Adolescent Boy Is Subject of Health Meeting Friday

The Berrydale Health club met at the community house on North Riverside on Friday afternoon, Dec. 5. The topic for discussion was "The Adolescent Boy." A boy should be given some responsibilities and be taught to make his own decisions. If he is bashful, he should be given frequent opportunities to show courage and sportsmanship. He should have plenty of outdoor exercise, sunshine, healthful food, sufficient sleep, cold showers and swims. He should be encouraged in his love for plant and animal life. The training and early environment of a child determine his reactions when faced by stern realities. The next meeting will be held Friday, Dec. 19 at 2:30. Dr. B. C. Wilson will be present and will give a talk on the mental attitude of the small child toward the little things that form his daily life, and on the importance of forming good habits early. Anyone having any problems they would like discussed may come prepared to ask questions. A large attendance is desired and everyone is welcome.

Business Meeting
At the meeting December 8 Mrs. Carol Parker was fully authorized as the auxiliary's representative to the city welfare council. Records of each organization on cases will thus be available to the others and those save many investigations of the same case.

The 2-Bs have a lovely tree selected and given by Barbara Franklin. In Miss Noyes' room the windows are decorated with pretty paper candles made by the children, and a jolly old Santa smiles at everyone from his station on the front blackboard.

Trees are being placed in all the rooms and decorated early so all may enjoy them next week.

This week the children of the department used the morning recess period to clear the school yard of paper thrown away by

careless pupils and by people crossing from one street to the other.

USED CAR PRICES TO RISE. AVERS DEALER

"It is sometimes difficult to realize that people who are exercising such discriminating caution in the matter of all expenditures today, and who are talking economy so persistently, are the same people who were spending money so lavishly just a few months back," says W. W. Allen, of Pierce Allen Motor Co., "but that is the case."

"A great many people who want new automobiles are putting off buying 'until business picks up.' In many lines business is in a healthy state and one of these days—possibly sooner than most people think—there is going to be a big demand for cars."

"It is not logical that the low prices at which good used cars are now available will long obtain. Any person who is thinking of buying a used car can save money by buying now."
