

New S. & H. Green Stamp Parlor Opens In M. M. Dept. Store

ENLARGED PREMIUM PARLOR IS FINEST IN STATE; OPEN FOR INSPECTION TOMORROW

Shoppers from all parts of southern Oregon and northern California will come to Medford tomorrow to inspect the fine new premium parlor which has just been completed by the Sperry & Hutchinson company in the M. M. Department store. Owing to the growing number of S. and H. green saving stamp savers, the former premium parlor at the M. M. store proved too small to handle the rapidly growing business of the Sperry & Hutchinson company.

The new parlor is now located in the back part of the M. M. store, adjoining the ready-to-wear department. Four hundred square feet of floor space are now devoted to the S. and H. stamp department and the very latest fixtures and an enlarged and comprehensive array of stamp premiums make it the finest S. and H. parlor in the entire state.

G. B. Kennedy, district cashier for the Sperry & Hutchinson company, has been in this city for the past few days supervising the installation of the new parlor and the details of the opening tomorrow. Mr. Kennedy, who is a member of the staff of the Seattle office, northwest district headquarters of the Sperry & Hutchinson company, is enthusiastic over the southern Oregon country.

Now premiums are arriving daily for the new parlor and the display will not be complete until next week. However, there will be an interesting array of new premiums on hand for tomorrow's opening. In excess of fifty percent of the S. & H. premiums are new and improved this year and include some fine furniture pieces which will be shown at the M. M. store tomorrow, according to Mr. Kennedy. Sperry & Hutchinson company are extensive buyers of northwest manufactured products, says Kennedy.

The Medford stamp parlor is the first of a series of improved

Green Stamp stations to be established in this state under the direction of W. J. O'Connor, head of the Northwest district for the Sperry & Hutchinson company. This organization has been engaged in green saving stamp activities on a national scale since 1896.

Tomorrow, the opening day for the new stamp parlor, is also "red letter double stamp day" for the M. M. department store. The public has been invited to inspect the new parlor during the opening tomorrow.

M. M. Department Store

M. M. STORE WILL HAVE RED LETTER SALE WEDNESDAY

The last Wednesday of every month is always red letter day at the M. M. store, when double stamps are given on every purchase. Tomorrow, red letter day will be an outstanding event at the M. M. company as that store is not only featuring regular double stamp day, but is also celebrating the opening of Sperry & Hutchinson's fine new premium parlor located in their store.

Some exceptional values will be offered to thrifty shoppers at the M. M. store tomorrow, according

to that store's advertisement in today's Mail Tribune. Spring coats will be especially featured, shoes have been reduced for the special occasion and the main floor will have some real values in dress materials. In the basement a number of red letter day specials will await those who shop in the M. M. bargain basement.

Those who visit the Medford building to inspect the fine new premium parlor of Sperry & Hutchinson company will welcome the opportunity of seeing the fine merchandise displays featured by the M. M. company.

ASHLAND SCHOOL OF ARTS AND CRAFTS

From June 30 to August 1, offers courses in color and design, leather tooling, block printing, hand weaving, dress design and garment construction, painting and sketching, at Washington school, Ashland, Mabel D. Hall and Dorothy Miller, instructors. Exhibit at Handicraft Shop, Medford, 100

TWENTY FOUR STORES OFFER GREEN STAMPS

The rapidly growing popularity of S. & H. green saving stamps with southern Oregon shoppers is evidenced by the increasing number of firms that feature them on purchases. Twenty-three busy and growing Rogue River valley business concerns have adopted the use of Sperry & Hutchinson's stamps, and this fact has made it necessary for the new, greatly enlarged and improved premium parlor to be established in the M. M. Store and a much larger stock of premiums carried in this city.

In scanning the list of stamp-giving concerns, 18 of the firms are located in this city. On the Jacksonville highway, just off the city limits, the Monarch grocery is a green stamp store. This is the home of well known Fuller's Clean-er. A Pacific highway firm handling S. & H. stamps is Peyton & McCay's Crescent grocery at Ber-

rydale avenue and the north Pacific highway. In Central Point the Nip and Sip service station and Paxson's drug store, and S. & H. stamps as a draw card for business, while A. A. Walker, general merchandise establishment, and M. D. Bowers drug store feature green stamps in Gold Hill.

As the stores featuring the S. & H. stamps are anxious for their patrons to see the fine array of premiums now being offered in this city by the Sperry & Hutchinson company, they are urging their stamp savers to visit the new parlors which are being opened tomorrow in a section of the M. M. Department store.

Sperry & Hutchinson's stamps are distributed in this city and suburban districts by the following merchants: Alexander's grocery, Monarch grocery, Jarmin & Woods drug store, West Side Pharmacy, West Side market, Greene & Sherris service station, Hansen Coal company, Pig Tail meat market, Hays grocery, Palmer Music House, Medford Beauty Shoppe, Union Cleaners, Campbell Clothing company, Lawrence's Jewelry store, Court Street grocery, Johnstons shoe repair shop, Browne Hardware store, Colonial bakery, Nip and Sip service station and Paxson's drug store of Central Point, Crater. A Pacific highway firm handling S. & H. stamps is Peyton & McCay's Crescent grocery at Ber-
