

Georgia Out To Regain Its Peach Crop Laurels

This Georgia miss (right) is sampling the 1930 peach crop. Typical harvesting scene is shown at left.

ATLANTA (AP)—Speaking of comebacks, how about Georgia peaches?

Last year Georgia lost its supremacy as ruler of the peach realm east of the Rockies. A small crop and poor quality cuts its carload shipments to 5,228 and the crop's value to \$3,312,000.

This year the crop won't be much larger, but the quality is expected to put Georgia back on top of the roost again. A 7,000-car output with an estimated value of \$7,000,000 is in prospect.

The entire Dixie peach belt, says A. D. Jones, director of the Georgia state bureau of markets, will not ship more than 13,000 cars this year.

Georgia's comeback will be offset in the south by anticipated small yields in Texas and Arkansas, where winter-kill took a heavy toll. Last year Arkansas challenged Georgia's supremacy with

2,635,000 bushels and Illinois led all states east of the Rockies with 3,600,000 bushels. Georgia's record, its poorest in years, was 2,880,000.

The estimated 7,000-car production for Georgia will yield growers for above the \$1.15 per bushel farm price of 1929, and the expected \$7,000,000 total will compare favorably with the crop in 1928, when the yield was worth \$8,100,000.

The situation, says Jones, demonstrates the need for controlled marketing for the entire peach belt. This year nature took a hand with winter-kills in the western sector. Last year insect pests and adverse weather conditions hit the south-eastern section.

Georgia is preparing to handle its future surpluses in freezing plants equipped to handle "dead ripe" fruit the cream of the crop, but unfit for shipment.

Monthly Report of Red Cross

Jackson County Chapter The statistical report for the month of June shows the following itemized record of work.

Office interviews 110, telephone inquiries 150.

Towns visited and number of times for social work: Talent 2, Phoenix 2, Medford 6. Total number of towns 3. Total number of clients 59.

Family relief 21, transient families 11, ex-service 13, child welfare 6.

Cooperation with cases: Lane county chapter 3, Josephine county chapter 2, Bend chapter 1, U. S. Veterans Bureau 3, Los Angeles county welfare department 2, Associated Charities of Oakland 1, county 16.

Cash sales \$49.40 Goods donated 14.50 Goods worked out 14.00 Total \$77.90

Expenses Salary \$50.00 Rent 12.50 Refund .40 Total \$62.90

Total cleared in cash, none. Total cleared in service, \$15.00.

Boy Shackled In Basement Daily While Stepmother Away At Work

DETROIT, July 21.—(AP)—A ten-year old boy has been found chained to a post in the dark basement of the home where he lived with his father and stepmother.

Rescued by police the lad, Clifford Peters, told them he had been chained up for more than 12 hours every day since school was dismissed early in June and prior to that he was confined in the basement dungeon on Saturdays for about a year.

The rescue, the boy said, came as a birthday present—the only one he received.

A squad of policemen broke into the basement after receiving complaints from neighbors.

An investigation by Sergeant Miller Gerou, he said, revealed the boy's father works as a night watchman and sleeps by day. His stepmother left home for her work each morning at 8, Gerou said, chaining the boy before she left and releasing him when she returned at 6:30 p. m.

Police found no provision for food or water for the boy. One end of a chain about four feet long was padlocked to Clifford's leg, the other to a post.

RUSSIAN SOTS CURED; ARE ENROLLED AS DRYS

MOSCOW.—(AP) An anti-alcoholic hospital, the first of its kind in the Soviet Union, with a capacity for one hundred patients, has opened here.

After six weeks of cold baths, vaccine injections, physical exercise and manual labor, chronic drunkards leave the hospital enrolled as members of the Anti-Alcoholic society.

Only working people are taken in for treatment, degenerates and gutter-birds being barred.

Find Eugene Girl EUGENE, July 23.—(AP)—Mabel Edison, 16, for whom a search was started yesterday after she had been reported missing by friends, was located late yesterday at the home of a family she had been visiting since Monday.

Fruits Inherit Differences WASHINGTON.—(AP)—Different strains of fruit have differences in chemical composition which are inheritable, the bureau of chemistry and soils has found.

DANGER OF NEGLECT

Hemorrhoids, Colitis, Constipation and Colon disorders undermine your nervous system.

Don't neglect the slightest indication of Rectal or Colon disorder. It may lead to serious complications, impairing your nervous system, vitality and general health. In the past 16 years our non-surgical treatment has relieved thousands of sufferers. Write, call or phone for our FREE booklet of information. It explains our remarkable GUARANTY.

Think of it!

Now you can buy this

stunning new Heavy Duty

GOODYEAR for only \$12.00

(4.50-21 size)
(formerly 30 x 4.50)

The tire pictured is the handsome new Goodyear Heavy Duty in the 4.50-21 size (formerly 30 x 4.50)

The tire shown in this advertisement is right now one of the most attractive bargains ever offered a car-owner.

It is the new and nationally popular Goodyear Heavy Duty Balloon.

Sales are rolling up on this great tire in a volume never before

equaled in the rubber business on a tire of super-standard quality.

One reason is the outstanding good looks and extraordinary merit of the tire; another reason is the amazingly low price at which it can now be sold.

The tire itself, as the name

Heavy Duty implies, is big, stout, massively proportioned, armored with an extra-thick and extra-safe All-Weather Tread—and around its sleek black sidewall runs a single identifying stripe of silver.

A striking feature is the way in which the outer rows of All-Weather blocks are prised down into the sidewalls, as fresh and smart a touch as anything in modern design.

Goodyear builds this stunning new Heavy Duty for those who want to drive fast and far without worry, and who want extra immunity against punctures,

blowouts, or tire troubles of any kind.

Because crude rubber is cheap this year, you can buy this special Goodyear in the size illustrated for only about a dollar more than you had to pay last year for an ordinary tire in the same size—and other sizes are priced in proportion.

This is a real opportunity to make your tire money stretch its farthest, and keen buyers everywhere are cashing it in by changing over to Goodyear Heavy Duty Balloons.

Just look at the tire and you'll heed the suggestion: *Now is the time to get yours!*
