CORN AND WHEAT TAKE SKYROCKET

CHICAGO, Aug. 6.—(AP)—Sky-rocketing prices for corn today, carried the wheat market whirling upward just as a bushel as a result of sensational drought news and immense buying.

The corn market scored a maximum of more than 7 cents a bushel compared with yesterday's finish, and equaled about the prices prevailing a year ago.

THE MARKETS

Livestock
PORTLAND, Ore., Aug. 6.—(AP)—CATTLE 35, calves 10; notably steady.

HOGS 150; steady to strong. Feeder and stocker pigs 70-130 lbs. good and choice \$11.50-13.00.

SHEEP 500, steady.

Produce
PORTLAND, Ore., Aug. 6.—(AP)—Eggs: Fresh extras cent higher. Prices to retailers: Fresh extras, 27c; standards, 21c; fresh medium, 22c. Prices to wholesalers 2 cents under prices to retailers.

Butter—Firm and unchanged.

Milk (butterfat)—Poultry, country meats, onions, potatoes, wool, nuts, hay, cassava bark and hops—steady and unchanged.

Wall Street Report

NEW YORK, Aug. 6.—(AP) The drought appeared to have injured the bull pasturing in today's stock market, and the mid-week business statistics provided no relief.

Leading shares sagged 2 to 4 points or more as trading remained apathetic. Some market operators were said to have found the market too sluggish for successful trading and to have suspended activity.

While some stock market interests endeavored to interpret the breaking of the depression in the wheat and corn markets bullish, the stock market as a whole displayed considerable nervousness as to the effects of the extensive crop damage an autumn business prospect.

The closing was heavy. Sales
