**Blackmore Pupils in Entertaining Recital**  
 Another radio success was scored by the pupils of Rosa Blackmore Willett last evening when they presented a brilliant piano recital over station KMGD. The program, broadcast during "Copeo hour" from 9 to 10 p. m., was an ambitious one, being made up of many selections by the great masters. Each pupil did her part beautifully and showed the result of much careful training on the part of Mrs. Willett. This was the second of a series of two radio recitals presented by the Medford and Grants Pines studios of Rosa Blackmore Willett.

Among those who participated in the recital were the following: Jean Levertz, Georgianna Husson, Mary Anne Gates, Geraldine Hunch, Kathleen Braaten (Grants Pines), Moneta Melkie (Grants Pines), Betty Anne Thierthyke, Thelma Cole, Carol Daherglye.

**EDITOR GEO. PUTNAM RETURNS FROM HILLS**  
 George Putnam, editor of the Salem Capital Journal, and former editor and publisher of the Mail Tribune, was a visitor in Medford today after spending a week in the hills near Prineville with Justice Bell of the state supreme court and John S. O'Byrne of this city. A skillful steelhead fisherman, George didn't spend his time casting a fly for small brook trout. He expects to return later when the steelhead fishing is in full swing. He leaves tonight by train for Salem.

**Loss of Appetite Can be Prevented by Improving Flavor of Diet**  
 Mothers are often confronted by the problem of getting their children to eat what is good for them in hot weather. When they notice that this objection to wholesome food results in lassitude and lowered vitality, they are naturally disturbed.

The lack of taste-appeal of the food served, as well as poor heat, is often the cause of poor appetites. The cereal may be tasteless; the fruit juice or stewed fruit too sharp; the vegetables uninviting in flavor.

By adding a dash of sugar to these foods, they will be much improved in flavor. Doctors and dietitians approve this use of sugar, because it makes many foods which are rich in vitamins, minerals and roughage more enjoyable.

A dash of sugar to a pinch of salt is a popular way to season string beans, spinach, carrots, cabbage, peas and other vegetables as they cook. And raw vegetables used in salads are much more palatable when served with a dressing in which such a combination of sugar and salt is used. Most foods are more delicious with sugar. ## "Fuller 49'er" Gives Paint Users An Aerial View of Rogue Valley

Christening of the "Fuller 49'er" by Mrs. Dana Fuller, at Mills Field, San Francisco

The "Fuller 49'er," the W. P. Fuller company's speedy Pitcairn spot Mailwing has been circling over this city today bearing those who are users of Fuller's well-known paints. The Fuller company, pioneers in paint manufacturing, are also pioneers in air among paint producers and are cooperating with the Rogue River Lumber company of this city in affording Fuller customers an opportunity to see the beautiful Rogue River valley from the air.

Among those who were invited to enjoy an air trip as guests of W. P. Fuller company were officials of this city and members of the staff of the Mail Tribune. Allen Smith of the Rogue River Lumber company and J. H. Povey, Fuller representative in southern Oregon, were at the Medford municipal airport today arranging for rides for their many guests. The "Fuller 49'er" arrived in this city yesterday but the stay-over today was made necessary because of the many who had purchased at least \$10 worth of Fuller paints, entitling them to the airplane trip. This unusual advertising stunt of the Fuller company made a great hit with the many "air minded" users of Fuller's paints.

Harvey Lemcke, veteran pilot who was at the controls of the "Fuller 49'er" has a record of approximately 7000 flying hours, according to J. H. Povey. His flying career since 1917 has been a colorful one. He served as a naval pilot during the world war, patrolling the English channel on a lookout for submarines. For four years Pilot Lemcke was stationed at the Hawaiian Islands and his activities since leaving the government service have carried him to many parts of the world. He has carried in excess of 3000 passengers since entering the W. F. Fuller organization and is a member of a famous organization for outstanding American aviators, the "Quiet Birdmen."

The Rogue River Lumber company, of which Allen and Paul Smith are owners and managers, are the exclusive dealers for W. P. Fuller paints in this city.

## Character Analysis Given Beauty Contest Entrants

**Miss Ruth Boussim.**  
 (By Lions' Contest Correspondent.)  
 You are a magnetic force of freedom and change and can generally find a way to manage as you see fit to obtain your desires. You are very versatile, sociable and somewhat argumentative, which explains why you can make others see the way you do without feeling put out themselves.

You have a strong investigating instinct and enjoy contacting people in order to sum up their character and nature. You are constantly changing, growing resourceful, energetic and alert. You are apt to think deeply of life's experiences and must try to cultivate the wisdom you learn with the idea of bettering someone else through teaching and example.

Vocations which it would be well for you to follow are art, music, ministry, promoting, politics, advertising, teaching and inspirational work. In fact, any work where the idea—the inspiration—the novel expression is needed. Salting, ship, traveling, investigating, newspaper reporting, detective work and recreation work will give you a fine opportunity for expression and are in harmony with your vibration.

You impress people as a worker for method and routine. They are aware of your orderliness and your honest dependability. At times you are apt to be too critical and judge others on the material plane and by their mentality instead of looking into their inner soul. Try to overcome this little fault and the rest will be easy, as you are a natural leader.

## Stores Open on July 5 is Vote

The proposal to have Medford stores closed on Saturday as well as on Friday, July 4, was voted down at a meeting of the retail trade division of the Medford Chamber of Commerce last evening. The vote of closing the stores on Saturday would be prohibitive and it was also brought out that it would work a hardship on shoppers coming to Medford from the rural districts.

## LITTLE STORIES OF FAST SUCCESSES

**No. 4. DOROTHY MACKAILL**  
 Newsstand girl in Hull, England, "glorified-girl" in Ziegfeld's Follies, now the idol of screen-struck fans. All in four brief years.

A fast shot of the quick success of Dorothy Mackaill. Success... because she gave a new thrill. Quick... because of nature-born charm.

That goes, too, for another young star, OLD GOLD. Three years ago, unknown. Now, America's fastest growing cigarette.

"O. G." gave a new taste-thrill... through smoother tobaccos, free from irritants. When a girl, or a cigarette, is blessed by nature, a new star rises... and fast.

OLD GOLD was first introduced at Atlantic City, June 13th, 1927. In 90 days it had become one of the 4 best sellers in Atlantic Coast summer hotels.
