MEASURE

New York—(AP)—A device has been perfected for measuring a hundredth of a millionth of a billionth of an empire of electricity.

NEW FEATURE ON RADIO BROADCAST STARTS THURSDAY

The initial broadcast of a new and novel feature will make its appearance over the network of the United Broadcasting company, and will be released over the local station, KMED, New Year's morning at eight o'clock. In the character of "Cy Tootsie," General Manager Fred Dahlquist believes he has discovered a genuine radio feature, which will delight every member of the family.

Mr. Dahlquist says, "It was only last week that we discovered this find 'Cy Tootsie,' editor at of the Leadstock Morning Bugle, the up-state clarion, and champion of the people." You know his counterpart, the father confessor, the guardian of the brood, upon whose broad shoulders rest the cares of the community he so faithfully seeks to serve. Young and old come to him for fatherly counsel and advice, a sort of Beatrice Fairfax, Miss Almasse and stand-ard encyclopedia rolled into one.

The feature is supposed to bring an entirely new type of program to the Pacific coast radio audience, and because of its distinctive manner of presentation, and the humor and philosophy included in each morning's broadcast "Cy Tootsie" will undoubtedly win a ready welcome wherever there is a radio set.

"Cy Tootsie" will be on the air each morning, excepting Sunday from 8 to 8:30 o'clock, starting New Year's.
