"Diamond Lil," typifying Democracy in Wall Street, is amused by the Claudius H. Huston situation.

Mr. Huston is chairman of the National Republican committee.

Some high-minded Republicans, including President Hoover, don't want Mr. Huston as chairman.

But, apparently, the high-up Republicans don't dare accept Mr. Huston's challenge to "come and put me out."

On the way out, Mr. Huston might talk.

Democrats wonder what Republicans fear in the way of possible conversation in the "compulsory exit" process.

Almost anybody can do a thing once or twice.

The distinguished Robert T. Jones of Atlanta, Ga., does a thing better than anybody else ALL OF THE TIME.

Yesterday, with the thermometer at 100, and 5000 super-heated enthusiasts following him, Bobby Jones made his first nine holes in 34, two strokes under par, in the national golf championship, and this he does after cleaning up everything in Europe and consuming the usual welcome home dinners.

When one of his officers announced a victory, Napoleon used to ask: "What did you do the next day?" Bobby Jones could answer: "I went out and beat them again."

Dr. Frankel, learned Metropolitan Life expert, says the philosophic mind rules the child best.

Between the ages of 3 and 15, according to Dr. Frankel, each child goes through all the various stages through which the human race as a whole has passed, from the stone age to the present day.

"The philosophic mind," knowing that a young child is a young barbarian, and cannot be anything else, does not foolishly expect too much, and force the child to be a hypocrite.

However, one thing is more important in the bringing up of children than the philosophic mind, or anything else, and that is AFFECTION, and especially...

Corner grocers, tailors and hotels are purty crazy but when it comes to beatin' a life insurance company nothin' 'll git you anythin' but dyin'.

SECRETS OF SEA PARLEY ARE DENIED

Hoover Refuses to Submit Documents for Senate Perusal—Johnson in Bitter Denunciation of President—Action Urged.

WASHINGTON, July 11.—(AP)—President Hoover's refusal to submit to the senate the secret documents exchanged prior to negotiation of the London naval treaty prompted Senator Norris, Republican, Nebraska, to offer the first reservation to the pact today and led to a vigorous attack upon the executive message by Senator Johnson, Republican, California.

The Norris reservation provides that ratifying the treaty the senate would do so with the distinct understanding that "no agreement, secret or otherwise" existed outside the treaty and that no secret papers exist that would modify the terms of the pact.

The reservation was offered immediately after the president's message had been read to the senate.

Johnson Bitter Senator Johnson then took the floor and said:

"Upon what time has this republic fallen. Upon what series of incidents has this senate developed such a futility that it cannot be permitted to have in order to act with wisdom and intelligence."

Senator Johnson demanded the senate take action against the Hoover message denying the papers.

"This message calls for more than denunciation," he shouted. "It calls for action. It calls for the assertion of a method that raises its head high. We ought not supinely permit such a message to go by without action."

"It may be the glory that was once that of a United States senator has faded into insignificance and we will submit to the lashing just administered. But if there are men in the body with the spirit of those old patriots who wrote this country's history in the everlasting sky of fame, they will not take lying down the lashing that has been handed to them in asking for the documents which they have the right to see."

The Californian did not propose what action should be taken.

ROSEBURG MAN DIES IN CRASH OF ARMY SHIP

Lieutenant Atterbury and Sergeant Fall in Hawaiian Islands—Capt. Hawks Is Injured.

HONOLULU, July 11.—(AP)—Lieutenant Ivan M. Atterbury of Roseburg, Ore., and Staff Sergeant Eph. D. Mills of Salsburg, Ill., were killed here today in the fall of an army plane upon Luce field.

The plane got out of control and crashed 900 feet to the field. Both fliers were badly burned.

WICHITA, Kan., July 11.—(AP)—Capt. Frank Hawks, noted transcontinental flier, was injured slightly here today when his new monoplane, "Mystery 8," crashed at the Travel Air airport.

He suffered only minor cuts. The plane fell from a height of about 50 feet after the engine stalled as Hawks started to land from a trial flight.

The flier said he was traveling at about 80 to 90 miles per hour when the engine suddenly went dead. The plane hurtled over twice as it struck the ground but Hawks was not thrown out of the cockpit.

Airport workers said the plane was severely damaged and would have to be virtually rebuilt.

DOUGLAS, ARIZ., July 11.—(AP)—J. A. Haymore, southern Arizona and Mexico businessman and his son Roscoe, were killed today when their small monoplane fell from an altitude of 1000 feet near the International airport.

Haymore and his son had gone aloft presumably for a pleasure spin. Roscoe, who recently learned to fly, is believed to have been piloting.

Old concrete blocks are crushed into gravel for road work at Houston, Tex.

COSTE PRIMES PLANE FOR ATLANTIC FLIGHT RECORD

Capt. Cleudonne Coste (right), famous French flier, and his mechanic, Maurice Bellonte, hope to take off soon from Le Bourget field, near Paris, on a trans-Atlantic flight to New York. Their plane, The Question Mark, is shown above.

VON BERNHARDI GAS ADVOCATE IN WAR PASSES

First German to Enter Paris in War of 1870—Recognized As Strategist in World War.

BERLIN, July 11.—(AP)—General Friedrich von Bernhardi, who led the imperial army both in victory and defeat, died here yesterday at the age of 81.

In the war of 1870 General von Bernhardi was the first German officer to enter Paris after its fall. In 1912 he wrote an article predicting an Anglo-German war.

At the outbreak of the world war he was commander of the home units of the fiftieth army corps, but at his own request was assigned to a field command.

He was an early advocate of the use of asphyxiating gases and before the end of the war was recognized as one of the premier strategists of the imperial army.

In a book published less than a decade ago he predicted a war of the future in which gases and airplanes would play major parts.

He was best known to Americans through his book, "Germany and the Next War," which was widely read and cited against Germany and the allied countries during the world war.

REDDING FIGHTERS SENT TO BIG FIRE HAYFORK VALLEY

REDDING, Calif., July 11.—(AP)—A fire starting in valuable timber yesterday on the edge of Hayfork valley, 75 miles west of here in Trinity county, was still burning today after spreading last night to include an estimated front of 10 miles.

A call for 50 extra firefighters from Redding was made last night. It was reported then the blaze was starting up the side of Mount Baldhead.

The fire line was seven miles from the village of Hayfork, situated in the Hayfork valley.

MISSOULA, MONT., July 10.—(AP)—Fifty eight forest fires were counted in this district today. They were the result of a terrific lightning storm.

In the Bitter Root valley, 41 fires were reported.

The East Selway forest reported six fires; Frenchtown, five. Three others were found on O'Brien creek.

AIR FIRE PATROL BIDS ARE OPENED

PORTLAND, Ore., July 11.—(AP)—The bids of five flying services for contracts for aerial patrol of the Oregon forest area were opened here today by Shirley Buck, purchasing agent for the government forest service. The patrol will have no regular flying schedule but will be used in scouting work over the mountain area after lightning storms and during periods of extreme fire hazard.

Baseball Scores

Table of baseball scores for American and National leagues, listing teams like Cleveland, Detroit, St. Louis, Cincinnati, Philadelphia, and scores.

HOOVER SIGNS NEW OLEO RULE TO AID BUTTER

WASHINGTON, July 11.—(AP)—President Hoover has signed a bill to amend the oleomargarine act providing for an assessment of 10 cents a pound tax on all colored imitations of butter.

The measure had been in congress several years following the growth of the manufacture and sale of compounds as butter.

Under the new act all compounds containing more than 1 per cent of moisture and colored to imitate butter are to come under the oleomargarine act and all quarter and pound packages must carry the information the product is oleomargarine.

The act is not applicable to lard and other uncolored shortening compounds.

JAIL TEXAS NEGRO AVERT LYNCH LAW

SHAMROCK, Tex., July 11.—(AP)—Mrs. Henry Vaughn, 27, was criminally attacked and then killed by a negro, on the Vaughn farm, 15 miles south of here today.

The negro, Jesse Lee, said to have been employed on the farm, was arrested by the sheriff of Chiltonsworth county and rushed to Granite, Okla., for safe-keeping.

While there was considerable excitement, officers said they had the situation well in hand and were confident there would be no mob violence.

MORTGAGE CLAIM HAS RIGHT OVER TAX LIEN

SALEM, Ore., July 11.—(AP)—If a mortgage lien is filed prior to a tax lien it is a superior claim against real property, says an opinion by Attorney General Van Winkle in reply to an inquiry by Wilson S. Wiley, district attorney for Klamath county.

Lad Held Playmate Under Water To Test Endurance Is Confession

LOS ANGELES, Cal., July 11.—(AP)—Laverne MacDonald, pleasant-faced 7-year-old Long Beach, Cal., boy, who police say confessed last night that he held 3-year-old Jimmy Ellis, a playmate, under the waters of a Long Beach flood control channel "until he didn't move," was held in juvenile hall today for possible examination by medical authorities. Taken to the banks of the chan-

HORT SMITH GAINS LEAD OVER FIELD

Shoots 70 to Total 142 for 36 Holes in National Open Golf Tourney—Cooper Second With 144—Bobby Jones Cards 73.

INTERLACHEN CLUB, Minneapolis, Minn., July 11.—(AP)—Horton Smith whizzed around the Interlachen Country club course with a par fracturing 70 today to take the lead at the halfway mark in the National Open golf championship. His total for the 36 holes was 142. Harry Cooper took second place temporarily at least, with 144.

Making a gallant but futile fight to overcome the young professional star, Bobby Jones, the defending champion, came in with a card of 73, one over par, for a two-day total of 144. It put him in a tie for second place again with the battle half over and the final 36 holes arduous for tomorrow.

Jack Hutchinson picked up after hitting his fourth shot into a bunker, and passed out of the tournament.

Smith and Jones, the twin darlings of the galleries, put on a great fight for the leadership after the three professional veterans, Mac Smith, Tommy Armour and Walter Hagen, earlier in the day had tossed away their respective chances to go out in front.

Jones himself had trouble in the incoming nine, especially on the 408-yard 15th where he took a disastrous six and his 144 put him in a second place tie with Lighthorse Harry Cooper who had a brace of 73's for his two days' work. Mac Smith had 70-75-145, Armour 70-75-146, and Hagen 72-75-147.

Horton Smith started a stroke behind Jones, having carded a 72 to the Georgian's 71 of yesterday, but the young pro got even with three at the ninth. On this hole Jones was saved from trouble by having his topped second shot bounce off the pond lilies to the fairway in front of the green.

Jones began striking trouble on the 11th and it took some sensational recoveries to save his score from taking a balloon ascension.

URGENT LIGHTENING APPLE EXCLUSION

WASHINGTON, July 11.—(AP)—The state department, through British Ambassador Sir Ronald Lindsay here and Ambassador Dawes in London, has taken steps to secure a modification of the recent British embargo on certain classes of apples imposed because of infection with the apple fruit fly.

Secretary Stimson has discussed the matter with the British ambassador and endeavored to bring out that the fruit fly is not found west of the great plains regions hence the exclusion of apples originating on the Pacific coast "seems to be an unnecessary precaution."

WHEAT PRICE DIVES AS DROUGHT ENDS

CHICAGO, July 11.—(AP)—Advent of needed rain in the North west sent wheat prices down to new record levels today after an upward start.

July wheat touched 85 cents a bushel, the bottom since 1914, and then closed at 86 1/2. September delivery reached a low of 89 1/2 and closed at 89 1/2 to 89 3/4, while December equalled the previous minimum of this season at 95 1/2, closing at 95 1/2 to 95 3/4 cents.

The net loss for the day was 1 1/2 to 2 1/2 cents.

UNITED AIRCRAFT BUYS VARNEY AIR LINES CO.

PORTLAND, July 11.—(AP)—P. G. Johnson, Boeing Air transport president, today confirmed sale of the Varney Air Lines to the United Aircraft and Transport corporation. The Varney company operates mail, passenger and express lines between Portland and Salt Lake City.

Dies from Sting. SCANDIA, Kans., July 11.—(AP) Fifteen minutes after she had been stung by a bee, Mrs. Ed Roman, member of a prominent Scandia family, died here last night.

Ardent Love of Stage Swain Too Much for Muriel

NEW YORK, July 11.—(AP)—It was Muriel Kirkland's task as the demure but eager southern girl in "Strictly Dishonorable" to encourage her opera singer acquaintance, Tullio Carminati, on the stage, to make ardent love to her. He became too ardent off stage, Miss Kirkland said today, and she has resigned from the leading role of the comedy, ranking longrun play of Broadway.

UTAH CLOUD BURST HITS WIDE AREA

Million Dollar Damage Done by Storm—Roads Blocked and Pole Lines Destroyed—Railroad Trestle Out and Trains Delayed.

SALT LAKE CITY, July 11.—(AP) Farmers were digging their homes out of the mud, state highway workers were cleaning mud-covered highways and utility and railroad companies were starting repairs today as a result of one of the most extensive and devastating rainstorms ever experienced in Utah.

Extending over a 150-mile front from Smithfield, Utah, near the Utah-Idaho line, southward to Spanish Fork, the storm, which broke yesterday afternoon and continued for several hours, inundated farms and filled streets and basements in cities and towns.

Damage over the affected area was estimated as high as \$1,000,000. Many chickens, sheep and cattle were killed. Numerous persons caught in the storm were stranded on blocked highways.

The most serious damage was reported from the Farmington and Centerville districts north of Salt Lake City, and in Weber canyon, east of Ogden.

Five Downpours. Five cloudbursts struck at Farmington and Centerville, bringing ruin to farm lands and homes. In Weber canyon damage was estimated between \$300,000 and \$500,000.

In that section a cloudburst sent thousands of tons of boulders and debris down box canyon onto Lincoln highway and the Union Pacific tracks, blocking both means of travel for several days. The greatest damage was at Devil's Gate in Weber canyon, where one railroad trestle was ripped out and the tracks were covered.

Five Downpours. Five cloudbursts struck at Farmington and Centerville, bringing ruin to farm lands and homes. In Weber canyon damage was estimated between \$300,000 and \$500,000.

31 SUCCUMB UNDER HEAT OF MID-WEST

Missouri Swelters As Mercury Hits 112—Iowa Also Feels Torrid Breath of Summer—Lake Michigan Breezes Cool Cities.

ST. LOUIS, July 11.—(AP)—Excessive heat killed 13 persons and prostrated twenty-one others in the St. Louis metropolitan district yesterday and early today. It was the hottest day in thirty years, a maximum of 103 degrees being reached.

The heat wave continued its relentless scoring today with no relief in sight. It has taken a toll of fifteen lives in the St. Louis district in the last week.

CHICAGO, July 11.—(AP)—Killing heat surged again over the Middle West today, causing more deaths. The total for the present heat wave now is 31.

Missouri heat casualties in the present oppression reached eleven. The state also had the highest unofficial temperature, Skelston reporting a reading of 112.

Most of Iowa was perched above 100 degrees. Marshalltown, Atlantic and Council Bluffs cooked beneath 104. The total deaths to date from heat prostration mounted to four. Livestock in all parts of the state succumbed and farmers sought relief by working in the fields at night.

The death of a woman in Omaha brought the Nebraska heat fatalities to four.

Rains Bring Relief Thunderstorm and rains brought relief to northern Illinois, but caused crop and property damage. Harrisonburg, seven times smitten by temperatures of 100 degrees or more, reported the state's highest yesterday at 106 1/2.

A fatality in Springfield brought the Illinois heat deaths to five.

In the torrid Northwest, five have died; four in Minneapolis and one in St. Paul. North and South Dakota were baked.

Wisconsin's first heat victim was a boy in Beloit, who dropped dead yesterday while at play.

Lake Michigan's breezes brought a comparatively cool respite to Chicago, Milwaukee and other lakeshore cities. In Chicago, the maximum was 79, in Milwaukee 82.

But the prediction was for warmer weather today.

Continued heat was the forecast for the Middle West, except in localities fortunate enough to receive showers.

LISBON, Portugal, July 11.—(AP)—The highest temperature of this season was recorded today, when the Lisbon observatory registered 93.7 degrees in the shade.

The intense discomfort of the population was aggravated by an acute shortage of water and the invasion of mosquitos. Several persons were drowned while bathing in the Tagus river.

Grain Lost by Fire. EVOLA, Portugal, July 11.—(AP) Large stocks of grain were destroyed by fire here during the night. The loss caused considerable anxiety among the population owing to a bread shortage, which already is being felt.

BEVERLY HILLS, July 11.—The Lindberghs have always known they would call the baby Charles Augustus, but what has held them up all this time was whether to use the Jr. on the end or not. So they finally decided to use it. The picture shows him sleeping with his eyes shut and his mouth open, so he don't take after his father. He sleeps with his eyes open and his mouth shut.

Was with Flo Zeigfeld this morning. The present show in our old Follies theatre, the New Amsterdam, was raided by the police yesterday. He says show business is getting pretty tough when you have to guarantee a raid with every ticket.

At Grants Pass the mercury stood at 88 this morning. Yesterday it reached 93, a maximum of 83 yesterday prevailed at Eugene.
