THE HOME OF BREAD LIKE MOTHER MADE

Keep Prosperity at Home

Never was the necessity for home payrolls so emphasized as at this time—with nationwide unemployment it is so easy to see the benefits of buying home products—and the fact that Medford and vicinity has felt the depression least may be attributed to the loyalty of Medford folks to home products.

A reminder, however, is never amiss—so let's be sure that we keep our payrolls by buying none but Medford made products when available—and there are a lot of them—besides some that add to Medford payrolls by buying Medford boxes.

First of all buy Medford Butter—the one item that furnishes the biggest industrial income—you can easily know it by its carton—for Medford butter is always in a Medford wrapper.

So let's watch this a little closer—let's not provide prosperity for another city—at the expense of our own.
