Your Throat Protection—against irritation—against cough

*"Beyond 30 years of age, the mortality among overweights rises rapidly with the age and with the weight," says Dr. Brandreth Symonds in an article in The Medical Record. We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.
