LINDBERGHS PARENTS OF BLONDE BOY

Seven and Three-Quarters Pound Heir Arrives Sunday on Mother's 24th Birthday — Both Rest Comfortably

ENGLEWOOD, N. J., June 23.—(AP)—Colonel and Mrs. Charles A. Lindbergh are the parents of a son.

The baby, weighing seven and three-quarters pounds, was born at 2:15 p. m. eastern standard time yesterday in the home where his mother, the former Anne Morrow, was born. She became a mother on her 24th birthday.

Aside from the statement of the baby's birth and his weight, no details of the event were forthcoming from the household of Mrs. Lindbergh's parents, Ambassador and Mrs. Dwight W. Morrow except the statement that mother and baby were resting comfortably.

News of the arrival of the Lindbergh heir spread rapidly to all parts of the country and to foreign shores and within a short time a parade of messengers with congratulatory messages and bearing flowers began to arrive at the Morrow home.

Radio stations interrupted their programs to broadcast news of the event which has been awaited with lively interest for several weeks.

Consider Name

A name had not been announced for the new arrival but Charles A. Lindbergh, Jr., for his father or Dwight Morrow Lindbergh after his grandfather were mentioned as probable choices.

Preparations which had been made for Mrs. Lindbergh's reception in a New York hospital were cancelled several days ago and hospital equipment and two nurses were installed in the Morrow home.

The arrival of messengers trooping up the drive to the house was the only sign about the Morrow home to indicate that so momentous event had taken place as the birth of a young Lindbergh.

There were even persons within the house at the time who did not learn of the birth until they left and were informed by outsiders.

Among those were Mayor C. P. Kitchell of Englewood and Daniel Pomeroy, Republican national committeeman, who had called on Ambassador Morrow.

Visitor Surprised

"I am a bit surprised," Mayor Kitchell said, "for I left Ambassador Morrow about 5 o'clock and he never said a word about it. Come to think of it, a gentleman passed me in a bit of a hurry while I was in the house but he wouldn't talk to me. He must have been the doctor."

Mrs. Lindbergh, who has been her husband's constant companion in the air since their marriage May 27, 1929, continued her flying to within a few days of the baby's birth. Last Thursday she flew with Colonel Lindbergh from Teterboro airport to Hartford, Conn., and return. Ten days previously she had accompanied him in a test flight in a small monoplane.

Looks Like Father

The only description of the baby was the statement of a servant in the Morrow household who was quoted as saying that "he looks like his father." He has blonde hair and blue eyes.

Friends said Colonel Lindbergh took the news of his son's birth with an appearance of outward calm, but that the grandfather, Ambassador Morrow, gave frank expression to his elation.

They also said that the arrival of a boy conformed to the wishes of

REBOUND IS WITNESSED IN MARKET

Week Opens With Substantial Recovery Following Three Weeks of Decline; Nature of Rally Puzzles Traders in Wall Street.

NEW YORK, June 23.—(AP)—The stock market began the new week with a substantial rebound today, after three weeks of almost steady declines. Heavy selling early in the day was soon absorbed and prices worked steadily higher during the afternoon, a long list of popular issues closing $2 to $5 a share higher, and a few issues selling up $5 to more than $10.

Wall Street was again left to puzzle over the problem of whether the decline had finally hit bottom, or merely had been interrupted by another technical rally. A substantial rebound in grain prices was encouraging, as stock traders have been paying close attention to the commodity markets of late. Although July wheat touched 89½ cents a bushel, the lowest in 16 years, it closed at 92⅝, off only ⅝, while September wheat closed 3-8 and December 3-4 of a cent higher. Corn futures gained 1 to 1 5-8 cents

Trading in stocks was in huge volume during the early trading, when several transactions of 10,000 to 40,000 shares were recorded, but it turned comparatively dull in the afternoon and the day's total sales were about 3,800,000 shares, only a little more than the volume of last Friday.

Today's closing prices for 15 selected stocks follow:

FOUR KILLED ON RAIL CROSSING IN NEW JERSEY

Mayor of Atlantic City Is Among Victims—Bodies Badly Mangled by Crash, Wreckage Strews Rails.

ABSECON, N. J., June 23—(AP)—Mayor Anthony M. Ruffu, Jr., of Atlantic City, and three other persons were killed today when an automobile was struck by a shore bound Philadelphia-Atlantic City express on a grade crossing here.

Ruffu, who was 52, was identified by papers in his pocket.

The other dead are: John Wiley, 52, his wife, Lillian, 40, of Ventor, and Margaret C. Siracusa, 37, of Ventor.

The automobile Mayor Ruffu's car, was struck squarely in the center by the southbound Pennsylvania railroad train. The wreckage was strewn over the tracks for more than 100 yards, and the bodies so mangled that identification was almost impossible.

The engine of the flyer was disabled.

Mayor Ruffu, reputed to be extremely wealthy, was a powerful political figure at the shore resort, where there have been several efforts to oust him.

Eaglet Welcomed To Lindberghs' Aerie

NEW YORK, June 23.—(AP)—A member of the household of Colonel and Mrs. Charles A. Lindbergh said today that it had been definitely decided that the Lindbergh heir's first name would be Charles. As to a middle name, it was said the family had not decided whether to call the child Charles Dwight or Charles Augustus, Jr.

TRADE EXPERT CONFERS WITH FRUIT GROWERS

Frederick A. Motz of Agriculture Meeting With Shippers Today—W. F. Close Also Here.

Frederick A. Motz, of the Department of Agriculture, with headquarters in London, England, is in the city conferring with Rogue River valley growers on the European fruit market situation, and trade conditions and prospects. He is on an annual tour of the fruit sections of the Pacific coast. Motz will meet with shippers this afternoon at four o'clock. He is accompanied by W. F. Close of Portland, chief of the government fruit inspection bureau.

Mr. Motz, recently appointed to the berth as a foreign trade expert explains his visit as simply one to make contacts with growers, study fruit crop conditions, and advise growers and shippers on the requirements for the England and continental Europe trade.

"A lot of things can happen between the time the fruit leaves its starting point and arrives across the waters," said Mr. Motz. "I get a close view of the foreign situation, and keep tab on the pack, condition of the fruit, shipping conditions, and other data of value to shipper and grower. I embody my findings in a weekly report to the Department of Agriculture, which in turn is furnished to growers and shippers. My visit is primarily to get acquainted with the growers and shippers, and explain to them my observation s on the foreign fruit trade."

Close, as head of the federal inspection service, is accompanying Motz. He said no changes were anticipated in the inspection regulations for the coming shipping season.

Prof. Hartman Will Talk on Market and Storage Conditions—Wood to Tell Expansion Plans.

Fruitmen of the Rogue River valley will meet tomorrow night at the Elks Temple, to hear the full report of Prof. Henry Hartman, Oregon State college, on market and storage conditions in New York City.

David R. Wood, chairman of the winter pear committee, at the same meeting will explain the 1930 market expansion program, which calls for opening of three new markets, and the continuation in Detroit. It is planned to ship 75 cars to Detroit, 20 each to Pittsburgh and Cleveland, and also to enter the Chicago market.

An appeal has been issued for all fruitgrowers and shippers to attend the meeting. The winter pear committee is composed of J. C. Barnes, Harry Rosenberg, Dr. J. E. Spatz, Leonard Carpenter, W. F. Biddle, and David R. Wood, chairman.

All phases of the 1930 program will be discussed in detail.

VETERANS RELIEF BILL FACES VETO

WASHINGTON, June 23—(AP)—With a final vote due before nightfall, Senator Reed, Republican, Pennsylvania, today proposed an amendment to the World War veterans' relief bill providing for a maximum allowance of $40 a month to an estimated 300,000 veterans who cannot trace disabilities to service origin.

Denying he spoke for the administration, Senator Reed nevertheless vigorously opposed the pending finance committee measure. He has read President Hoover's letter to Senator Watson of Indiana, the majority leader, saying enactment of the bill would result in increased taxation next year.

KAY WOULD MAKE RACE AS NOMINEE

State Treasurer Announces Willingness to Accept G. O. P. Nomination if Offered—Recovered From Illness, Able to Work.

SALEM, Ore., June 23—(AP)—State Treasurer T. B. Kay will accept the Republican nomination for governor if it is offered him, says a statement released by Mr. Kay Sunday.

The nomination of a candidate to take the place left vacant on the ballot by the death of George Joseph will be made by the Republican state central committee, composed of members from the several counties elected following the May primaries, according to an opinion by Attorney General Van Winkle.

The statement made by Kay follows:

"So many inquiries have been made as to whether I would accept the nomination for governor that I feel it my duty to say that I would be glad to accept the honor if it is offered to me by the Republican state central committee. I have recovered fully from my recent illness and am now able to make the race and perform the duties of the office."

EUGENE, Ore., June 23.—(AP)—Robert W. Sawyer of Bend, publisher of the Bend Bulletin, said here today he would accept the Republican nomination for governor if it is offered him, but he added that he is not seeking the position.

He added further that he is making no campaign for the post.

Sawyer was recently removed from the state highway commission by Governor Norblad, for reasons which Norblad said, had to do with Sawyer's regard of the Roosevelt highway program.

Sawyer has been mentioned prominently in some quarters as a possible candidate for the governorship.

UTAH CAPTIVES HAVE CRIMINAL RECORD IN ORE.

Hobson and Wise Released From Penitentiary Less Than Year—Also Served in Walla Walla.

SALEM, Ore., June 23.—(AP)—Earl J. Hobson and T. B. Wise, in jail at Salt Lake after shooting an officer and committing a series of robberies, were both released from the Oregon state penitentiary less than a year ago, where they did time for robbery.

Hobson served six years and eight months on conviction in Portland for assault and robbery while armed with a dangerous weapon. He was released in September, 1929. Wise and a partner named Andreson were convicted of robbing the Birdlegs roadhouse near Portland in 1924 and were released in December, 1929. Both previously did time at Walla Walla.

SALT LAKE CITY, June 23.—(AP)—Police announced yesterday that Earl J. Hobson, 34, and T. B. Wise, 30, held in the city jail here following their confession to the shooting and kidnaping of a motorcycle patrolman preceding a wild ride through ten northern Utah cities Saturday night, during which they committed three robberies, have admitted three other offenses since they came here from Portland, Ore., Friday.

SLAYER OF LINGLE IS IDENTIFIED

Red Forsythe, Gun Toter, Picked By Unrevealed Witness As Guilty Man—Under Sentence For Carrying Concealed Weapon.

CHICAGO, June 23.—(AP)—James (Red) Forsythe, gun toter and former city hall employe, was hunted today as the man who killed "Jake" Lingle, Tribune reporter.

Police said unrevealed witnesses had picked out Forsythe as the slayer from descriptions of the man who shot Lingle.

Forsythe, whom Judge John Lyle a year ago characterized as a "potential killer," is under a year's jail sentence for carrying concealed weapons. The sentence recently was affirmed by the appellate court.

Judge Lyle said today that there had been much political activity in Forsythe's behalf at the time of the latter's trial on the gun carrying charge.

Forsythe, the police recalled, was arrested in a raid on the Moran-Aiello gang headquarters last December.

Police said they had no photograph or identification of Forsythe, explaining that no rogues' gallery pictures may be taken by police until the high cuort has sustained convictions.

The police have held persistently to a theory that the murder of Lingle, when solved, would trace back to the Moran-Aiello gang.

PLEAS FOR MARKET IN FORMATION

Petitions May Be Circulated to Continue City Trading Place—July 1st Closure Plan Rouses Resentment Among Some.

The action of the city council at its meeting last Tuesday night to do away with the public market after July 1st has created many rumors throughout the city about what is to be done with the public market building on Riverside near Main street, which is owned by the city

This is independent of the rumors extant that petitions are to be circulated asking the city council to continue the public market permanently—or at least until after the fruit harvest season is over—but so far as can be learned the petitions have not appeared.

However, inasmuch as the city council's closing action has aroused resentment among the patrons of the market and operators of booths there, it is claimed the petitions are sure to be forthcoming.

One rumor is that after July 1st the market building will be sold at private sale by the city council, and that it is as good as already sold to a former city official. Another rumor is that the Standard Oil company will endeavor to purchase or lease the building. It is known that some time ago the management of a grocery chain wanted to obtain the structure to house a unit of his chain.

Mayor Favors Close

The council's action to close the market after July 1st was taken during the absence of Mayor Pipes from the city, although it has been no secret that he has long been in favor of closing it. It will be remembered that at the time the city budget for this year was voted it was the understanding among the city officials then that only enough money would be voted to maintain the market until July 1st.

In fact at that time a majority of the councilmen inclined to vote to close the market, but Councilman P. M. Kershaw put up such a fight that a compromise was reached to keep it open until July 1st.

The existence of the public market has always been fought by a contingent of local meat dealers and grocers, and only a few months ago these meat dealers again protested, but because of the decision to close the market July 1st, the city officials took no action on the protest

Claim Patronage Limited

The unfriendly attitude of most city officials toward the public market arises from their contention that the operation of the market does not enjoy a patronage commensurate with the expense of maintaining it.

It costs well over $100 a month to maintain the market. The salary of the market superintendent is $90 a month and then there is the lighting, heating, repairs and the like.

The friends of the public market, and there are some business men among them, contend that it does a big business, wholesale and retail, in the sale of home grown produce and fruit, and fills a much needed want in the business life of the city and county, and among many patrons.

Mayor Pipes stated this noon that he did not know just what would be done with the market—whether it will be leased or sold, as the council's closing action was

WILL ROGERS says:

CHICAGO, Ill., June 22.—What's become of the old fashioned fellow that over in the left-hand corner of the paper every day, used to say, "Don't sell America short?"

All the financial papers are talking about how cheap money is now with the federal reserve banks, around three and a half per cent. I don't see why they say it's half of one per cent, for there is no way getting any of it anyway. I'll bet Mellon would have trouble digging up enough collateral for a present day loan.

Mad Slayer Dons Women's Clothing To Elude New York Police, Belief

NEW YORK, June 23—(AP)—A man in woman's clothing was sought today as police began the second week of their search for the mad slayer of two men in Queens.

Meanwhile a Brooklyn newspaper distributor, Meyer Newmark, received a letter threatening his death unless he returned document "U. J. 4-3-44." This, the ninth letter purporting to have come from the maniac, followed an alleged announcement Saturday that his mission of death was ended and that he was returning to Russia. Police were uncertain as to the authenticity of either letter.

The theory that the maniac has donned women's clothing to elude the police was advanced today after Mark E. Brown, Manhattan, reported that a person at first thought to have been a woman, accosted him and his family as they were eating a picnic lunch in Queens yesterday, and asked for a ride to New York.

They invited the "woman" to lunch with them, Brown said, but as their guest took leave, they noticed trousers under the skirt.

Bachelor Prince Celebrates 36th Birthday and Buys New Airplane

LONDON, June 23.—(AP)—The Prince of Wales, Britain's bachelor heir, celebrated his thirty-sixth birthday today quietly. He spent the morning at his country residence, Fort Belevedere, and in the afternoon he drove to Buckingham palace to meet King George and Queen Mary who arrived from Windsor to convey their congratulations with those of other members of the royal family.

A steady stream of messages and telegrams of congratulation arrive at York House from all parts of the empire and many foreign countries, the prince spending a long time perusing them. His program included attendance at the annual dinner of the Dogra Brigade of the Indian army.

In connection with the prince's birthday it was announced that he is acquiring a new airplane which is described as a real limousine of the air. It is a DeHaviland Puss Moth with a totally enclosed cabin which will enable his royal highness to travel without wearing a flying kit.
