christner's meager 201, but it was the superior height and reach of the giant Italian which decided the match. Time and again Carnera held Christner at arm's length and banged him with his free gloves.

Christner fought gamely to the end. Aiming his blows high, he used both right and left to good

advantage, several times making Primo sink perceptibly. Carnera remained calm throughout, however, absorbing punishment with a smile and smashing back at every opening.

Eleven thousand skeptics who paid \$75,000 to see Primo in action left satisfied that he can take and give.

PLENTY BIDDIES TO HATCH EGGS

Yes, we have plenty of sitting hens—plenty of them, too, so say members of the Jackson County Game Protective association, who recently issued a call for hens to hatch young pheasants. The response has been so great they now want to check the supply coming in and state they have enough hens to hatch all the eggs they expect to get during the next two weeks.

Three hundred pheasant eggs have been placed in the chicken hens' nests this week. Three hundred more will be set next week. A sufficient number of adopted mothers has been received to care for the broods which will emerge from the eggs.
