

Fresh Tea

Tea in vacuum!
Just like your coffee!

What a rare discovery when coffee was first packed in vacuum! Just like coffee flavor, tea flavor also evaporates from an ordinary tin or cardboard box. But now tea is packed in vacuum—and what a difference! When you try it you will know what you have missed all these years.

Try Schilling TEA BAGS packed in vacuum. Each bag contains just enough for two hot cups or two iced glasses—the modern way to serve tea.

NOTED LECTURER AT CHIROPRACTIC CONVENTION HERE

That the Oregon Chiropractic association, which is to hold its annual convention here is not overlooking any bets is indicated by the arrangements which have been made to carry its message to the citizens of this city.

A public meeting of entertainment and education is to be held on the night of July 2, during which the attitude of the non-medical practitioners toward the problems of public health and the conquest of disease will be discussed.

The managers of the convention have enlisted the services of Dr. A. Budden of Portland a lecturer of national reputation, as their principal speaker. He has been engaged in educational work along Chiropractic lines for many years and has spoken in nearly every state in the union. For years he was head of the National College of Chiropractic of Chicago, dean of the Lindaloh college of natural therapeutics and chief clinician of the Chicago General Health service.

At the present moment he is president of the Pacific Chiropractic College of Portland. Dr. Budden is to speak on "Chiropractic and Medicine," a comparison of these two great systems of the treatment of disease which will be of interest to the general public and to the professional man alike. The lecturer is both tolerant and scholarly. The meeting will be held in the Masonic temple and will begin at 7:30 o'clock.

MINE CONFERENCE GAINING INTEREST

Newspapers and magazines, even outside of the states of Oregon and California, are showing pronounced interest in the mid-Pacific Empire Mineral Economic conference to be held at Grants Pass, July 15, and considerable publicity has been given the event.

Invitations have been mailed all up and down the Pacific coast by the Northern California-Southern Oregon Development association, sponsors of the meeting, and present indications are that those attending will not be confined to citizens of northern California and southern Oregon.

Charles F. Willis, editor and publisher of the Mining Journal, Phoenix, Arizona, in a letter addressed to the association, recently requested copies of papers to be presented at the conference for reproduction in his magazine.

BARTO HOME BOUGHT BY MARVIN ABBOTT

The home of Mrs. Vivian Norman Barto, 827 West Second street, where she has lived for the past eight years, has been sold to Marvin Abbott of Central Point, who is connected with the Swiss creamery in this city. Mr. Abbott will take possession of the place today.

Mrs. Barto, who has been prominent in civic and social circles in Medford for years past, will continue to make her home in the valley.

VISITING IOWAN SAYS BAD TIMES BOTHERING EAST

Mr. and Mrs. Henry C. Kreim, daughter, Miss Mildred, and son Henry G., of Clinton, Iowa, are in the city for an extended visit with Mrs. Kreim's parents, Mr. and Mrs. George O. Timothy, and sister, Mrs. Sam Richardson. They arrived a week ago, and would have been here sooner, but waited until Miss Mildred graduated from college before entraining for this visit in Medford.

Mr. Kreim, a well known business man of Clinton for years, in telling today of the bad economic condition in the middle west and eastern parts of the country, said he and his brother who operated a furniture store business, sensing coming conditions, fortunately sold out this business advantageously last September. At the present low valuation of other properties which they own in Clinton and vicinity Mr. Kreim said it would take a year or more until they could sell these investments without a loss.

In the meantime with his family, although still in his prime, he is practically retired from business until things have been righted financially in Clinton sufficiently to dispose of investments there, and is enjoying life.

Asked if he was looking for another location and especially if he contemplated locating in Medford, Mr. Kreim said he did not have such an idea, although he declared Medford and the valley were especially pleasing. "Of course," he said, "I am always keeping an eye out for any good opportunity in a business way, but before I decided to locate any place I would want to live there a year and make a study of the locality."

PREPARING CAMP AT LAKE O' WOODS

Wm. Lee Bricker, local Boy Scout executive returned last evening from Lake o' the Woods, where a new scout camp is being built. Six cabins have been constructed, and the water system is half in, he stated last evening.

Scouts from Medford, Ashland and Klamath Falls have been working to get the camp completed in time from the first period.

Medford's allotment for the first period is thirty, and Klamath Falls twenty. Mr. Bricker said that probably forty from Medford would attend the camp during the first period, and only ten from Klamath Falls, because of the few registered from Klamath. The camp is located directly across the lake from the lodge.

MRS. PARKER TO TELL OF LOCAL INDUSTRY

Mrs. Carol J. Parker of the Parker Potato Chips company will speak over station KMED tomorrow evening during the chamber of commerce half hour program from 5:30 to 6. Mrs. Parker will speak on the potato chip industry in southern Oregon, and the progress it has made.

A musical program will be given in connection, including selected popular numbers from late operettas.

SOUND ADVICE!

When tempted to over-indulge

"Reach for a Lucky instead"

"Coming events cast their shadows before"

Bemoderate—bemoderate in all things, even in smoking. Avoid that future shadow* by avoiding over-indulgence, if you would maintain that modern, ever-youthful figure. "Reach for a Lucky instead."

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED."

Lucky Strike has an extra, secret heating process. Everyone knows that heat purifies and so 20,679 physicians say that Luckies are less irritating to your throat.

"It's toasted"

Your Throat Protection—against irritation—against cough.

*"I have come to the conclusion," writes Sir Henry Thompson, M. D., F. R. S., "that more than half the disease that embitters human life is due to avoidable errors in diet." We do not represent that smoking Lucky Strike Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a Lucky instead," you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

NEW ROUTE OPEN TO LAKE O' WOODS

A new road to Lake of the Woods, known as the Butte Falls Fish Lake road will be open to travel July 3, according to an announcement made this morning. Although this road is 58 miles to the lake from Medford, it can be traversed in two and one-half hours, while the Dead Indian roads take three hours.

Those going to the lake from Medford should go to Butte Falls, from there to Fish Lake. From there they may go to Lake of the Woods on the new forest service road, through timber practically all of the way.

DEATH TAKES JAS. BRINER, A PIONEER

James (Jim) Briner, pioneer resident of Jackson county where he has resided for the past seventy years, died at the Community hospital in Ashland, shortly before midnight Monday. Mr. Briner was born in Iowa, October 28, 1855.

At the age of five years, he, with his parents crossed the plains by ox teams and settled in Jackson county where he grew to manhood and has since resided except for a short period spent in Siskiyou county, Calif. mining, at which occupation he has spent most of his life.

He leaves two brothers, Philip Briner of Portland and John of Talent.
