

FOWLER LINES UP FEATURES FOR FAIR WEEK

All Amusements Secured— Flower Show By Garden Club Will Be Large — Granges and Community Exhibits Will Be Large.

The amusement program for the Jackson County Fair, to be held Sept. 10, 11, 12, 13, is all lined up with the exception of the horse races, according to H. G. Fowler, secretary of the fair association. Race entries are coming slowly, as there are two circuits in the northwest and horsemen generally wait until the last minute before they decide which way they will go.

The amusements booked are: Howe & Cook, aerial artists and gymnasts; Frank Zerado and Zera Patt with a novelty act; Manuel Marcinis, the popular Mexican wire walker, who was here last year and who will return this year with a new act; Cy and Sunshine with a novelty circus and clown; fireworks that will be entirely different from anything that has been shown heretofore. The full program will be given both afternoon and evening every day of the fair.

Requests for concession space are already coming in, both from local people and outsiders, and space in the buildings is being sold—indicating that the Jackson County fair is popular both inside and outside of the county. The secretary has been told several times during the past season that there are only two live fairs in the state—the State Fair at Salem and the Jackson County Fair at Medford. This comes from people who are making a practice of following fairs all over the country.

The entire central space of the Merchants' building will be devoted to the flower show sponsored by the Medford Garden club. This promises to be one of the features of the fair, and extending this space will give more room for the exhibits in the Women's building.

Community and grange exhibits promise to be the greatest in the history of the fair, as the space in the Agricultural building is already at a premium with nine granges and communities planning on exhibits.

DRUM CORPS IN SPECIAL DRILL

A 100 per cent attendance is desired for the special drill of the Medford Legion drum corps at the high school athletic field this morning at 9:30 a. m. In addition to the practice session it is expected that some important matters concerning the convention trip to Baker will be discussed. The Medford drum corps has the greatest distance to travel of any corps in the state and will have to cover nearly 1000 miles on the trip to Baker and return. This trip will involve a large sum for travel expenses and the post is working on several plans to raise the necessary funds at once without having to appeal to Medford citizens for financial support.

The first of a series of American Legion dances to be held at the Medford airport will take place next Friday night, July 23. These dances are to be given as a benefit for the local drum corps and will help raise funds to send the Medford corps to the state Legion convention at Baker, August 14-16.

The big hangar building at the new Medford airport provides an excellent place for a dance, and there is plenty of room for a record crowd. The floor is of cement, with a special water-glass finish and those who have danced on a cement floor declare it to be a wonderful surface for dancing. Snappy music by the notable "Pop Peddlers" has been arranged for, and several special entertainments, features will be found on the evening's program. Night flying and stunts at the airport during the dance should also prove popular with the crowd.

The affair is in charge of a well-known group of live-wire Legionnaires headed by Post-Commander Seelye V. Hall.

KISSING RIGHTS FOR THE MAYOR

SEATTLE, Wash., July 19.—(AP)—It's perfectly all right for Mayor Frank Edwards of Seattle to kiss visiting actresses as he did Jean Harlow today. That is the attitude taken by Mrs. Edwards, who said it "not only was all right, but particularly appropriate."

CINEMA ACTRESS WEDS BEN LYON

Bebe Daniels, dark-eyed heroine of the films, and Ben Lyon, screen player, after their marriage ceremony, just before they left Los Angeles on their honeymoon.

TOKYO FLYER DUE TO START TUESDAY ON PACIFIC HOP

TACOMA, Wash., July 19.—(AP)—Announcement by John Buffelen, backing Lieut. Harold Bromley and Harold Gatty, in their proposed flight to Tokyo, that the City of Tacoma would be ready to take off from Tacoma field as early as next Tuesday on the first leg of its journey and the statement that Robert Work and Eddie Brown hope to have their Fokker biplane, Pacific Era, ready for its flight to Japan at about the same time, having served to arouse new interest in the possible air race.

Although the Bromley plane is expected to complete its final tests Monday and be ready for the Tokyo flight the next day, the time for the takeoff will of necessity depend on favorable weather conditions and on the preparation of a plane for again taking off after refueling near home.

The aid of Gov. George A. Parks of Alaska, in preparing a place for the second takeoff was sought by Mr. Buffelen yesterday. In a telegram to Governor Parks in Juneau, the Tacoma flight backer said he had been informed by A. A. Bennett, Alaska flyer, that Mason Point or Solgmoon Spits, near Nome are available, but are covered with driftwood. He asked the Alaska governor if he could assist in preparing one of the places for the takeoff and added that Bromley would be ready to leave Tuesday if the weather is favorable.

RAIL STRIKE IN IRELAND LOOMS

DUBLIN, Irish Free State, July 19.—(AP)—The shadow of a general railway strike tonight hung over Ireland with not less than 400 transport workers already out.

The executive committee of the national union of railwaymen will arrive in Dublin today. Unless some way is found out of the present strike deadlock of omnibus workers whose demands for union recognition have been spurned, a call for a complete tie-up seems inevitable.

BULLETIN

Sacramento Solons nosed out the San Francisco Seals here tonight, 7 to 6. The tilt went 15 innings and was decided in the last of the last of the fifteenth by Ray French's single with a man on base.

Night game. San Francisco 6 10 0 Sacramento 7 19 1 (15 innings)

Batteries: Perry, Zinn and Gaston; Vinel, Gould, Gillick, Pretas, Thomas and Wirtz.

KANSAS CITY, July 19.—(AP)—The three ranking tennis players of the Missouri valley, two easterners and a player from the old south will compete Sunday for the singles and doubles championships of the 21st annual national clay courts tennis tournament.

TORONTO, July 19.—(AP)—The Toronto Maple Leafs today announced the sale of Guy Cantrel, star righthanded pitcher, to Detroit of the American league. Toronto is to receive cash, pitcher Art Heving and outfielder, preferably Eckhardt of the Beaumont Texas league club, in exchange for Cantrel.

MILLMEN FAVOR FIRM PRICE FOR TIMBER PRODUCT

EUGENE, Ore., July 19.—(AP)—The Willamette Valley Lumbermen's association last night unanimously approved the firm price policy outlined by Col. W. B. Greeley, secretary-manager of the West Coast Lumbermen's association.

Approximately 80 per cent of the mills in the west coast lumber industry have indicated a willingness to adopt the firm price lists which seek to stabilize the industry. The plan does not call for a price agreement among the mills but means each mill which approves the policy shall issue a printed list of prices for its products, accompanied by sale conditions that the management deems best suited to market opportunities and manufacturing practices.

Col. Greeley told the lumbermen an individual firm price policy was inaugurated by southern pine operators several weeks ago and has proved successful.

ALASKA MISSIONS PLANE DEPARTS

ROOSEVELT FIELD, N. Y., July 19.—(AP)—A red monoplane christened the "Marquette Missionary" and planned for use in Alaska by Jesuit missionaries took off today for Buffalo, N. Y., en route to Seattle.

At the controls of the six-passenger Hellanca was George Pickentack, pilot, who carried as passengers the Very Rev. Philip L. Delon, S. J., in charge of Jesuit missions in Alaska; Brother J. J. Feltes, Jesuit missionary and a flier, and Walter K. Kade, Detroit aeronautical engineer.

LONDON, July 19.—(AP)—A Rangoon dispatch to the Exchange Telegraph company today said villagers near the Balli river insisted that Eric Rook, missing British airman, was being cared for in a certain village.

TABLE ROCK, Ore., July 19.—(Special)—The grand army of army worms now invading this district have had several serious encounters the past week with detachments from the regular crowd army now sojourning in the north.

EVANS VALLEY, Ore., July 19.—(Sp.)—Evans valley seems to have an unusual number of rattlesnakes this year, some very large ones having been killed.

LOS ANGELES, July 19.—(AP)—A divorce suit brought by Macy Lewis against Michael Bohnen, whom she married in 1927 while both were Metropolitan Opera stars, today was on file in superior court here. The suit, the second in two years, charges desertion.

BUCHARREST, Rumania, July 19.—(AP)—Queen Helen accompanied King Carol today to the requiem memorial services for the late King Ferdinand, their first journey together, which the public regarded as an indication for their imminent reconciliation.

SALEM, Ore., July 19.—(AP)—About 100 furniture dealers from all over Oregon are expected to register here today for the annual convention of the Oregon furniture dealers' association.

PORTLAND, Ore., July 19.—(AP)—Senator Isaac E. Staples of Portland is confined to his home with a broken leg suffered Thursday in an automobile accident on Grande Ronde highway.

ARLINGTON PARK, Chicago, July 19.—(AP)—Blue Larkspur, 1929 three-year-old champion, won the \$25,000 Arlington cup by three lengths today, with Pette Wrack second and Toro third.

PORTLAND, Ore., July 19.—(AP)—Possibility that the game commission hearing of charges of inefficiency and laxity brought against Harold Clifford, warden, and E. H. Clark, chief deputy, by sev-

eral sportsmen's clubs, might be concluded today was indicated as the hearing reopened this morning. Urban sportsmen of California fly 600 miles to Sierra Nevada mountain fishing spots.
