SUFFERING BOY BEFORE COURT FOR INSPECTION

Progress Toward Cure of Infected Hands to Be Surveyed—Definite Action Expected.

Cecil Coghill, the 15-year-old boy suffering from a skin affliction on his hands, will report to County Judge Alex Sparrow tomorrow in order that the official may see what progress, if any, has been made toward a cure.

The father in reply said: "We want to do what is right and obey the law, and if you order us to take the boy to a doctor we will do so."

It is probable that some definite action will be taken tomorrow as a result of the conference.

SALEM, Ore., Dec. 2.—(AP)—Five hundred dollars in silver and currency were taken some time during Monday night by cracksmen who entered the Piggly Wiggly store on North Commercial street, rolled the safe from its location near the front of the store to a rear room, turned it end for end and chiseled the bottom from it.

The robber left the building without being detected. Entrance to the room was made through a rear window. Evidently the cracksmen used gloves during their operations for no fingerprints were left behind.

Christmas Program of Westinghouse On Air Tonight

The first of the pioneer programs to be broadcast, occasionally instead of the well-known Westinghouse songs, will be sent out through 36 radio stations at 10 o'clock tonight. The program will feature an orchestra of 20 pieces, a chorus of 16 voices and a double quartet, over KGW, Portland; KOMO, Seattle and KMG, Spokane.

The pioneer programs take their name from the pioneering achievements in electricity of the Westinghouse Electric & Manufacturing company. The program will originate in the studios of radio station KDKA, Pittsburgh.

Musical selections will feature compositions of syncopated tempo and will include hits from current shows. Among the musical selections will be "The Moment I Saw You," "Fracturing Up On You," "Wedding of the Painted Doll," "One for All and All for One," "Tramp, Tramp, Tramp," "I'm Falling in Love With Someone" and the "Italian Street Song."

KELLOGG COMPANY INCREASES NUMBER OF EMPLOYEES

BATTLE CREEK, Mich., Dec. 2.—The Kellogg company, manufacturers of ready-to-eat cereals, have announced through L. J. Brown, president, that in an effort to help relieve the present unemployment situation all plant employees will change from an 8-hour working day to a 6-hour day, effective December 1.

The plant will continue operating 24 hours a day, but the move will enable the company to employ immediately approximately 25 per cent more people. In addition the base rate of pay will be increased 12 1/2 per cent so that the new minimum wage rate per man employee will be \$1.00 a day, with an average daily wage of approximately \$5.19.

The plan has been under serious consideration by W. K. Kellogg and other executives for many weeks, stated Mr. Brown. "The change having been decided upon only after long and careful study. We are receiving the whole-hearted co-operation of our employees in our desire to give more work to more people."

"The Kellogg company was one of the first in the United States to adopt the 8-hour shift—three shifts a day. This new change is made at a time when the company's business for the year is ahead of that of the banner year of 1929 and is showing a very definite upward trend."

LESTER GILLMAN PURCHASES DAIRY FROM MERRIMAN

A transaction of interest in the local dairy industry, was announced today with the sale of the Merriman dairy on the north Pacific highway, between Medford and Central Point to Lester Gillman, son of George Gillman, well known dairyman. The dairy has been operated during the past year as a part of the Swiss creamery. The new owner took possession yesterday.

The purchase includes 50 dairy cows, tested for tuberculosis and conformation, and modern equipment, complying with the Medford milk ordinance, making it possible to sell grade "A" milk only. The new owner is familiar with the latest and most approved methods of producing high grade and sanitary dairy products through close association with his father, a dairyman of long standing. The plant includes a steam sterilizer, ice machine, milking machines and other modern apparatus.

Mr. Gillman stated today that quality and service will be the basis of his business and stated he will strictly observe requirements of the milk ordinance, co-operating with city officials to the fullest extent to guarantee the distribution of milk produced under the most sanitary conditions. His phone number is 4983-M.

ANCIENT GARMENT WILL LEND COLOR

A dress that won a first prize at a Fourth of July celebration in Sacramento, Cal., in 1845, when worn by the grandmother of Mrs. Dale Randle Sholey of Medford, will after 85 years make another appearance in public. It will be worn by Miss Venita Daily, cashier at the Fox Craterian theater, when the "Big Trail," mighty pioneer epic of the screen, will open tomorrow at the Craterian.

When Mrs. Sholey's grandmother wore the dress, she was the best dressed woman in all Sacramento, and patrons at the theater for the rest of the week may see what was the last word in dresses long ago.

Other members of the theater staff, including the genial doorman, Allen Petty, and ushers will be garbed in raiment of pioneer days during the picture engagement.
