

DEMS PLANNING HOT CAMPAIGN TO RULE HOUSE

WASHINGTON, July 25.—(AP)—Democratic chiefs are laying plans for an intensive congressional campaign to begin late in August by which they hope to obtain enough seats in the house to give them control in the seventy-second congress.

Formulated at secret conferences between the party leaders here and in New York, the plans entail the raising of funds for drives in seventy-two districts in border and northern states the Democrats hope to win.

The money to be raised is to be used exclusively for the congressional campaign. None of it is to be applied to the \$500,000 deficit of the Democratic national committee.

CLIMAX

CLIMAX, Ore., July 25.—(Sp.)—A. J. Grisson received the sad news of the death of his brother-in-law, Harry Tonn, of Lake Creek Tuesday.

H. N. Charley and son and daughter motored to Kerby, Ore., Saturday to visit relatives.

Mr. and Mrs. Ed M. White and Mr. and Mrs. Terry of Medford visited the Charley family Sunday. Mr. Terry has a ranch here.

Miss Garrell Charley is working for Mrs. Richardson near Welland. Ben Oswald spent the week end at the L. H. Wirtz ranch.

Nine carloads of people picnicked at Climax Sunday. Our cool breezes and beautiful mountains delight those who much spend their days in the torrid valley.

Mr. and Mrs. K. H. Compton and sons motored to Talent Wednesday.

Mrs. W. F. Charley was a visitor at school yesterday.

STORY 2

(Continued from Page 1)

brace several subsidiary concerns, including the lack Bear Coal company, in possession of the Roxy Ann coal field, and the Western Gas and Coke Co.

The Medford plant is the first of a series of three units, the other two to be constructed at Portland and Seattle, where finances are already available for their construction. It will use the Van Bauer-Lively coke oven patents, and Lively by-products carbonizing processes. The plant will be of sufficient capacity to use from 50 to 100 tons of coal daily.

The organization was formed last January and has entered into a ten year contract with the local gas company to supply their customers residing in the cities of Medford and Ashland with gas from coal mined on Roxy Ann. It will be prepared and carbonized in a Lively coal fuel and by-products oven plant. It is probable that a similar plant will be established at Grants Pass to furnish the company with gas manufactured from the Roxy Ann coal.

May Make Brick

The same company has plans under way to organize a silica brick manufacturing company, as a subsidiary of the Allied Products, Inc., and erect a plant having a capacity of 20,000 building bricks and 5000 fire bricks daily. The plant would be located near Silica mountains in the Gold Hill region. The silica from the mountain is said to be ideal for silica wares and glass. The Libby-Owens company of Charleston, W. Va., considered building a silica wares and glass plant near the mountain, and supply dairies, canneries, bottling works and other concerns on the coast with silica and silica wares manufactured from cheap silica and from Roxy Ann, but discovered that freight charges made the plan unfeasible at that time.

COAT OF OIL PROVES BOON ON RURAL ROAD

TABLE ROCK, Ore., July 25.—(Special)—The light coat of oil called the "sticker" coat put on the road between the Hybee bridge and town nearly two months ago has proven a far greater benefit than its most earnest advocates anticipated.

Base Runner "Out" When Third Sacker Tags Him With Bat

CHICAGO, July 25.—(AP)—The umpire cried, "Safe!" when William Cannatero, 22, slid into third during an amateur game yesterday, but events proved he wasn't.

Third baseman Thomas Contano, disgusted with the decision, tagged Cannatero again, using a bat instead of the ball.

Cannatero was carried away unconscious and Contano ran so fast that police hadn't caught up with him early today.

BUTTER AND EGGS IN UNFAVORABLE TREND

PORTLAND, Ore., July 25.—(AP)—Butter prices were barely steady today. Receipts were more liberal and demand less brisk.

Demand in the egg market was reported quiet, but prices remained steady.

No material changes were noted in the fruit and vegetable markets.

THE MARKETS

Livestock
PORTLAND, Ore., July 25.—(AP)—Cattle 35, calves 10; few common and cutter cows, steady.

Hogs: 390, including 197 through; steady.

Sheep: 300; talking steady to weak on lamb.

Produce
PORTLAND, Ore., July 25.—(AP)—Butter, barely steady, unchanged.

Eggs, milk, poultry, country meats, onions, potatoes, wool, mohair, nuts, hay, casaca bark, hops, steady, unchanged.

Wall Street Report

NEW YORK, July 25.—(AP)—Bull forces were content to let the stock market drift about on the edges of speculative inertia today until prices began to drift decidedly downward during the afternoon, when support was quickly supplied, giving the list a firm tone at the finish.

After showing losses of about two points, American Can and Westinghouse rallied to close 3/4 and three points higher respectively. U. S. steel, after easing about a point turned sharply upward, closing with a gain of two.

The close was firm; sales approximated 1,150,000 shares.

Today's closing prices for fifteen selected stocks follow:

Am. Can	131 3/4
Am. Tel. and Tel.	216 1/2
Am. Gas	21 1/2
Col. Gas	63 1/2
Curtiss Wright	7 1/2

FAST FREIGHT RADIO PROGRAM IS TONIGHT

Inaugurating a new feature of "travel by air," the "Fast Freight" program will take California as the setting for its program tonight at 6:30, over the Columbia Broadcasting System, playing a group of typically western songs interwoven with a lively travelogue of San Francisco. Among the familiar songs which will be heard are "California, Here I Come," "Beale Street Blues," "Chinatown," and "It Happened in Monterey."

Toledo Bank Sold
TOLEDO, Ore., July 25.—(AP)—The American Trust company and local stockholders yesterday sold the First National bank of Toledo to a group of Toledo business men. Peter Frederick was named president, W. Richmond, vice president, and C. P. Moore, cashier.

NO NEW FIRES IN NATIONAL FOREST

Crater lake national forest was still fortunate, considering the hot weather and dryness, up to early this afternoon, in that no new forest fires had been reported for three or four days past.

The fire reported by a tourist from Prospect yesterday as burning in the Cascade gorge when he passed by on the Pacific Highway yesterday forenoon, proved to be a minor affair, consisting of a pile of several logs burning.

Shortly after the fire was discovered the Conco company had four employees at work in extinguishing the burning logs and they were assisted by a Crater national forest fire fighter. The fire was extinguished at 5:00 p. m.

MRS. LEONARD IN AUTO ACCIDENT

Mrs. M. J. Leonard of this city, who sustained injuries in an auto accident in Oswego Monday, where she is now receiving treatment, is in an improved condition, according to reports received here. Her injuries are a badly fractured arm and severe bruises and scratches.

Mrs. Leonard left Medford by motor with her daughter, Helen, last week to visit Mr. Leonard. She was driving with her in Oswego when their auto collided with another about 1 o'clock Monday morning. The Leonard auto was turned over and badly damaged. A doctor was summoned from Oregon City to treat Mrs. Leonard.

MIDGET AUTO IS LOCAL NOVELTY

Averaging 50 miles per gallon of gasoline on a trip from Portland, the first Austin midget automobile seen in southern Oregon arrived in Medford this morning, driven by James Dady, who is planning to be the local distributor. The car, a comfortable two-passenger coupe, attracted considerable attention in the business district this forenoon.

A ride in the car revealed it to be easy riding and capable of picking up speed rapidly. It is capable of going around turns in short order and holds the road easily, the demonstration showed.

Hoovers At Camp

WASHINGTON, July 25.—(AP)—President Hoover accompanied by Mrs. Hoover and a party of guests left this afternoon to spend the week-end at his camp in Virginia.
