

Forecast—Tonight and Tuesday fair but with morning valley fogs. No change in temperature.

Temperature table with columns for Highest yesterday, Lowest this morning, Precipitation, To 5 p. m. yesterday, To 5 a. m. today.

Today

By Arthur Brisbane

Did You Say Beer? 40 Tractors a Day, 4800 Sailors. Senator Norris Says No.

Washington expects the Wickersham commission to report, when Congress gathers, on January 5.

What seems good authority, says the commission will advise a compromise on beer, states that have no law against beer being allowed to have it.

That would be another noble experiment, carrying out the advice of Thomas Jefferson, by the way. He wanted the government to encourage beer and recommended a good English brewer to the legislature of Virginia.

A hard fight by prohibitionists will precede any legalizing of beer.

Russia started making tractors and after much effort produces only 10 per day. Respectable American foes of the "Reds" laughed ha, ha, and said: "Those Russians can never do anything successfully."

But those Russians hired an American engineer, Warren Noble, who changed the work from three shifts to one shift a day, and multiplied the output by four.

Forty tractors a day mean at least 12,000 a year. With two years' production, the Russians could plow 200,000,000 acres a year. More wheat for dumping.

Russians are patient. When Charles of Sweden was driving Peter the Great's soldiers, like sheep before a shepherd dog, parading through Russia with a little band of 12,000 Swedes, Peter said: "My brother Charles is teaching me about war."

And after Charles the Twelfth had been killed by a stray cannon ball, Peter went on building and westernizing Russia.

Stalin's American brother, whom he calls "capitalistic government," is teaching him finance and industry, and our Russian brothers may surprise us. Let us not abandon our horror of communism, or anything that sounds like dividing. But let us not forge that there is probably more power undeveloped among the Russians than in any other country on earth.

The navy will recruit 4800 more, to bring its man power up to the full figure, 84,500.

And if the navy had 845,000

(Continued on Page Four)

Abe Martin

The cost of living is decreasing, but the most sensational shock since our world wide depression is eight years for treason in Russia. It'd like to see the Wickersham commission try to cross the street.

LEADERS OF GRANGE TO TAKE SEATS

Colorful Installation at Armory Tonight for 140 Officers of County Chapters—Public Invited to Witness Ceremonial.

Prof. C. F. Davies, principal of Eagle Point high school, will be the chief speaker at the first complete installation of all officers of Jackson county Granges, which will be held tonight at the Medford armory, it was announced this morning.

Ten Granges will be represented at the ceremony, which will be the largest one of its nature ever opened to the public of southern Oregon. There will be 140 officers installed.

The colorful installation will be led by Mrs. Gertrude Haak of Eagle Point, installing officer for Jackson county. She will be assisted by Mrs. Ted Semon, conductress; Mrs. Worthington and Mrs. Ross Kline, regalia bearers; Mrs. C. F. Davies, Mrs. Ditsworth and Mrs. Spencer, carriers of the insignia, and Ross Kline, chaplain.

Masters of the various Granges who will be installed tonight at the open meeting to which the public is cordially invited are: Henry Conger, Jacksonville; M. Goddard, Talent; A. M. Tyrell, Central Point; Wm. Perry, Eagle Point; Perry Walt, Live Oak; Hershel Harper, Sams Valley; A. S. Edwards, Applegate; Grant Dinnick, Enterprise; George Andrews, Holleview; and Reed Charley, Lake Creek.

The installation ceremony will begin at 8 o'clock and numerous business and professional men of Medford are expected to be present to express their interest in the Granges, to which residents of all the leading agricultural districts of the valley belong.

Team in Costume. The installation team will appear in costumes and the work will include several beautiful tableaux and much military marching, which can be effectively presented in the armory.

Professor Davies, who will give the main address, has been principal of the Eagle Point high school for four years. He is an ardent member of the Grange, coming here from Wallowa county, where he was master of the Pomona Grange. He was elected steward of the Oregon State Grange in 1928 and re-elected to the same position in 1930.

He also served for many years as Grange county deputy in Wallowa county, where he lived with his parents and brothers on a large farm.

Norris to Stay. Another "status quo" prediction came from Senator Norris, of New Hampshire, one of the republican party leaders, in a discussion of the new over Norris and Robert H. Taft, executive director of the republican national committee.

"My present opinion is Senator Norris will not be read out of the republican party and Mr. Luau will not be deposed from his office in the national committee," he said at his Concord home.

HARRISBURG HAS DOWN TOWN FIRE

WASHINGTON, Dec. 29.—(AP)—Appropriation of \$45,000,000 for drought relief loans was approved today by a house appropriations sub-committee.

The sub-committee will report to the full appropriations committee next Monday. It acted following testimony by Secretary of Agriculture Hyde in favor of appropriating the full amount authorized by congress.

Hyde said he had not changed his position that \$25,000,000 will be sufficient to meet demands for seed, feed and fertilizer loans.

What is the use of prolonging the fight, Hyde said after the hearing. "If there is a need for it and we are wrong in our estimate, we will use it."

Chairman Wood of the appropriations committee predicted the full committee would approve the \$45,000,000 fund as soon as it meets on Monday and said action in the house may take place the same day.

UNIVERSITY STUDENT HELD IN GIRL'S DEATH

PORT ARTHUR, Texas, Dec. 29.—(AP)—Robert L. Williams, 18, Texas university student, charged with the murder of his sweetheart, Miss Elizabeth Johnson, 16, was bound over to the grand jury on \$10,000 bond at preliminary hearing here today.

Pastor Wields Crucifix When Flock Unruly

ELIZABETH, N. J., Dec. 29.—(AP)—Several members of the Russian orthodox congregation nursed bruises today as a result of a battle in the church yesterday in which the pastor was alleged to have hit a woman with a crucifix.

Disension was based on a disputed leadership of the faith in America. At morning services it suddenly burst into action. Police said the pastor, the Rev. Michael Kalmakan, hit the woman, then entered the melee with a chair as a weapon.

PROSPECTS FOR THIRD PARTY DIM

Present Status to Continue Until 1932, Expectation of Political Wiseacres—Western Republicans More Independent.

WASHINGTON, Dec. 29.—(AP)—The hue and cry of recent days over a third party movement appeared considerably cooled today, as political weathermen foresaw a continuance—until 1932 at least—of things much as they are now.

An intensification or a spread of the independence of the western republicans, who have already caused party heads much worry, apparently was read in the signs by Senator Borah of Idaho, one of their leaders. As for a third party he said:

"I do not see any new party." "But," he added, "I do see some realignments which will be evidenced more in legislative matters than in open announcements upon the part of either leaders or constituents. That has already taken place to a marked degree."

The western band appeared disposed to follow in this both Borah and Senator Norris of Nebraska, who has refused to leave republican ranks to a third party. There were indications most of the independents would remain within the fold until the 1932 national convention at least. Norris yesterday made clear also he had not promised any support to Governor Roosevelt or New York should the Democrats pick him for the presidency.

FEUD SLAYERS OF INDIANA CORNERED

SALEM, Ind., Dec. 29.—(AP)—A posse searching for Dan and Alton Gibson, two of four brothers who stormed the county jail Saturday night attempting to gain custody of two men held for the feud slaying of their father, sent for reinforcements shortly after 2 o'clock today. The posse men said they were certain they had the men surrounded.

Five carloads of officers and American Legion members proceeded to the scene.

HARRISBURG HAS DOWN TOWN FIRE

WASHINGTON, Dec. 29.—(AP)—Fire, believed to have been of incendiary origin, destroyed two buildings in the business section of Harrisburg late last night. The Sumner-Isler jewelry store and part of the stock of goods was destroyed, as was a vacant store building next door. The total loss will probably not be more than \$2500.

J. W. Owen, city marshal, said the flames started in the jewelry store. It appeared, he said, that a window had been broken and kerosene or gasoline thrown into the interior of the building.

ARMY FLIER KILLED NEAR PARENTS HOME

ELITE, Pa., Dec. 29.—(AP)—Lieutenant Harold Sherwood, Brooks Field, Texas, on his way to visit his parents at Waterford, Pa., 20 miles south of here, crashed to his death today on a farm adjoining that of his parents. The plane went into a dive and exploded.

ROSE TOURNAMENT QUEEN CROWNED

C. H. Reynolds places the queen's coronet on Mary Lou Waddell, Pasadena, Cal., high school girl who will reign at the annual Tournament of Roses.

NORTH DAKOTA CAPITOL LOST THROUGH FIRE

BISMARCK, N. D., Dec. 29.—(AP)—North Dakota's capital was without a home today and many valuable state and historical documents had been destroyed as a result of fire which burned the capitol.

Once the pride of the Dakotas, the four-story structure which dated from the pioneer territorial days of nearly half a century ago was burned yesterday almost on the eve of the convening of the state legislature, which was to have considered a proposal for a new building.

Defective wiring was believed by state officials to have been the cause.

With most of its records destroyed, state business was thrown into confusion. Officials endeavored to arrange temporary offices and a meeting place for the legislature.

FEUD SLAYERS OF INDIANA CORNERED

SALEM, Ind., Dec. 29.—(AP)—A posse searching for Dan and Alton Gibson, two of four brothers who stormed the county jail Saturday night attempting to gain custody of two men held for the feud slaying of their father, sent for reinforcements shortly after 2 o'clock today. FAIR WEATHER WILL CONTINUE IS PREDICTION

(By the Associated Press) Fair weather with east winds and unchanging temperature was predicted for Oregon by the weather bureau today. Minimum temperatures last night were higher than for the past few days and no zero weather was recorded.

Albany had a minimum of 24 degrees; Baker, 6; Boise, 8; Burns, 12; Bend, 12; Cascade Locks, 28; Crown Point, 22; Eugene, 26; La Grande, 22; Marshfield, 30; Meacham, 28; Medford, 22; Pendleton, 23; Portland, 30; Roseburg, 30; Seaside, 26; Salem, 20; Sexton Mountain, 19; The Dalles, 29; Umatilla, 20; Wolf Creek, 18.

Seattle had a minimum of 34 degrees, and Spokane 29. The lowest in Yakima was 22, and Walla Walla had 24 degrees.

WASHINGTON, Dec. 29.—(AP)—A net income of \$132,829,673 was shown by 29,333 persons in Oregon who filed federal tax returns for 1928 incomes. Inspection of records showed today.

Of the 29,333 returns made, however, only 18,619 incomes were taxable, and the total amounted to \$2,387,276. The average net income return was \$428, and the average income tax per return was \$81.39.

Corporations of Oregon showed a gross income of \$512,321,508, with deductions of \$482,546,744. They paid a tax amounting to \$1,736,918.

Attempt to Kill

PORTLAND, Ore., Dec. 29.—(AP)—Killed by assault, with intent to harm, Robert Stratton, 24, of Idaho Falls, Idaho, was in jail here today with bail set at \$10,000. He is accused of having struck Miss Nedra Smith, 18, over the head with a pistol-butt.

BIG STEEL MERGER IS RULED OUT

Injunction Granted Minority Stockholders Against Combine of Bethlehem Corp. and Youngstown Sheet and Tube Co.

YOUNGSTOWN, O., Dec. 29.—(AP)—The proposed billion-dollar merger of the Bethlehem Steel Corporation and the Youngstown Sheet and Tube company was denied by Common Pleas Judge David G. Jenkins today when he granted minority stockholders an injunction restraining the combination.

Jenkins handed down his decision six months from the inception of one of the bitterest legal fights in corporate history, a struggle of millions that was carried out first with proxies and then with lawsuits. Forces marshaled by Cyrus S. Eaton, Cleveland financier, went into court with charges of fraud after a spectacular battle for proxies.

The judge said the sheet and tube board of directors after they had approved the merger early this year, did not give adequate information to their stockholders on the merger when they met last April and approved it.

Whether intentionally or not the decision said, the three accountants employed to make the audit of the merging companies prior to the merger delivered a misleading report to the stockholders.

NEW MAIL DELUGE FACES TIRED MEN AT MEDFORD P. O.

The Medford postoffice staff, although hardly recovered from the Christmas period, now face another busy time with the over average local mail—that of handling the New Year's card sending and receiving, together with the end of the month's bills. The last of heated Christmas business is now out of the way.

For some reason the New Year's cards have not yet begun to appear in volume at the local postoffice, either incoming or outgoing, but were expected to tomorrow, especially incoming cards.

It will be news to the Medford public that quite a little volume of New Year's parcels arrive in the city annually, which was explained in a way this forenoon by Roland Jellish, assistant postmaster, as follows:

"Many of such parcels are due to those persons receiving Christmas presents unexpectedly from other persons to whom they sent nothing, and feeling duty bound to square themselves by sending New Year's gifts. Just like that, you know, a sort of mutual scratch back affair."

JOFFRE IN COMA AS END NEARING

PARIS, Dec. 29.—(AP) Marshall Joffre, fighting a losing battle with death, sank into a state of extreme weakness today and his physicians issued a bulletin at three o'clock describing his condition as most grave.

Half an hour later the marshal sank into a coma and it was feared he would never regain consciousness.

The gloomy news spread quickly among the great crowds gathered about the hospital of St. Jean, De-Deu, and these people who love "Papa" Joffre spoke in hushed whispers of his agony.

PORTLAND GIRL IN FEAR OF FILIPINOS

PORTLAND, Ore., Dec. 29.—(AP) Pablo Fabros, 19, a Filipino, was held on a disorderly conduct charge here today without recourse to bail, on the complaint of Mrs. Lillian Thompson, 18-year-old Portland girl, who declared Fabros kidnaped her and held her prisoner for five days. The girl said she escaped last night. She had been whisked about the city from place to place, she declared, and kept under constant fear of death.

ARTIFICIAL LIFE CELL EXPLAINED

Secret of Savant's Accomplishment Is Revealed to Scientific Group—Formation of Cancer Cells to Study Growth Objective.

By HOWARD BLAKESLEE, Associated Press Science Editor CLEVELAND, Ohio, Dec. 29.—(AP)—The artificially created life cell of Dr. George W. Crile is an attempt to penetrate the mystery of cancer. The Cleveland savant broke his silence about the recent rumors of his discovery and revealed the secret today to the American Association for the Advancement of Science.

Crile's accomplishment is celebrated most simply as breaking Humpty Dumpty to bits and putting him together again so that he appears alive.

The Humpty Dumpty he employs are cells, tiny units forming bodies of animals, which are the prototypes of all eggs.

He has tried this on brain, body and cancer cells, but the brain cell alone thus far has shown the master like qualities necessary for the rejuvenation.

When cancer cells were used a different effect was found, one whose significance has not been determined, for Crile said this is a preliminary report.

"This research," he said, "was undertaken for the purpose of discovering some physical principle which in other respects accounts for the conversion of normal cells into cancer cells, that is, into cells the energy of which is used only for growth."

This wild growth is the outstanding characteristic of all cancer. Crile said he went to work on the principle that the fertilized eggs of animals, the ovum, contain elements that electrically are both positive and negative.

He "postulated" that if the substances forming a living cell were mixed together in an electrical solution, called an electrolyte, these substances would organize themselves into a "unit which would present a cell-like form."

Life Without Uterus. In other words, something life-like might result without intervention of the usual union of male and female elements.

He separated brain cells into their constituent parts, proteins and ash. He found that only fresh brains retained the power to reanimate, but that by preserving the fats in ether he could wait perhaps a month after death and still get the return.

When ready the three brain substances were mixed in distilled water containing some salts, a laboratory made substitute for the watery elements in which the brain cells normally live. The salts produced the electrical effects.

In this water the scattered brain matter reunited into microscopic objects having the shape of cells. They grew like living things. Sometimes, Crile said, they did this by dividing, each artificial cell thus becoming two, just as in nature's method of growth.

They consumed oxygen and they gave off carbon dioxide as do other living, breathing things.

They showed the power of rapid movement, so that sometimes it was difficult to keep them under the field of the microscope. They took "vital stains" which is a method of using dyes to make tiny objects visible.

Implicate Another. Upon questioning the prisoners, it was learned Wilson was familiar with recent Ashland burglaries and implicated Buck Wilson, who was later arrested and lodged in the county jail. Buck is said to have confessed that he robbed Miller's Toggery in Ashland, taking several hundred dollars worth of clothing, which he sent to Oroville, Calif., to Luther Crosby to sell.

Crosby was arrested last week and brought to Medford by Deputy Sheriff Oscar Dunford. Wilson claimed further most of the loot could be found in Crosby's lodging place in Oroville.

Hawkins and Oscar Wilson will be taken back to Klamath Falls on car theft charges. The former is said to be on parole from the Washington State reformatory at Monroe, Wa.
