Pacific Highway Is Slippery

Motorists are warned to use chains when driving on the Pacific highway over the slippery mountains, due to slippery pavement. While no wrecks have been reported, it is an easy matter for machines without chains to slip off and if such care steps on the paving the ice makes it impossible for the machine to gain sufficient traction to start.

King Is Fined

Otto King was fined \$10 in city court today on a charge of reckless driving. King is alleged to have struck a parked car on Main street recently and not having reported the crash.

Economy Groceteria

THE HOME OF BREAD LIKE MOTHER MADE

The Best Economy

Not in Doing Without the Necessities of Life — But in Buying Them for Less

At a time like this—when all are trying to conserve, trying to make every dollar do full duty—buying for less is of double importance.

That is exactly what trading the Groceteria Way means,—clerks, credits and small deliveries are the major expenses in food distribution and when we save the greater part of these we have made the only savings that permit of lower prices.

Start the year with a determination to save—and to save without self-denial—to live as always—buying as usual but buying for less.

Try shopping tomorrow at one of the Groceterias—at least come in and satisfy yourself—you may look all day—you won't be asked to buy—and you won't have to ask prices.
