

MERCHANT AND FRUIT EXPERTS CONVENE HERE

The annual business institute and the thirteenth annual meeting of the Northwest Association of Horticulturists, Entomologists and Plant Pathologists will open in Medford Monday...

A banquet will be given Monday evening, with Robert Strang, local chairman in charge. Professor Vance will take charge of the discussion period...

The program follows: Monday Morning July 14. 10:30 a. m.—Fire blight situation in the Rogue river district...

1:30 p. m.—General session. 1. Recent findings on woolly aphid control and its effect upon the advance of perennial canker...

5:00 p. m.—Handling fruit in New York City. H. Hartman. Tuesday Morning, July 15. Tour of the Southern Oregon Experiment Station and commercial orchards...

1:30 p. m.—Section meetings. Entomology. 1. "Warble fly conditions and losses in western Canada," Eric Hearle...

2. "Freck paralysis in cattle in British Columbia," Eric Hearle. 3. "Minicola setulicola Hult—a new insect enemy of prunes in Idaho," Claude Wafeland...

4. "Pea weevil," A. O. Larson. 5. "Hootch pots and medicated bands as indicators of codling moth activities," W. H. Wicks. 6. "Control of codling moth with fluorin compounds," E. J. Newcomer...

Pathology. 1. "European and American brown rot in Oregon," H. P. Barnes. 2. "A blight of stone fruits caused by Corgneum beizeriuckii—Oud," Earle Blodgett, C. W. Hungerford...

3. "Transmission studies of various potato virus diseases to other solanaceous plants," T. P. Dykstra. 4. "Chemically treated wraps for the control of Botrytis rot of stored fruits," Jacqueline S. Cooley...

Horticulture. 1. "Phosphates in the orchard fertilizer program," F. M. Harrington. 2. "Survey of winter injury in north central Washington during 1929-1930," E. L. Overholser, F. L. Overley...

3. "Winter injury on various stocks at Hood River," G. G. Brown. 4. "Apple rootstock investigations in British Columbia," R. C. Palmer. 5. "Results of pollination experiments of 1930 in North Central Washington," E. L. Overholser, F. L. Overley...

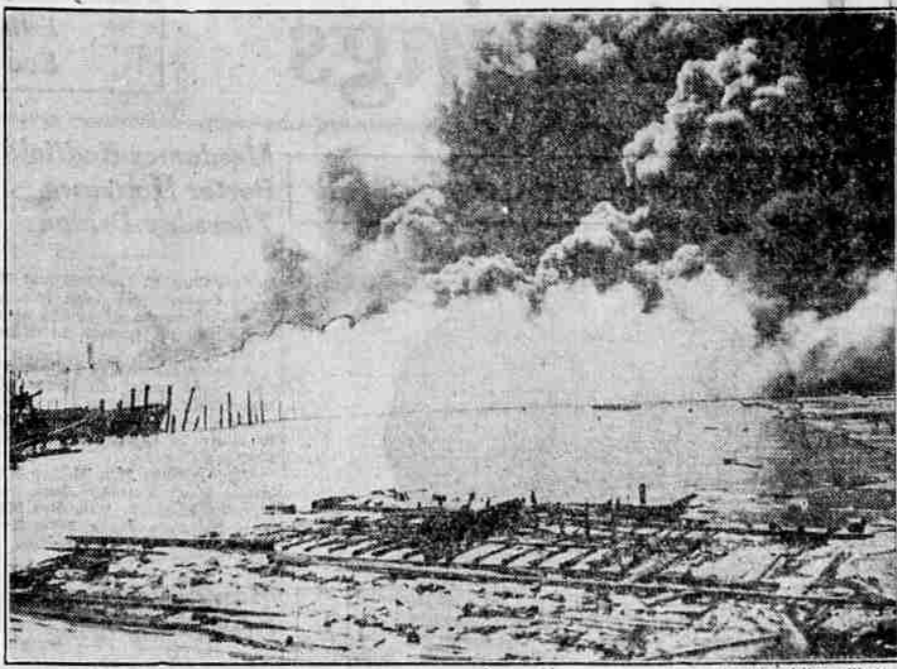

4:00-6:00 p. m.—Closed sessions for sections. Wednesday Morning, July 16. Field trip and inspection of packing plants and storage plants. Wednesday Afternoon. 1:30 p. m.—General session. 1. "Report of committee on oil sprays," E. J. Newcomer. 2. "Spray residue removal when fruit is cleaned with difficulty," A. L. Byall, H. C. Diehl...

3. "The relation of atmospheric temperatures to the firmness of Italian prunes," Leaf Vermer. 4. "Concerning plant respiration, transpiration, and absorption," G. H. Harris. 5. "Frozen pack of fruits and vegetables," H. C. Diehl, B. D. Ezell. 6. "Recent developments in apple breeding," C. C. Vincent. 4:00-6:00 p. m.—Closed session for sections.

Thursday, July 17. Trip to Crater Lake. SPOKANE, Wash., July 12.—(AP)—Nick Namer, Spokane pilot, said here today he would take off Monday at 5 p. m. at St. Paul in a new "mystery ship" in an effort to fly from that city to Seattle and return in 24 hours...

RANGOON, Burma, India, July 12.—(AP)—"Jimma" Matthews, one of the two British airmen lost in Burmese jungles on a flight from England to Australia, has arrived at Prom, Burma. His companion, Eric Hook, had to be left behind, dying.

\$3,000,000 FIRE IN NEW JERSEY OIL PLANT

Flames flung in all directions by the explosion of a 10,000 gallon gasoline tanker swept the 13-acre plant of the Gulf Refining company at Bayonne, N. J., and destroyed property valued at more than \$3,000,000 before being brought under control. Above picture shows smoke and flames from millions of gallons of burning oil pouring over the waterfront.

LEGION TO NAME LOCAL DELEGATES TO STATE MEET

Election of the delegates and alternates to the state convention of the American Legion will be held at tomorrow night's meeting of Medford Post at the armory. Every member of the post should be on hand to vote for the official delegates who will represent Medford at Baker, August 14, 15 and 16.

Monday afternoon, Venables, E. R. Bucknell, E. R. Venables, D. F. Fisher, and E. L. Reeves will take part in the general session meeting. The program follows: Monday Morning July 14. 10:30 a. m.—Fire blight situation in the Rogue river district...

1:30 p. m.—General session. 1. "Recent findings on woolly aphid control and its effect upon the advance of perennial canker," Leroy Childs. 2. "Not on the life history and control of woolly aphid in British Columbia," E. R. Bucknell, E. R. Venables, D. F. Fisher, and E. L. Reeves...

5:00 p. m.—Handling fruit in New York City. H. Hartman. Tuesday Morning, July 15. Tour of the Southern Oregon Experiment Station and commercial orchards...

1:30 p. m.—Section meetings. Entomology. 1. "Warble fly conditions and losses in western Canada," Eric Hearle. 2. "Freck paralysis in cattle in British Columbia," Eric Hearle...

Thursday, July 17. Trip to Crater Lake. SPOKANE, Wash., July 12.—(AP)—Nick Namer, Spokane pilot, said here today he would take off Monday at 5 p. m. at St. Paul in a new "mystery ship" in an effort to fly from that city to Seattle and return in 24 hours...

RANGOON, Burma, India, July 12.—(AP)—"Jimma" Matthews, one of the two British airmen lost in Burmese jungles on a flight from England to Australia, has arrived at Prom, Burma. His companion, Eric Hook, had to be left behind, dying.

ORANGE, Va., July 12.—(AP)—Accompanied by some guests, President Hoover arrived at his camp in Virginia today for a week-end rest. He plans to return to Washington tomorrow.

RICE ASSOCIATION MEMBERS OF CALIFORNIA ESTIMATE MUD HENS AND BLACKBIRDS HAVE CAUSED DAMAGE OF \$250,000 TO THE CROP.

SALEM, Ore., July 12.—(AP)—Methods of combatting the worm pest in hogs are to be demonstrated on the ranches of Willamette valley, and eastern Oregon hog raisers through the cooperation of the federal bureau of animal industry, the state livestock sanitary board and the extension department of Oregon State college, Dr. W. H. Lytle, state veterinarian, announces.

HIGH MILEAGE IN PLYMOUTH TEST

An average of 25.2 miles per gallon of gasoline was made by the Plymouth endurance car which ended a 50-hour run yesterday with Lee Cathey, nationally known driver at the wheel.

The run was sponsored by the Eakin Motor company, the Mead-Furch company and J. J. Osenbrunge, Plymouth dealers for this territory. There was no additional oil or water during its run. The oil filter cap, radiator cap and hood fasteners were officially sealed by officers.

Brevities

Valley Movies Secured. Mr. and Mrs. E. N. Strait and family of Chicago leave today for the north after nearly a week's visit in southern Oregon.

Ascends Mt. Scott. First ascent of Mt. Scott this season was made on Monday, June 30, by Chief Ranger William C. Godfrey, of Crater Lake National park.

Here From Ohio. Mr. and Mrs. A. H. Saunders of Middletown, Ohio, are spending the week-end in Medford as the guests of Mr. and Mrs. Tom Freed.

Leaves For S. F. Miss Zora Combes of San Francisco left last evening for her home in San Francisco, following a week's visit with her parents, Mr. and Mrs. S. E. Combes.

Births. Mr. and Mrs. F. H. Saunders are the parents of a seven and one-half pound girl, born Saturday, July 12.

Rice Association members of California estimate mud hens and blackbirds have caused damage of \$250,000 to the crop.

SALEM, Ore., July 12.—(AP)—Methods of combatting the worm pest in hogs are to be demonstrated on the ranches of Willamette valley, and eastern Oregon hog raisers through the cooperation of the federal bureau of animal industry, the state livestock sanitary board and the extension department of Oregon State college, Dr. W. H. Lytle, state veterinarian, announces.

It is claimed that the worm pest, causing the profit in hog raising, is being spread by the Pacific northwest annually imports \$35,000,000 worth of pork products. Much of this could be produced at home if the hogs were properly raised, it is said.

A statement by Dr. Lytle emphasizes that wheat is especially at risk as hog feed, contrary to a common belief among hog producers.

"Instead of cutting down our wheat acreage," he says, "we can profitably market the excess in pork that will displace the \$35,000,000 worth that we have been yearly importing."

WILD CREATURES FLOCK TO CRATER LAKE SANCTUARY

CRATER LAKE, July 12.—Considerable mystery centers about the unusual number of deer which have come into the park this early in the season. There are already a certain number, but they are elusive creatures and go unmarked about their business.

Fred Cotton, winter custodian at Anna Springs, reports the presence of several wolves during the winter. Some time ago he reported the Park as a game sanctuary and to take advantage of that safety.

The rumor concerning elk on the eastern border of Crater Lake National Park has been confirmed. The elk are there, visible to the naked eye, and since none were there before, necessarily are increasing in numbers.

W. W. McLaughlin of San Francisco, assistant chief for the western division of the department of agriculture spent yesterday in this city conferring with Arch Work, resident engineer, department of agriculture on future irrigation survey and drainage problems of the Rogue river valley.

No definite program will be formulated for six weeks, when a meeting will be held in this city, which McLaughlin, and J. T. Jardine, director of experiment station of Oregon State college will attend.

The drainage work, after July 1 is carried out by federal appropriations secured by Senator Charles L. McNary.

PORTLAND, July 12.—(AP)—L. H. Hoffman and W. S. Dinwiddie, Portland contractors, today were awarded the contract for construction of the quarter block addition to the Meter-Blank department store. The \$2,000,000 addition will start immediately.

PORTLAND, July 12.—(AP)—Butter and egg prices continue unchanged, with top grades of both in demand with values apparently growing firmer. The lower grades are still plentiful and weaker.

MISS MEDFORD LEAVES FOR TEST. "Miss Medford"—Miss Elmore Hulander, will leave this Monday for Portland, where she will enter the beauty contest, sponsored by Lions International, July 16 to vie for the title of "Miss Oregon."

She has been outfitted for competition by the following Medford merchants: Cinderella Shop, Adrien's, The Bootery, J. C. Penney and company, and Larry Schade, jeweler.

She will be accompanied by Mrs. Maude Beaul, and carries with her the endorsement of the Medford Chamber of Commerce and the good wishes of the entire community.

In Portland she will compete with representatives from all leading cities of Oregon and if she wins the title of "Miss Oregon," she will be sent to Galveston, Texas, to enter the "Miss Universe" contest.

North Carolina's peanut crop was valued at \$9,996,000 in 1929.

SALEM, Ore., July 12.—(AP)—Methods of combatting the worm pest in hogs are to be demonstrated on the ranches of Willamette valley, and eastern Oregon hog raisers through the cooperation of the federal bureau of animal industry, the state livestock sanitary board and the extension department of Oregon State college, Dr. W. NEW YORK-PARIS FASHIONS

TRIMMING details were essential by the outstanding notes of the recent couturier showings in Paris. Every costume boasts this spring of its lingerie touch, and hand in hand with the lingerie touch are buttons.

The buttons which seem to prevail are noted in combinations of plastic compositions and metal and enamel and metal and are of both plain and decorative cuts. The costume sketched, an adaptation from Maggy Rouff, shows an interesting use of buttons to further the black and white note.

They are composed of black pyralin circular frames encircling plain crystal. Color combinations play an important part in buttons and a few smart buttons are shown here, representative of those used by prominent French designers.

The first represents a cut simulated crystal button and the popular polka dot vogue is noted in the rectangular button, half in black enamel and half in white enamel spotted with tiny black dots. The square modernistic button has a small mirror. Black, red and white are introduced in another button, while pyralin and metal are combined in others.

CHICAGO, July 12.—(AP)—Again today the weather news for Middle America read: "Continued hot and bothered."

IT'S timely

ANY TIME

Can you think of any good reason why July is not an excellent time to make your will? It should be done sometime, you know, and is really a simple thing to do once you make up your mind on two points.

- 1. Whom do you wish to inherit your property. 2. Who is the most experienced one to name as executor.

Naturally, you know the answer to the first question, and, as the settling of estates is our specialized business, we believe we can satisfactorily answer the second.

We should be glad to go into details with you any time you are ready to talk.

The First National Bank

Medford, Ore.

Acts as Executor and Trustee under Wills, Trustee under Life Insurance Trusts, and in every Trust capacity.

CHICAGO, July 12.—(AP)—Again today the weather news for Middle America read: "Continued hot and bothered."

free wheeling is here! You don't have to touch the clutch, except to start or back up! Free Wheeling—the greatest of Studebaker's many impressive contributions to the industry's progress! Studebaker is the first American car to offer free wheeling. Like many marvelous engineering advances, free wheeling is simplicity itself. Imagine a car in which you don't have to touch the clutch, except to start or back up! Think of being able to shift from high to second at forty... fifty miles per hour, and never touch the clutch! Consider the satisfaction of enjoying these motoring marvels in a seasoned champion Eight, with a saving of 12 per cent on gas, 20 per cent on oil—even more in heavy traffic! Consider, too, the economy of less carbon, less strain and wear on engine, transmission and all driving units! You literally glide along. Your car momentum never forces your engine—there is no sensation of "piling up" when you decelerate. Your car is surprisingly quiet in every speed... uncannily silent when you're free wheeling. Almost incredible as these statements may seem to you, a drive in the New Series Studebaker President or Commander Eight will prove them to you. We promise you the thrill of your life.
