

News Notes of Pomona and Subordinate Grange Chapters Given by Official Reporters

Edited by Mrs. Gertrude Haak.

GRANGE CALENDAR
(For This Week.)

- Eagle Point, Tuesday, June 17, 8 p. m.
- Talent, Thursday, June 19, 8 p. m.
- Enterprise, Thursday, June 18, 8 p. m.
- Central Point, Friday, June 20, 8 p. m.
- Sams Valley, Saturday, June 21, 8 p. m.
- Pomona Marketing Committee, Monday, June 23, 8 p. m., Fowler's office.

GRANGE MOTTO.
In essentials, unity;
In non-essentials, liberty;
In all things, charity.

MEDFORD, 1931.
The State Grange will meet in Medford in June, 1931. This news comes from the State Grange session at Redmond, June 10 to 13, inclusive.

In 1929, the State Grange was notified that Jackson county would come prepared in 1930 to carry the convention for Medford in 1931. Twenty-nine delegates represented Jackson county at the State Grange year. They went, they talked, they conquered. The result will be that one of the largest and best State Grange conventions held in years will be held in Medford next year.

There were only about 1500 Grangers in attendance at Redmond, due largely to lack of accommodations. We predict that close to 5,000 Grangers will attend the 1931 convention. Medford will have ample accommodations, both in hotels, camp grounds with cabins and camping grounds without cabins. Knowing the spirit of Medford, we also predict that the visitors will be royally entertained.

STATE MASTER RESIGNS.
Elation and regrets go hand in hand, it seems.

The Grangers in Jackson county were filled with elation at the news of the success of our delegation in securing the convention for 1931, but we were filled with regret at the news of the resignation of our beloved state master, Geo. A. Palmer, who has served in that capacity for seven years.

Mr. Palmer is well known locally, having visited our Granges and members often, and stands very high in the estimation of our people, having an enviable reputation for fairness and sincerity, and his kindness has endeared him to all.

As a Grange leader, he was untiring in his efforts for proper legislation, and for everything to advance the interests of the farmer and the common people in general. While we deeply regret the loss of Mr. Palmer as a state master, we wish him the greatest success

in the work with which he will be connected in the future. We know that he will always be an ardent Granger and his voice will always be heard in our behalf.

C. C. Hulet of Coos county, who succeeds Brother Palmer in the state master's chair, is also well and favorably known here. We also wish him success in his position as state master.

EAGLE POINT GRANGE
Eagle Point Grange will meet on Tuesday, June 17, at 8 p. m. A large attendance is expected.

The delegates to the State Grange will have an interesting report to give the Grange of the doings at the State Grange session.

The third and fourth degrees will be exemplified on a large class at this next meeting. Considerably past the 200 mark now, our membership list continues to grow.

No Grange should be satisfied until every farmer, or those dependent on the farm for a living, is in the Grange. Co-operation cannot be fully successful until it is complete. With every farmer in every community in the Grange, and every Grange working for the farmers' best interests, means every farmer in the nation in the Grange, and getting results through co-operation.

The discussion of the cabinet form of government, by L. R. Kline, was postponed at the last meeting. This discussion will probably be given at the coming meeting if time permits.

These discussions are all on vital subjects and it is to every member's interest to hear them. Unless we are posted on proposed legislation and governmental affairs we cannot expect to vote intelligently.

One of the fine things about the Grange is that women are members in equal standing with men. Thus the Grange has the advantage over most organizations in that our women voters may hear and take part in discussions equally with men. An uninformed voter is a menace to the best interests of the people. A non-voter is equally bad, possibly worse.

The legislative committee of every Grange should make it their business to see that no Granger is uninformed on the measures to be voted upon at the coming election. Also to see that the members of their Grange are impressed with the importance of voting.

EAGLE POINT

EAGLE POINT, Ore., June 17.—(Spl.)—Mrs. M. L. Pruitt entertained at dinner June 10 the in honor of Mrs. Ann Bailey, who celebrated her 91st birthday anniversary. Those present were Mrs. Cora Morgan, daughter of Mrs. Bailey, Guy Pruitt and son Herbert, and the hostess, Mrs. M. L. Pruitt.

Mrs. Ashpole of Medford is enjoying a visit at the home of her son Roy at Eagle Point.

Earl Stoner, Roy Ashpole and son Donald left Friday for Diamond Lake, returning Sunday evening.

Mr. and Mrs. H. N. Edwards of Medford were supper guests at the Sunnyside hotel Wednesday.

Mrs. Cummings was in Eagle Point Wednesday, returning to her home at Butte Falls.

Mrs. Inlow of Medford passed through Eagle Point Wednesday, en route to Trail on a business errand.

Mrs. Frank McAlister and daughter Mildred of Eugene, cousin of Mrs. Sarah Howlett, Mr. and Mrs. Ed Hoy of Fort Klamath, daughter of Mrs. Howlett, and Mrs. Edgar Pomeroy and two daughters, Arlene and Johanne, of Alturas, Cal., were visitors at the Sunnyside hotel Tuesday.

Mrs. Earl Stoner and son Jack and Mrs. Lottie VanScoy went to Ashland Saturday and were all-night visitors of Mrs. Harry Carlton.

Mike Sidley and sister Miss Julia of Lake Creek were in Eagle Point Thursday trading at the George Brown & Son's store.

W. R. Young, cashier at the First State bank, attended the bankers' convention at Medford.

Mrs. Myrtle Watson of Pacific Grove is spending a two weeks' vacation at the home of her sister, Mrs. Grace Cowden. Mrs. Watson, in company with friends from Butte Falls, visited Crater Lake.

Mrs. Amy Brown and Edith Weidman attended "The Rogue Song" at the Craterian theater in Medford Saturday.

S. H. Harnish was honored by a surprise party on Monday evening in honor of his birthday anniversary. Those enjoying the evening were Mr. and Mrs. Fred Dutton, daughter of Mr. Harnish, Mr. and Mrs. Ray Harnish and four children, Joe Moomaw and Bill Wattenberg.

Mrs. Enid Caster called on Edith Weidman Monday.

Mr. and Mrs. Jack Tungate and son of Butte Falls were in Eagle Point Saturday calling on friends.

MoIntyre and Shaw, owners of one of the finest clever and stock ranches at Lake Creek, were in Eagle Point Saturday.

J. M. King of Derby was in Eagle Point Saturday.

Hattie Howlett went for a treatment Wednesday to the Rogue River sanitarium at Jacksonville.

Mr. and Mrs. Lawrence Luy, Mrs. J. H. Stanley and son Darrell of the Antelope district, Mr. and Mrs. Geo. Henry and Mr. and Mrs. Bob Rose of Brownsboro, Mrs. Thomas Vestal, Ivan Hatfield of Reese Creek, Mrs. C. E. Cowden, Mrs. Knadler, Mrs. Waddell of the Crater Lake highway, Mrs. Louie Bliss and Mr. and Mrs. Bartlett were in Eagle Point Saturday.

Mrs. S. B. Holmes, Mrs. Cora Morgan, Mrs. W. C. Clements and son Junior, Mrs. Charley Humphrey, Anne Swazy, S. H. Harnish

National Leaders and Oregon Pioneers Hail End of World Record Farm Tractor Marathon

Top—Light tractor operated by agricultural engineering department of Oregon State college for 20 days and nights greeted at the finish line on the campus by a pioneer pageant. Center—Senator Charles L. McNary of Washington, D. C., telephoning congratulations to President W. J. Kerr (insert). Governor A. W. Norblad at Oregon stopping engine that had broken all world tractor endurance records. Bottom—College co-eds present two drivers, Dick Wagner and D. Hiller, with wreathes as old 17-day record is broken.

Fruit Crop Information On Northern Orchards In Letter From Floyd Young

To the Editor:
The fruit growers in Medford are usually very much interested in the condition of the fruit crop in other districts, so when I came across the inclosed item in the Wenatchee World, I clipped it to send to you. So far as I have been able to determine, this account is as accurate as it is possible to dope out the situation at this time.

There was considerable frost damage in all districts in the north, but it was spotted as usual, in some apple orchards the frost kill was as complete as anything I have ever seen. In walking through one orchard of more than a hundred acres, I did not see a single fruit on the trees. There is also a great deal of frost-killed fruit, apples and pears, in most districts.

Apple and pear growers in the Yakima, Wenatchee and Okanogan districts were confronted by a new pest this season, at least it is a pest that has done little or no damage to fruit heretofore. This is the "tarnish bug," which has lived on weeds and alfalfa as long as anyone can remember. This season it took to the trees and ate buds and blossoms and punctured small green fruits, making them unfit for anything but the cull box. The damage is much heavier in the lower portions of the trees, and is quite spotted also. A few orchards suffered very severely from the pest. No method of controlling the insect itself has been devised, but oil sprays are being used to kill the eggs, which are deposited on cover crop plants. Many growers are planning clean cultivation next season as a means of con-

trolling the bug. Most entomologists believe the relatively heavy damage this season was due to weather conditions or some similar factor, and do not think the insect will become a really serious pest.

FLOYD D. YOUNG,
Meteorologist.
Seattle, Wash., June 14.

The article in question follows: The Yakima valley will produce 14,000 cars of apples this year, according to C. C. Aller, field superintendent for the Yakima Fruit Growers' association. This production, he estimated, will be distributed somewhat as follows: Winesap, 45 per cent, 6,300 cars; Jonathan, 19.5 per cent, 2,750 cars; Delicious, 13 per cent, 1,850 cars; Romee, 14.5 per cent, 2,000 cars; Newtowns, 3 per cent, 525 cars; Arkansas Blacks, 2.1 per cent, 290 cars, and miscellaneous, 3.1 per cent, 285 cars.

About 40,000 tons of Bartlett pears will be produced in the Yakima valley this year, according to the estimate. Aller has checked this with cannery representatives and they agree with him as regards the prospective tonnage. Frost poor set and the work of the tarnish plant bug reduced the crop, which normally would have been 50,000 tons. The 1928 crop was 42,000 tons.

The entire pear crop in straight cartloads shipped is placed at 4000 cars. Of this number 2600 cars will be Bartletts and 1400 cars will be winter pears.

The Anjou crop will be the best the valley ever had and a little increase in tonnage will be shown. Winter Nells tonnage will not be increased.

and Mr. and Mrs. Ted Seaman were in Eagle Pointers trading in Medford Saturday.

Mrs. Lola Hildreth returned to her home in Eagle Point Tuesday from Jacksonville.

Mr. and Mrs. Ed Quiches and son Edward and Mr. and Mrs. Lester Stewart of Medford, Mr. and Mrs. George Phillips and John Phillips were recent callers at the home of Mrs. Watkins and daughter, Anne Watkins.

Mr. and Mrs. Karl Esch of the Butte Vista ranch motored to Thompson creek Sunday and spent the day at the home of Mr. and Mrs. Osterhout.

Lester Wertz of Climax was in Eagle Point Saturday delivering some young pigs to several places.

Returning from Crater Lake Sunday, Mrs. William Austin of Ferguson Falls, Miss. Miss Hansen, Miss Burkhardt and Miss Buron were supper guests at the Sunnyside hotel.

Mrs. Tobitha Tungate of Butte Falls is very ill at the home of her sister, Mrs. Lottie Ayers, at Eagle Point. Mrs. M. Ellison of Portland, daughter of Mrs. Tungate, is here taking care of her.

Among guests enjoying the Father's day dinner at the Sunnyside

hotel Sunday noon were Mr. and Mrs. Nelson and party of six and Mr. and Mrs. Peterson of Medford and Mr. and Mrs. Royal Brown of Eagle Point.

Mr. and Mrs. Ted Seaman and family and Mr. and Mrs. Wilfred Jack went to Crater Lake Sunday and enjoyed the trip very much.

TALENT

TALENT, Ore., June 17.—(Spl.)—Wayne Parks is home for a two weeks' visit with his parents, Mr. and Mrs. R. P. Parks. He is serving in the coast artillery and is stationed at Whidby Island.

Doris Woolfolk of Grants Pass was guest of Mrs. Bert Ferges last week.

Mr. and Mrs. E. E. Cook are expected to arrive home some time during the week from Seattle, where they have been visiting the past two months.

Mrs. Cora Denham and son, Frankie, are expected home the first of July from an extended trip through the southern and eastern states.

LIME SOIL IMPORTANT FOR BOSCS

Agricultural Chemist Finds Fruit From Heavy Clays, Adobes Superior in Flavor, Keeping Qualities, to Light Soil.

CORVALLIS, Ore., June 17.—(Sp.) The importance of calcium oxide, or lime, in soil upon which Bosc pears are raised, was indicated in a paper read at the meeting of the Western Society of Soil Science here today by Dr. J. S. Jones, department of agricultural chemistry, Oregon State college.

"It has been noted by those who have carefully studied the characteristics of the Bosc," Jones said, "that crops which come from the very light soils of the river and creek bottoms are somewhat inferior, both in flavor and ability to stand up in storage, in comparison with Bosc crops which come from the heavy clays and adobes.

"The extreme of soil conditions seems to offer a point of attack in an attempt to ascertain the cause.

"Breakdown or disintegration of structure is no doubt the result of many factors. One contributing factor might be due to weakness of the cell wall and that in turn might be due to lack of the necessary calcium oxide or lime that is required for the making of calcium pectate."

Soils Examined.
Dr. Jones said an examination of extremes in soil in the matter of texture was undertaken by experimenters to ascertain what chemical differences they might show. A very striking difference, he said, in what the soil chemist calls the soil content of exchangeable calcium was found. The experiments indicated that the very light sandy soils have in their makeup only one-third as much exchangeable calcium as those from the opposite extreme, the

heavy adobes.

Next was undertaken a rather extended examination of fruit from these two extremes of soil types, and fruit from the very light, sandy soil was found to be much lower in its content of calcium.

Dr. Jones concluded: "Calcium oxide has long maintained a very important place in agriculture. Perhaps the importance of this element in the growing of high quality fruit has not heretofore been fully appreciated, as it has been in the growing of legumes and other forage crops."

GRAY HAIR AND DANDRUFF FOR YEARS BANISHED BY NEW TONIC

Prominent Teacher Gets Rid of His Gray Hair and Dandruff by Using Lea's Wonderful Hair Tonic

READ WHAT THIS GENTLEMAN SAYS

"I was troubled with premature gray hair and dandruff. It was turning gray at 19 years of age and quite gray at 35. Dandruff fell so profusely my coat was often littered with it, but nothing I found would stop the dandruff, until I bought Lea's Hair Tonic. This remarkable preparation easily kept my hair its youthful color, and the dandruff entirely disappeared. I'm convinced Lea's Hair Tonic will do all the company says it will," writes Professor A. H. Bailey, teacher in High School, at Mountain Grove, Mo.

Thousands of professional men, lawyers, preachers and business getters look years younger than their real age, and have a far better appearance since using Lea's. Just a few drops rubbed with fingertips into the scalp at night for

a short while does the work as natural-like and pleasing, one can defy even an expert to detect its use. Gray Hair or Dandruff are a detriment socially, or in business. Many not gray but troubled with Dandruff, use Lea's. It does not effect hair of natural color. Mothers often use it on the children's heads. Beauty shops often use Lea's but it may easily be applied at home by anyone. Obtain a bottle of druggist, or send dollar bill, check or stamps for bottle prepaid to your door. Results must please you in six weeks or money back. Lea Tonic Co., Brentwood, Md.

Lea's but it may easily be applied at home by anyone. Obtain a bottle of druggist, or send dollar bill, check or stamps for bottle prepaid to your door. Results must please you in six weeks or money back. Lea Tonic Co., Brentwood, Md.
