Today

By Arthur Brisbane
Our Problems, Several.
Crime's Big Income.
Again, Prof. Einstein.
Why Women Chatter.

Copyright King Features Synd. Inc.
Sousa said: "Anybody could lead my band as well as I could for a little while."
Anybody can lead the United States while everything is going cheerfully. Any president can look like a great president, any corporation head like a great corporation head, when the money is rolling in faster than the people can spend it.

Real qualities are shown when times are NOT so good, values of securities dropping, workers losing their jobs.
To say that not very much has been done to take active charge of discouraging conditions, is not criticising anybody.

The nation had "wished" upon it a wet-dry problem, and with it such an outbreak of crime as the world has never heard of.

Men may think as they please about prohibition and its wisdom. But they cannot have two opinions about the crime wave. The city of Chicago alone pays gangsters in the bootlegging business a yearly income as big as the total income of the government from beer and whiskey in the old days.

The income of the organized criminal classes in the United States is greater than the income of the United States government itself, with all its billions.

It would take a Mussolini and drastic Mussolini methods to deal with that crime situation.

At Perth Amboy, N. J., a powerful explosion injured 50, killed two women, starting a disastrous fire that destroyed several buildings. Those that write our history a hundred year hence will be interested in the fact that the police sought only two explanations, a bootlegging still blown up, or "building racketeers" blowing up a building because contractors refused to "come across."

A pleasant picture of civilization.
Einstein produces a new explanation of the inexplicable.
Time and gravitation, it seems, amount to little. The great reality is "space." In other words, "when the earth was without form, and void, and darkness was upon the face"

SCHALL IS NOMINEE IN MINNESOTA

Second Term in Senate Indicated in Primary Returns—Maine Nominates Congressman White to Succeed Gould in Senate.

ST. PAUL, Minn., June 17.—(AP)—Nomination of Thomas D. Schall, Republican, for a second term in the United States senate was indicated today when more than one-fourth of the state's precincts re-

Thomas D. Schall

turning from yesterday's primary election gave him a plurality of 25,593 over Governor Theodore Christianson, his chief opponent.
Returns from 1056 precincts out of 3698 in the state generally distributed in urban and rural regions gave Schall, 86,188 and Christianson 54,595. John F. Sell, running on a wet platform, polled 8745.
Schall swept the three largest cities in the state, Minneapolis, St. Paul and Duluth, by better than a 3 to 2 vote and also led in many parts of the districts in the southern part.
Governor Christianson, in receiving the news of the heavy Schall vote without sign of great concern, admitted "there is no doubt about the result." He expressed gratitude for the voting support.
PORTLAND, Me., June 17.—(AP)—Congressman Wallace H. White, Jr., representative in the national house for 13 years, today was the Republican nominee for United States senator to succeed Arthur H. Gould.
Returns from 588 elections precincts out of 632 in the state, representing 475 cities and towns out of 518 gave:
Republican senator: Brewster 23,525; Dewar 7661; White 46,184.
Republican governor: Gardiner 57,927; Wilson 28,121.
For the second time in two years, former Governor Brewster stood defeated for the nomination. Two years ago, while chief executive of the state he contested with Senator Frederick Hale for the latter's seat and was defeated.
Nomination on the Republican ticket is tantamount to election in Maine and Congressman White undoubtedly will succeed Senator Gould of Presque Isle, who is retiring.
D. H. Dewar ran on a wet platform.
In the only other statewide contest, Governor William Tudor Gardner, seeking re-nomination, swamped former Mayor John Wilson of Bangor, who had attacked the chief executive as a "tool of the interests."

WEMME STOCK SALE INVOLVES HEAVY PENALTY

SALEM, Ore., June 17.—(AP)—Because of their having sold stock of the W. Henry Wemme company in Multnomah county for what the court holds was little more than half its actual value, Edward W. Wicke, Dow V. Walker and August Wemme must pay \$67,545.50 of the termination of a suit brought against them by Howard Sutherland, alien property custodian. This was the decision of the supreme court today in affirming Judge Louis P. Hewitt of the lower court for Multnomah county. The opinion was written by Chief Justice Conflow. Justice Bean dissented. Justices Rand and McBride did not participate.
The only alternative for August Wemme and Walker, by two other opinions handed down today, is imprisonment.
WASHINGTON, June 17.—(AP)—Representative Tinkham, a Massachusetts wit, today made his expected attack on Bishop James Cannon, asserting "in the eyes of all honest men" the churchman "will stand convicted" of appropriating to his own use \$48,300 that E. C. Jameson, New York capitalist, gave him for anti-Smith work.
Tinkham, when a witness before the senate committee, charged Cannon had violated the corrupt practices act by failing to report how he spent the money. The bishop denied this.

EIGHT YANKEES QUALIFIED FOR BRITISH OPEN

HOYLAKE, Eng., June 17.—(AP)—With eight Americans included, 114 players will start tomorrow on a 72-hole medal play competition for the British open golf championship. All scores as low as 158 for the 36 holes yesterday and today qualified.
The Americans, in the order of their qualifying play, were: Leo Diegel, 145; George Von Elm, 147; MacDonald Smith, 148; Bobby Jones, 150; Jim Barnes, 150; Horton Smith, 151; Don Moes, 155; E. C. Stevens, Jr., 157.
Archie Compson, giant British pro, led the qualifying field with 70-70-141. He was followed by two other British pros, Henry Cotton with 145 and W. T. Twine with 144.
The low 109 players and ties for the hundredth place qualify.

Boy Collects \$7 For Slaying Dog Without Effort

WICHITA, Kas., June 17.—(AP)—As a motorist struck and killed 10-year-old John Graham's dog he noted a menacing shotgun in the boy's grasp and hastily proffered a \$5 bill.
"Sorry, son, will that help any?" he inquired with a glance at the gleaming artillery.
"Yep," the boy said, "that makes \$7 and it's all profit, too. Shep had taken to chicken stealing and Dad gave me \$2 to shoot him."

PROHIBITION AN ISSUE IN NEW JERSEY

Eyes of Nation Focus On Primary—Heavy Vote Expected—Morrow and Opponents for Senatorial Nomination All Confident.

NEWARK, N. J., June 17.—(AP)—The political eyes of the nation were centered on the New Jersey primary today in which prohibition is the paramount issue and an ambassador, a former senator and a congressman are the candidates for the Republican nomination for United States senator.
The polls are open from 7 a. m. to 8 p. m. (E. S. T.) Managers for Ambassador Dwight W. Morrow, former Senator Joseph S. Frelinghuysen, and Representative Franklin W. Fort, the Republican senatorial candidates, all predicted one of the largest votes in a New Jersey Republican primary. They estimated that from 500,000 to 650,000 ballots would be cast.
With the close of the campaign, which ended with radio addresses by the candidates, supporters of all three were claiming victory.
Prohibition became the chief issue when Ambassador Morrow opened his campaign with a declaration for the repeal of the 18th amendment and the return to the state control of liquor. Frelinghuysen previously had taken a position favoring modification of the prohibition laws under federal control.
The day after Morrow opened his campaign Fort entered the lists as a champion of prohibition. The state Anti-Saloon league and other dry groups rallied to his support.
The body is still being held here but will be shipped to Milan, Texas, in a day or two for burial. Hulse's body was shipped to Glendale, Cal., this forenoon and was accompanied by Rex Ross, a passenger in Hulse's machine when it crashed.

William S. Brock (left) and Edward F. Schlee left Jacksonville, Fla., today in an attempted flight to San Diego, Cal., and return.

BULLET THEORY DAIRY VISITORS IS EXPLODED IN WILL BE FETED HULSE AUTOPSY HERE ON FRIDAY

Victim of Cascade Gorge Crash Not Hit By Stray Shot, Is Opinion—Conn Inquest Wednesday.

California Creamery Operators Delegation Will Be Given Banquet—Picnic Plans Called Off.

An autopsy performed yesterday afternoon on the body of Granvyl Hulse, 35, University of Washington professor, revealed that Hulse came to his death Sunday on the Crater Lake highway as a result of injuries sustained in an auto crash near Cascade Gorge. This exploded the theory that Hulse might have been the victim of a stray bullet. A small metal wound in the chest just above the heart was caused by glass or sharp metal, physician performing the autopsy said. The wound did not pierce the lung.
The inquest that was to have been held yesterday into the death of John Conn, of Wood, Cal., at Central Point as the result of a crash with a creamery truck, driven by Len Smith, will be held tomorrow afternoon at 4 o'clock. Coroner H. W. Conner said today. Conn lost his life Saturday evening while en route north from Central Point going around an "S" curve. It is said Smith's wheels locked when he attempted to stop suddenly to avert the crash and that as a result he came directly into the path of Conn's machine.
The body is still being held here but will be shipped to Milan, Texas, in a day or two for burial. Hulse's body was shipped to Glendale, Cal., this forenoon and was accompanied by Rex Ross, a passenger in Hulse's machine when it crashed.

JOSEPH RITES ON THURSDAY AT PORTLAND

PORTLAND, Ore., June 17.—(AP)—Funeral services for Senator George W. Joseph, Republican gubernatorial nominee, who died suddenly yesterday at Camp Clasp while viewing a field demonstration of the Oregon National Guard, will be conducted at 2 o'clock Thursday afternoon at Canterbury Wilbur Methodist church.
The Rev. J. C. Harrison, pastor, will officiate and commitment will be at the Portland crematorium. Pallbearers have not been selected. The body will lie in state until the services.

MUSIC TEACHERS NAME PORTLANDER PRESIDENT

SALEM, Ore., June 17.—(AP)—Frederick W. Goodrich of Portland was elected president of the Oregon Music Teachers' association Tuesday morning, succeeding Mrs. Clifford Moore of Portland. Goodrich completed for the office with Miss Frances Virginia Melton of Salem and Mrs. Charles Heinline of Roseburg, who served as first vice-president last year, securing 10 votes more than his nearest opponent, Miss Melton.

NATIONAL ELECTRIC CONVENTION OPENS

SAN FRANCISCO, Cal., June 17.—(AP)—Opening the 53rd convention of the National Electric Light association here today, Matthew S. Sloan of New York, president of the association, deplored that public utility laws and the machinery of public utility regulation "are being recast amid a clamor of extremist theories, demagogic attacks and political maneuverings."

Canine Hero of World War Will Have Soldier's Grave as Honor

DENNISON, O., June 17.—(AP)—Preparations were made today for the military funeral of "Bing," world war hero and the only dog said to have been decorated for services with the American expeditionary force in France. Gas he inhaled in the trenches as a puppy nearly 12 years ago, together with his advanced age, made it necessary to chloroform him.
"Bing's" body will be interred in the soldiers' plot in Urchaville Union cemetery, but his skin will be preserved and mounted by a taxidermist.
The dog claimed the added distinction of having been the only canine to receive a bonus from the United States government. He was assigned \$60 a month as a soldier's pension.
It was when "Bing's" nose sensed gas in time to save the lives of many soldiers that he was cited and decorated.

STOCK DIVE IS CHECKED BY BUYERS

Large Orders Support Weak Shares—Gains Moderate—Traders Lighten Load With Stop-Loss Sales—Commodities Rise.

NEW YORK, June 17.—(AP)—The drastic decline in stock prices was checked today by large-scale supporting orders. An enormous volume of selling was dropped upon the market in the early transactions, evidently representing the liquidation of impaired marginal accounts.
Pivotal shares generally worked higher after the first few minutes of trading, but gains were moderate and maintained with difficulty, as many traders welcomed each advance as an opportunity to lighten holding at diminished losses. Trading was in enormous volume. The ticker quotations fell nearly an hour behind floor transactions.
The market was helped by a firmer tone in the cotton and grain markets during the early hours of the day, but further price cutting in copper, announced during the early afternoon, provided another unfavorable factor.
Curb stocks rallied with the big board during the early afternoon. Most of the active utility shares were able to eliminate their earlier losses and a considerable number rose above the Monday close.
The call rate advanced caused considerable selling in the last half hour, and earlier gains were somewhat reduced, although the market as a whole closed steady to firm. Net gains of \$1 to \$2 were numerous among important shares. The day's turnover was about 650,000 shares less than yesterday's, approximating 5,000,000 shares.
Today's closing prices for 15 selected stocks follow:
Am. Can.....123
Col. Gas.....66 1/2
Am. Tel. & Tel.....208 1/2
Anaconda.....47
Curtis-Wright.....7 1/2
General Electric (new).....70
General Motors.....42
Kennecott Copper.....39 1/2
Radio Corporation.....36

PILOTS TRY ROUND TRIP FOR RECORD

JACKSONVILLE, Fla., June 17.—(AP)—William S. Brock and Edward F. Schlee took off at 5:01 a. m. (east.) today for a round trip flight to San Diego, Cal.
The start was without incident, their monoplane skimming down the beach for half a mile before rising and heading into the west. Brock and Schlee, who carried 450 gallons of gasoline, hoped to reach San Diego, a distance of 2112 miles and return to Jacksonville Beach in 24 to 30 hours.
Overcast weather prevailed at the take-off and moderate headwinds and showers were predicted along the route of the flight.
Three records for coast to coast trips now are held by Captain Frank Hawks. These are 19 hours, 10 minutes for the east-west hop and 17 hours, 38 minutes for the west to east jump, and 44 hours for elapsed time, but the transcontinental route from Jacksonville Beach to San Diego is about 4000 miles shorter than the distance between New York and Los Angeles, which was covered by Captain Hawks.
The stream lined monoplane of the famous pair is radio equipped and the fliers expect to establish communication with various stations to obtain weather forecasts and to report the progress of their flight.
LEBANON, Ore., June 17.—(AP)—Smoking ruins here today remained from the \$20,000 garage fire which struck the Lebanon Garage yesterday. E. E. Taylor, owner of the building, said the loss to the building was \$10,000 and the contents between \$10,000 and \$12,000.

HUSKY SHELLS LEAD BADGERS IN THREE RACES

MADISON, Wis., June 17.—(AP)—The University of Wisconsin here today by sending three shell crews to victory over the two-mile Lake Monona course.
A crowd of 10,000 braved a steady rain and cold wind to watch the races.
The Husky's varsity shell "Pay-streak" paid well, running well ahead of the Badgers to clear the flag in 10:15, the fastest time ever made here in a two-mile race. By their record-breaking time Washington was looked upon as a heavy favorite to win the four-mile Poughkeepsie classic June 26.
Wisconsin's freshman eight put up a brilliant fight against Washington's yearlings, but lost by two and a half lengths. The winners covered the course in 10:36 to make themselves formidable contenders for the Irish race on the Hudson. The Badgers stroked the course in 10:46.
The westerners' junior varsity won by the slightest margin, rowing the course in 10:32.5 to beat Wisconsin by almost seven lengths. The Badgers' time for the race was 11 flat.

WILL ROGERS SAYS:

BOSTON, Mass., June 17.—Mr. Hoover is going to sign. I will give him credit; he didn't stall around and keep everybody in doubt. He just lined up like it was a cold swimming hole, shut his eyes, gritted his teeth and is pouncing in. You see, the whole thing come up for no reason at all during the heat of the campaign. When Norris switched to Smith, why Borah and a bunch of them got panicky, rushed to Mr. Hoover and told him in order to save the farmer vote to promise to call a special session and revise the tariff. He naturally did as advised. Now he can't find out who wanted it revised, not even Borah and his gang. Norris' support which scared them was him and his immediate family.

PARK APPROACH FUNDS GETS COMMITTEE OKEH

WASHINGTON, June 17.—(AP)—The house public lands committee today approved the Leavitt bill to authorize \$15,000,000 to be expended between 1932 and 1936, inclusive, to construct and improve national park approach roads.

TRIO SENTENCED IN E. P. BURGLARY

Harold Cotter was sentenced to five years in the state penitentiary when he appeared in circuit court this forenoon as the result of a burglary of the Brown Mercantile store at Eagle Point sometime ago. Richard Andrews and Robert Chodwin, implicated in the same crime, were each sentenced to three years. The trio came here as transients from California.

TINKHAM MAKES CANNON ATTACK
