

# DECISION SOON ON FEHL PLEA IS EXPECTATION

### Election Contest Has Priority in Court, Under Law - Hearing Next Week, Is Forecast.

The next move in the majority contest filed against E. M. Wilson by Earl H. Fehl, defeated candidate for the place, as the face of the official count, rests with the committee (Wilson), whose next legal move, if he could do so, would be the filing of amended pleadings or another demurrer, which is not likely.

Circuit Judge H. D. Norton said this morning that under the Oregon election laws election contests have the right of way over all other court procedure and that the court was ready whenever counsel for both sides were.

The circuit court is now occupied with the hearing of the retrial of the Walter Hawley liquor case, and the first of next week will be in Grants' Pass hearing a jury trial. The Hawley case will occupy the balance of today, it is expected.

Court house officials expressed the opinion that the contest evidence will be called by the middle of next week.

The first step is the hearing of the evidence in support of the allegations of the Fehl cohorts of fraudulent irregularities in the count. If the charges are supported the court orders a recount which must proceed with the minimum of delay.

## THREE SPEAK AT SHRINE LUNCHEON

## NEW WATCHTOWER SERVICE ON RADIO

Pioneers in the broadcasting field since the beginning of radio, the Watchtower, beginning Dec. 7, will greatly augment its present weekly service. Judge Rutherford internationally known Bible scholar and lecturer, whose addresses have been the big feature of the Watchtower programs, will continue in the enlarged arrangement to delight the people with his logical, heart-cheering explanations of the Bible.

Not only will Judge Rutherford's voice be heard every week from one or more stations in nearly every state in the union, but similar arrangements have been concluded for the countries of Europe and for Canada and Australia.

The new service begins in this country on Sunday, Dec. 7, with over 130 stations participating. Station KMED, of this city, has arranged for this Watchtower feature every Sunday evening from 7 to 7:15.

## CHARITY BALL TO COMPLETE CHEST

### STORY 1 (Continued from Page 1)

When the vinegar that was lost was ready for bottling and shipping, it would have furnished labor to ten or twelve persons.

The cannery management stated they have always experienced more or less difficulty in their vinegar making, from those with a thirst for cider in the hard stage, and that losses had been sustained, besides the annoyance of not knowing when they were going to burglarized.

"It seems that we just can't make vinegar," said Mrs. Boutelle this morning, "and after our experience this fall, we have decided to put it out in the future. What they drink they were welcome to. It's what they wasted that hurts."
