

Society

Social Events of Church Societies

Missionary Society Holds Regular Session
The Missionary Society of the Christian church will hold regular meeting at the home of Mrs. Nell Newland, 855 East 9th street, Tuesday afternoon at 2 o'clock. All members and friends invited.

Foreign Missionary Society to Meet
The Women's Foreign Missionary Society of the First M. E. church, will not meet this week as previously arranged, but will meet July 8, in joint session with the Woman's Home Mission society.

Mrs. Hon Hostess To Executive Board
The Executive Board of the Missionary Society of the Christian church, met at the home of Mrs. C. M. Hon, Crater Lake avenue. This being the first meeting of the new officers, the year's work was planned, and the groups and chairmen were appointed.

Several new books were purchased for the library, of the society, and a reading contest planned, with Mrs. Lloyd Weeks and Mrs. C. M. Hon as captives. Eleven women were present. Light refreshments were served by the hostess.

Mrs. Wilson Hostess To Missionary Society

Mrs. E. M. Wilson was hostess at her beautiful home on South Riverside avenue, Tuesday, June 24, to the Ladies' Missionary society of the First Baptist church.

At 2:30 the president opened the meeting by reading the 53rd chapter of Isaiah. Mrs. Effie Daily offered prayer. The subject for the program was "Bengal, Orissa and South India."

Items of interest about these countries were given for roll call. One of them was, "A law has been passed forbidding the marriage of little girls." The natives are very musical so they learn many verses of Scripture set to music. Many popular songs of India are vile and vulgar but missionaries have written religious words for the popular tunes and the others are almost forgotten. (Gandhi says, "Christian religion is the only force that will carry the world forward.")

India is on the way to self-government though it will take time before all are ready for it. A revival out of the Orient may unite the religious denominations. White Cross work means much to these people. A letter, a radio, take time to get a message to them.

4-H Boys and Girls Told Knowledge of Cooperative Marketing Is Necessary

WASHINGTON, D. C.—(Special) Farm boys and girls, through their 4-H clubs, were told recently by James C. Stone, vice-chairman, federal farm board, that it is fully as important for a farmer to know how to market crops efficiently as it is to produce them efficiently.

Varied Program Enjoyed Baptist Church Wednesday

An interesting program of musical numbers and lectures was enjoyed at the First Baptist church Wednesday evening following the dinner served in the church parlors.

Ladies' Aid Society Hears Lecture On Turkish Harem

The Ladies Aid of the M. E. church met in House Coming June 24 in the church parlors. The meeting was in charge of the Loyalty Circle assisted by the East Side Circle.

W. C. T. U. Enjoys Varied Program

The W. C. T. U. met Thursday afternoon in the Y. W. C. A. parlors, the meeting being in charge of Mrs. B. H. Bryant. The president, Mrs. J. C. Woods is in attendance at the W. R. C. convention.

Following the business session, Mrs. W. E. Berry, chairman of the flower and relief committee, presented the following program: Piano duets by Eva Hitzler and Winifred Roseborough, "The Soldiers Pass," and "Salute to the Colors"; talk on Flower-Mission work, Mrs. Berry; readings, "Willie and the Cake" and "Ma Takes an Auto Ride," by Shirley Chadwick; a number of accordion selections, Mrs. W. T. Berry.

Mrs. Ethel Clark of Portland who has been in mission work in India for seven years, gave an interesting talk on her work there, dwelling especially on the activities among the women of India.

Mrs. J. E. McDonald spoke on conditions in Turkey under the rule of Kemal Pasha, also telling the story of a young man on ship board who was returning to his home in Madaira after a long exile in America.

Refreshments were served at the close of the program.

4-H Boys and Girls Told Knowledge of Cooperative Marketing Is Necessary

else do the marketing. They have continued to grow and sell blindly without regard to what their neighbors are doing, with the result that agriculture has not kept pace financially with other industries, which have become highly organized.

"The farm board was created to help correct this disparity. Congress said the way for agriculture to gain economic equality is through cooperation on the part of farmers. Our board is trying to help the farmers get organized so that their acting together, may control the production and marketing of their crops and thereby get a fair price for them. It is our opinion that cooperation is the only thing that offers real hope for agricultural prosperity."

Liqui-Duster Sprayers Here

Of interest to orchardists of southern Oregon is the announcement that the Medford Electric store will receive a shipment of Niagara Rex Liqui-Duster sprayers early this week.

This particular type of sprayer has attracted favorable attention wherever it has been introduced because of the saving in labor and materials for operation.

The spray material is fanned through a short nozzle, so ingeniously designed that the material is completely atomized, broken into a mist right at the end of the nozzle and discharged in a cloud reaching all parts of the tree. A Gould centrifugal pump is supplied with the spray material by gravity from the tank. The Niagara Rex

CENTRAL POINT

CENTRAL POINT, Ore., June 28.—(Special)—H. P. Jewett, superintendent of Central Point schools, left for Eugene Monday to attend summer school session at the university.

Mrs. Laura Best and daughter of Medford were guests of Mrs. A. T. Lathrop this week. Delegates from the local W. R. C. who attended the state encampment at Eugene, were Mrs. Elsie Gleason, Mrs. Edna Estine Rostel, Mrs. Jessie Richardson and Mrs. Edward Jones.

Miss Anna Dean of Oakland, who has been visiting her aunt, Mrs. Ed Farra, left for her home Friday.

Mrs. Mable Mack met with members of the 4-H canning club at the home of Mrs. A. T. Lathrop on June 27.

Brisbane's Today

It also means a new era for the retail butcher. Expert cutters, or cutting machines in packing houses, will do the minute butchering that has been done by thousands of individual butchers. Farmers might combine to cut and freeze their cattle, eliminating the big packer and long haul on the hoof.

Many high spirited Americans have lost their taste for stock gambling. On Wednesday, call money used for speculation, fell to one and a half per cent, lowest price in seventeen years. When we tire of gambling, call money is cheap. Last summer call money went to 20 per cent.

The banker can sympathize with the farmer. What and money both are drugs on the market.

Captain Saul, of the Southern Cross, can testify to man's progress in transportation. As navigator of the Southern Cross he flew the Atlantic in two days. Some years ago he made his first Atlantic crossing in a square rigged sailing vessel, and was six months on the journey.

In spite of that, many still doubt that ocean air travel will ever "become practical." Children of today will ask about "the old days" when people crossed the ocean on the water, as they now ask about state coach days. And those now living will cross to Europe for about \$10.

PENDLETON, June 28.—(P)—The Umatilla county farm bureau at a meeting this week, set a wage scale to be used during the coming harvest season. Separator operators will be paid \$7 to \$10 depending on the machine; caterpillar men, sack sewers and riggers, \$4 to \$5; header punchers \$3 to \$4 and the same to truck drivers with team drivers \$4 to \$5, coolies \$2 to \$3 and roustabouts \$3. These were considered in keeping with conditions over the wheat districts.

PORTLAND, Ore., June 28.—(P)—Lewis Chandler, 78, Sherwood, Ore., was injured fatally when his automobile was struck by a Southern Pacific train near Thard last night. He died in a hospital here several hours later.

RAINIER.—Third noon high installed at Laing lunch and barber shop.

Meteorological Report

Halley Building Takes On New Ornamentation

Fifteen years in the Halley block, gives THE KLOCKER PRINTERY the distinction of being senior tenants. It is also the longest established business on South Central Avenue.

Our business is built on Service and Quality
Commercial work a specialty.

Located in Million Dollar Shopping Section

Since the year 1888, the name "HALLEY" has been synonymous with all that defines progressive citizenship activities. Robert H. Halley contributed much in leadership, for the upbuilding of Medford, during his ambitious lifetime in this community. His faith was translated into important commercial buildings in the local community. In 1909, thirty years ago, the first unit of the today Halley building was completed by Mr. Halley. In recent years Mrs. Halley, taking up the obligations bequeathed to her, has added to the original investment and the Halley building, first floor tenanted by six firms, 70-room Palace hotel the second story, is to be noted as one of the best properties in the heart of Medford.

The Halley building has title to 140 feet on South Central avenue, 100 feet on Eighth street, the occupancy at the northwest corner of these streets. Central the beautiful Craterian building erected in 1924, across Eighth the Hotel Jackson, 1926; diagonally across street the Leverette building, 1928—the four corners with their various merchandising, etc., making up the Million Dollar Shopping Center. And the Halley's initiated these developments, still keeping abreast the needs of the period.

The Halley building, now undergoing the changes of beautification paint and tiling up generally, is occupied by five prosperous stores with Central avenue frontage: in order from the north, the Klocker Printery, Buster Brown Shoe Store, Sanford Jones Grocery, Handicraft Shop, The Cinderella Shop, and around on Eighth, Red's Cafe. Mrs. Halley in an interview, says: "I have the best tenants in the city and I shall keep this property, their places of business, as attractive and modern as can be done."
