

EUROPEANS MAY FIGHT U. S. FILMS

Organized Resistance to American Conquest of Movie World Planned—Good Talkies Made in European Studios.

By Wade Werner
(Associated Press Staff Writer)

BERLIN—(AP)—Film interests on this side of the Atlantic are taking their cue from the diplomats and talking about a motion picture United States of Europe.

The center of this talkie union would, of course, be a sort of Pan-European Hollywood. Its aim would be the organization of a united resistance against America's film conquest of the world.

With the birth of the talkie era came a lot of premature optimism over here. It was assumed that the language barrier quickly would accomplish what film quotas and contingents had failed to do.

Success in England

But the quick success of Hollywood talkies in England, despite the critics' complaint that no Englishman could understand them, demonstrated that language barriers alone could not stop the invasion. Where here in Berlin one German-made talkie a club is being shown a hit by selling its dialogue liberally with American slang.

So the latest plans for meeting the American "menace" do not blindly rely on the language barriers, even though they seek to talk full advantage of them. They indicate a trend toward unification of the non-American talkie front, a strengthening of the defense against Hollywood.

Swiss Center Seen

If the Pan-American Hollywood is located in some such country as Switzerland, its studios would be within easy striking distance of all the centers of Europe. The most popular players and singers of the various countries could be engaged for a picture—English, French, German, Spanish and Italian casts succeeding one another on the same set, without any player being more than an afternoon's air ride from his home stage.

Without waiting for the union to materialize, various companies and combinations are trying out the basic idea. The English-German film "Atlantic" profited by the easy availability of good casts in both countries; in Paris four German-French talkies have been filmed; a German-Swedish producing company is getting under way here; a German-Italian voice feature, "Ave Maria," is in preparation.

That good talking-singing pictures can be made in Europe is admitted. Whether even a real Pan-European Hollywood, well-organized and rich, will be able to dent the prestige of America's talkie town is another question.

LADY DENOUNCER IN NEED OF CASH

PORTLAND, Ore., June 6.—(AP)—Mrs. Ann Schrader, whose recent actions have earned her the sobriquet of the "Joan of Arc of Portland," spoke to a crowd of 300, mostly women, last night on "graft in the higher places."

At the conclusion of her talk, Mrs. Schrader told the audience that it cost \$150 to rent the hall and that the admission fee would not pay it. She suggested that any "loose change" the audience possessed be given toward the rent of the hall.

LOS ANGELES, June 6.—(AP)—Showing what is believed to be the largest growth of any city of major size in the United States, Los Angeles today awoke to find itself among the first five cities of the nation with an official population of 1,231,730, an increase of 655,957, or 113.59 per cent, over the 1920 figures. Name Your Favorite Local Beauty For Entry In Lion Club 'Miss Medford' Test

(By Lions Club Committee)

Beauty is being sought the world over. Either consciously or unconsciously, everyone seeks the agreeable, illusive quality as the flowers seek the sunshine.

The world is now searching for the most beautiful girl. Committees have been appointed the world over and are busy putting every effort into the search for "Miss Universe." The girls will be impartially judged in various contests.

Medford, not to be outdone, is represented and sponsored by the local Lions club. Some fortunate young lady will be selected from the local contestants and elected as "Miss Medford."

As it beauty was not sufficient, this lucky young lady will be completely outfitted for the occasion of judging, when she is elected to compete with other lovely girls from the state.

Should "Miss Medford" be selected to represent the state, after taking part in various enjoyable festivities at Jantzen Beach, near Portland, she will be prepared as befits her position, for the final competition. Dressed in her lovely ensembles she will be accompanied by a chaperon, to Galveston, Texas, where the entourage will be stationed.

Should "Miss Medford" be chosen

TOMATOES GLUT PORTLAND MART PRICES DECLINE

PORTLAND, June 6.—(AP)—Butter prices continue to show strength, but no changes have been announced. Demand for both storage and home consumption appears much brisker.

Egg prices were also holding their own.

Reviewing the fruit and vegetable situation, the Portland bureau of the U. S. department of agriculture says:

"Portland's team tracks are over supplied with tomatoes and cantaloupes; and both commodities show heavy price declines. Cantaloupes declined nearly \$1.00 per crate, to \$2.50-\$2.75 for standard size. Part of this decline is due to generally ordinary quality. Tomatoes sold to jobbers as low as 90¢ per lug of fair-quality Californians, ranging up to \$1.75 for best stock from that district.

"Strawberries were in light supply after the past few days' rain. Quality of most stock was rather poor; although some banks berries were very good. The market was firm at \$2.25-\$2.50 per crate.

Wall Street Report

NEW YORK, June 6.—(AP)—The stock market was subjected to another minor bear offensive today, but the speculative community has given itself up so completely to a premature case of midsummer slumbers that bears were unable to make much headway. Prominent shares generally were depressed a point or two. More than a dozen issues, mostly inconspicuous, reached new lows for the year.

More energetic pressure was applied by the bear faction in the last hour, when some popular industrials touched new low figures for the year. Columbia Graphophone sold at 21, off 5 1/2, and U. S. Industrial Alcohol at 8 1/2, down 6 1/2, both new lows. Air Reduction, Allied Chemical, and Auburn Auto

lost 5 to 7 points, and Vanadium Steel, J. I. Case and Johns Manville 3 to 4. The closing was weak. Total sales approximated 1,900,000 shares.
