

### GEORGE A. SENTER FORMER RESIDENT DEAD IN ARIZONA

Sad news to his many friends in Medford was contained in a telegram received here last night from Tucson, Ariz., stating that George A. Senter died at his home in that city last night and that the body was being shipped to Silverton, Ore., his former home, for the funeral services and interment there. The telegram did not state the cause of death, or give any other details beyond the facts stated above.

Mr. Senter was a former well known and popular resident of Medford, having held the position of chief clerk of the Southern Pacific freight office for seven or eight years until about a year ago when he removed with his family to Tucson, where he was in the employ of the National Railway Adjusting corporation. He leaves a wife and a son.

Mr. Senter during his residence in Medford was a leading member of the Yeoman lodge, having held all the chair offices in that organization, and was in charge of the lodge drill team at the time of removing from Medford. The telegram apprising of his death was received here by Hugo Guenther, secretary of the lodge.

### Broadway Comedy on Screen

Jack Mulhall in a scene from "The Fall Guy." A Radio picture, which comes to the Fox Radio theater tomorrow. "The Fall Guy" is the humorous tale of a white-collar man who loses his job and takes a fling at bootlegging to keep the home fires burning. He is made a "fall guy" for the gang and the most humorous of complications develop.

### Medford Man Has Interesting Letter Written In 1853 From San Francisco By Tenderfoot

"At home cheese was always too strong for me when it cost 12 1/2 cents; here I just helped a man take one from a box which he will retail for 30 cents, it having fallen some lately," wrote H. L. Emmons from San Francisco, March 6, 1853, to "Sisters, Brothers, Nieces, Nephews, all." This letter at the present time is in the possession of P. R. Smith of Medford, Mr. Emmons being his great uncle.

Although no definite place is named as the home of the relatives, references indicate that Carbondale, Pa., was the vicinity in which their farms were located.

A rather amusing description is given of a family where he stopped to get something to eat. "The family consisted of a man, his two sons and four daughters. The old

man was dressed in a hat and shirt, the oldest son dressed like his father with a piece of cloth about a foot square instead of a shirt, the next three boys dressed exactly like daddy without the shirt and hat. The old woman and girls, living as they did on the great public thoroughfare, had a full wardrobe, consisting of a chemise for each.

"At the east you get things cheap but are careful of them; here they pay extravagantly high prices, and waste horribly. Last week I gave 25 cents for a round table to eat on. Today I picked up in the street seven new ones just like mine, which had been thrown from a hotel kitchen to save the trouble of washing."

Belief was expressed that the steamer Independence, with five to seven hundred on board, was "undoubtedly lost with every soul, as she was due two or three weeks since, and nothing has been heard of her."

Mr. Emmons did his own cooking, which cost him about a dollar a day. Board was \$10 per week for very common, and \$15 for top. Some prices of commodities quoted included milk 25 cents a quart, butter 75 cents per pound, breakfast 37 1/2 cents, fresh salmon 25 cents, tea 75 cents and sugar 9 to 20 cents.

The saloons were "filled up with a splendor that would dazzle your eyes, and with tables heaped with food, and excellent bands of music to attract the silly victims."

Loneliness in the city of 40,000 people was expressed. My Mr. Emmons in the letter, stating that "I am lonely—my mind travels far away to where my beloved ones are in the enjoyment of each other's society, which you do not know how to prize, as I do now."

### TOP GRADE BUTTER IN DEMAND AT PORTLAND

PORTLAND, July 11.—(P)—Top grade butter was still much in demand today, with prices firmer. Trading was reported to be brisk. The lower grades were plentiful with little demand.

A similar condition prevailed in the egg market. Receipts were liberal, especially of the grades below extras. The latter were in fairly good demand.

The fruit and vegetable markets ruled steady.

### Wall Street Report

NEW YORK, July 11.—(P)—The stock market appeared frightened today in viewing in retrospect its boldness in advancing three days on end for the first time since May, moderate though the advances were and recession was again in order. Declines were moderate but many stocks closed 1 to 4 points lower.

There has been circulated some bullish but uncomfortable rumors this week of plans to revive the long dormant bull market.

Johns Manville, Atchison, Air Reduction, Westinghouse Electric, American Telephone and Sears Roebuck sold 2 to 4 points lower. The close was heavy. Sales approximated 1,500,000 shares.

Today's closing prices for 15 selected stocks follow:

Am. Can	120
Am. Tel. & Tel.	208
Anacosta	48 1/2
Col. Gas	63 1/4
Curtiss Wright	7
General Electric (new)	67 1/2

### MINERAL CONFAB ALSO INTERESTS LOCAL GROWERS

A last minute notice issued by Mr. Albert Burch, general chairman of the Mid-Pacific Empire Mineral Economic conference to be held in Grants Pass, Tuesday, July 15, states that the meeting will start promptly at 9:30 a. m. Due to the fact that there is a great deal of business to be transacted at the conference, Mr. Burch plans to run on schedule throughout the day. It is expected that the meeting will last from 9:30 a. m. to 4:30 p. m.

The conference is creating much interest among mining men in northern California and southern

Oregon and fruit growers also are expressing interest, particularly in the paper to be given by Mr. George Schumacher on carbonic acid gas.

It is pointed out by the department of commerce that a saving of 50 per cent on refrigerating cost can be made if carbonic acid gas is used for shipments of fruits from the west to the east, and Mr. Schumacher estimates the possible saving on 4000 cars of pears equal to from five to eight per cent on the total investment in pear orchards in the Rogue River valley by the use of carbonic acid.

The conference will be held in the county court house in Grants Pass.

### BUSINESS INSTITUTE OPENED IN G. PASS

GRANTS PASS, Ore., July 11.—(P)—A better business institute, sponsored by the Oregon State college, opened here today with Professors H. T. Vance and E. E. Bosworth of Corvallis, and O. F. Tate on the program.

### NATIONAL HONOR CONFERRED UPON REV. C. E. MELL

Rev. Carman E. Mell, pastor of the First Christian church, has received a letter from Washington, D. C., requesting him to be part-time leader of music at the world convention of Christian church members, to be held in the capital in October. Reverend Mell stated today that he will plan to attend the gathering where about 20,000 delegates from all parts of the world will meet.

Reverend Mell returned this week from Turner, Ore., where the state Christian church convention has been in session, and where he was chief musician, in

### ASTORIA OFFICIAL HELD EMBEZZLER

ASTORIA, July 11.—(P)—Charged with embezzlement of public funds, Frank Toumal, Astoria precinct justice of peace 10 years, was in jail today in lieu of \$5,000 bonds.

The justice was jailed on complaint of G. Zeigler, accountant, who audited county books. Zeigler said an investigation of Toumal's books revealed a shortage of \$12,000.

### EAKIN NAMED BY AUTO DEALERS

Clyde Eakin was elected president of the Medford Automobile Dealers' association which held its annual election today at the Hotel Medford, following a luncheon. Mr. Eakin succeeds Harold D. Grey of the Crater Lake Automotive company and is the head of the Eakin Motor company. Newt Mead was elected secretary. The meeting was big, successful and attracted a large representation of Medford auto firms.

Heat Causes Death  
LAWRENCE, Kas., July 11.—(P)—Clair M. Patee, 65, who believed his motion picture house, opened in Jersey City in 1898, was the first in the United States, was found dead of heart disease and heat prostration in his bed last night.

### WORM POISON IS DEATH FOR DOGS

Warning was issued by the Jackson County Humane society and county agent to all persons distributing poison to kill army worms, asking them to use the utmost care in placing the poison to avoid endangering the lives of children and animals, as the formula used for destruction of the worms is deadly poison.

The sweetness added to the formula makes the poison attractive to children and dogs. Deaths of two dogs, which ate the mixture, were reported to the humane society today.

Mustard water or other commonly used poison antides will counteract the effect of the formula.

An international aeronautical exposition will be held at Stockholm from September 6 to 28.
