

MANY VETS TAKE LOAN IN OREGON

Report By Commission Shows 12,079 Ex-Soldiers Borrowed \$28,818.125 Since Enactment of Law—Many Paid in Full.

SALEM, Jan. 8.—(AP) Since the war veterans state aid commission began operating in 1922 loans aggregating \$28,818.125 have been made to 12,079 ex-soldiers, says the biennial report of the commission, made public today. During the last biennium there were 1243 loans aggregating \$2,857,309.

At the end of the biennium September 30 a total of 675 loans amounting to \$1,455,000 had been paid in full with interest. Forty-one loans, \$3,100, were cancelled by the applicants before completion, and the money was refunded and deposited in a special state treasury fund.

A total of 1489 loans originally granted to veterans in the sum of \$3,450,700 have been transferred to persons not entitled to the benefit of the act by sale of property by the veterans. Unpaid balances actually transferred total \$2,151,191.48, which now draws 6 per cent interest.

Heavy Interest

Receipts of principal and interest on loans amounted to \$3,748,837.28 during the biennium.

Since the act became effective 22,984 veterans have received the cash bonus to a total of \$5,065,280. During the biennium 244 bonuses, \$26,930, were paid. Since 1922 recipients of the bonus to the number of 2173 have returned the cash and instead taken loans amounting to \$455,790.

At the beginning of the biennium outstanding bonds, which are the source of the loans and bonus payments, amounted to \$28,000,000. No additional bonds have been issued and \$750,000 in bonds was retired, leaving \$27,250,000 outstanding.

The commission holds Oregon municipal, school and port district bonds, county, state and government securities totaling \$3,407,932.44.

Property Taken Over

During the last two years 356 properties, involving a total of \$830,800, were acquired by the state from veterans, either by foreclosure or deed, and during the same period 132 properties were sold, amounting to \$364,788.31. This is a total increase of over 100 per cent on all properties previously sold.

At the end of the biennium 996 loans were delinquent with principal and interest in arrears in the sum of \$70,807.58.

At the present time fire insurance amounting to about \$30,000,000 is in force on properties covered by loans. A total of 430 fire losses have been suffered on property mortgaged to the state. Total adjustments received on this amount to \$212,971.47 and the state has suffered no loss.

other persons. And his answer was: "We have a lot of work yet to do."

Brothers' movements were known for days before his arrest but Roche wanted to avoid the wounding or killing of his own men or the suspect. He wished to question Brothers.

Brothers, a chestnut-haired, well-dressed man of 31, served on a submarine chaser during the World War. He is a native of Belleville, Ill., near St. Louis. Roche described him as "the toughest man I have ever encountered," adding that "he hasn't a nerve in his system."

STORY 2 (Continued from Page 1)

and infamy. . . . Doctrines are defended . . . and offered for sale as productions of modern genius, of vast tentacles which is anxious only for truth, and is considered to have emancipated itself from all those old fashioned, immature opinions of the ancients, and to the number of those antiquated opinions they relegate the traditional doctrine of Christian marriage."

The encyclical condemns what it terms "human tampering with a sacred institution," calling companionate and experimental marriages mere travesties.

Perfect Net Game Attendance.

OAKFIELD, Wis.—(AP)—All of Oakfield high school students attend its basketball games. Twenty are on the girls' and boys' teams and the other 30 go along as spectators.

Polar Incident

An American flag prepared for the purpose, was dropped by Admiral Byrd at the South Pole during the flight of the noted explorer across the icy wastes of the Antarctic from his base at Little America. Admiral Byrd will again appear in person, for lectures and showing of moving pictures made during the expedition, at the Holly theater, Saturday, January 17, under auspices of the American Legion.

Montreal Poor Get Funds From Slot Machines

MONTREAL, Jan. 8.—(AP)—A gift of about \$8000 was in prospect for the poor of the city today, representing the estimated contents of 400 slot machines seized by police.

Alderman Alton Bray, chairman of the city executive, announced that the machines would be broken up in the public square and the money they contained turned over to charity.

He said the city had decided to destroy the machines without waiting for court action and if the owners wanted redress they could sue the city.

PREDICT DEFEAT OF WORLD COURT

WASHINGTON, Jan. 8.—(AP)—Senate world court foes have told Frank B. Kellogg, a justice on the court, enough votes were in prospect to defeat ratification of American adherence.

This much became known of the conversations indulged in by Mr. Kellogg during his call today in the senate, where he served formerly as a member from Minnesota. The senate's hatred for the former secretary of state asserted, however, his call was purely a personal one. He denied he had any purpose of discussing the world court issue.

TRADEWIND HALTS INBERMUDA PORT

HAMILTON, Bermuda, Jan. 8.—(AP)—Postponing their original intention to hop off immediately for the Azores on the second stretch of their projected flight to Paris, Mrs. Heryl Hart and Lieutenant William MacLaren, who flew here yesterday in the monoplane Tradewind, said they would remain in Bermuda overnight until repairs can be completed on the ship's oil feed line.

CORVALLIS JURY DEBATES VERDICT

CORVALLIS, Ore., Jan. 8.—(AP)—After two hours' deliberation the jury was still out at noon today in the William Henderson murder case. Henderson shot and killed E. B. Mills on a downtown street. He pleaded self-defense.

Judge Shipworth in his instructions devoted most of the time to the law of self-defense and to different degrees of murder.

ROGUE RIVER PLAYS TALENT FIVE FRIDAY

ROGUE RIVER, Ore., Jan. 8.—(AP)—Rogue River high school will play its first conference basketball game with Talent, at the Rogue River gym, Friday night, January 24th. This should be a good game as Talent has made an impressive record with only one defeat.

CYLINDERS ADD SMOOTHNESS IN 31 AUTOMOBILE

Horsepower Stepped Up and Transmission Improved—"Eights" Out-number Near Rivals.

By OSCAR LEIDING (Associated Press Automobile Editor)

NEW YORK (AP)—Smoother operation will epitomize the 1931 automobile.

More cylinders have been added, horsepower stepped up, and transmissions improved. Formal introduction of the 1931 car to the public will be made at the thirty-first national automobile show, January 3-10 in Grand Central Palace.

The eight-cylinder vehicle, after 15 years in the automotive field, will celebrate complete victory, gained during the 1929 season, in the "battle of cylinders."

"Eights" will outnumber their nearest rivals, the "sixes," while extremes will be displayed in a hansom car smaller than ever and in two 16-cylinder models and a 12-cylinder car which have had previous debuts.

In all there will be 36 makes of passenger cars, 16 makes of taxicab models. Most manufacturers are withholding announcements so as "to spring surprises."

Most of the improvements will be concealed. These include valves refined for greater speed and quieter operation, new manifold and carburetor designs, increase of rubber mountings to reduce engine vibration, and transmission specialties developed for quietness, ease of handling and economy.

Outwardly, cars will appear more rakish with a definite continuation of the trend toward wire wheels and taking the spare tire from the back of the car to wells in the fenders.

With increase in horsepower output there will be radiators of larger capacity and valve shutters controlled thermostatically to meet demands of summer and winter driving.

Wheelbases are to be longer, bodies larger and roomier, and cars hung closer to the ground. The industry claims that more is to be offered for the money than ever before.

The show will be held under the auspices of the national automobile chamber of commerce, headed by Alvan Macauley as president and Charles D. Hastings as chairman of the show committee.

SOLONS READY TO HEAR DRY REPORT

WASHINGTON, Jan. 8.—(AP)—A last minute effort by congressional leaders anxious to avoid an extra session of the new congress to postpone the submission of the law enforcement commission's report has failed.

The attitude of the congressional chieftains was laid before the commission yesterday, but the insurgent wing led by Judge William S. Kenyon, of Iowa, objected to further delay.

Aide to Blind Dies

NEW YORK, Jan. 8.—(AP)—A woman who brought cheer into the lives of blind children died today at her home in Brooklyn. She was Mrs. Cynthia Westover Allen, 78, founder of the International Sunshine society, an organization to care for sightless babies.

West Cotton Factory

ATLANTA, Ga.—(AP)—The first cotton factory was built on Upton creek in Georgia, near what is now Washington, Ga.

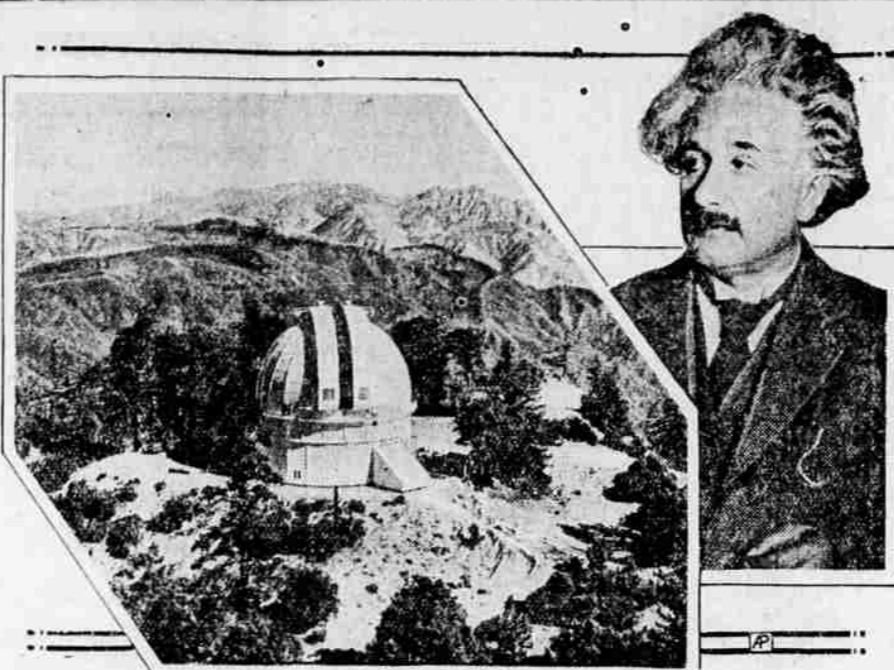

Don't neglect your child's COUGH or COLD

"Try this milder 'counter-irritant.'" Good old Musterole now made milder for babies and small children. So pleasant to use and so reliable—apply Children's Musterole freely to the affected area once every hour for five hours. That's the safe, sure treatment that millions of mothers and leading doctors and nurses recognize and endorse. Musterole gets action because it is a "counter-irritant"—not just a salve—it penetrates and stimulates blood circulation, helps to draw out infection and pain.

That's why this famous blend of oil of camphor, menthol and other helpful ingredients brings relief naturally. Keep full strength Musterole on hand for adults and Children's Musterole for the little tots.

Einstein To Study In Quiet Spot

Professor Albert Einstein, a man of simple tastes, will find the quiet surroundings he likes in the mountains of California, where he is to confer with American scientists. This airplane view of the observatory at Mt. Wilson shows the site of experiments which Einstein is to study.

How One Woman Lost 20 Pounds Of Fat

Lost Her Double Chin
Lost Her Prominent Hips
Lost Her Sluggishness
Gained Physical Vigor
Gained in Vitality
Gained a Shapely Figure

If you're fat—remove the cause! KRUSCHEN SALTS contain the 4 mineral salts your body organs, glands and nerves should have to function properly.

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Take half a teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—cut out pastry and fatty meats—no light sugars—in 2 weeks get on the scale and not hbw many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS at Jarrin & Woods (lasts 4 weeks). If this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your metric gladly returned.
