

PELICANS PLAY MEDFORD QUINT HERE ON FRIDAY

'Dark Horse' of Conference Points for Local Victory—Cage Game Popular in Rural Areas.

The Klamath Falls high school basketball squad, reputed to be the dark horse terror of the southern Oregon conference, play the Medford high school at the armory Friday of this week.

The local squad, after its decisive defeat of Grants Pass, in the first conference tilt, started this week on a hard course of sprouts, in preparation for the Klamath game. Defensive play and "breaking for the basket" will be the main physical objective.

Coach Burgher will endeavor to disabuse the minds of some of his proteges of over-confidence which has begun to show in small quantities. It seems that some of the athletes are believing what the newspapers and the girls tell them and consider themselves quite all right.

Point for Medford The Klamath Falls squad has plenty of material, but has not found itself.

The Pelicans might put up a hectic struggle here as they have plenty of potential strength and are "pointed" for the Medford team. Like all rivals of the local school, it does not matter with Klamath who beats them, as long as they beat Medford.

A large delegation of Klamath Falls students and fans are coming to see the local contest.

Cage Game Popular Basketball is now raging full blast in the rural areas of the county with town and school teams in action in Jacksonville, Talent, Phoenix, Central Point, Rogue River, Gold Hill, Hutto Falls, Sumner Valley and Prospect.

JACK DECLARES STRIBLING BEST AMONG HEAVIES

NEW YORK, Jan. 12.—(AP)—W. L. (Young) Stripling of Macon, Ga., is the best of the current crop of heavyweights in the opinion of Jack Dempsey.

Making his annual selections of world title stars for the "Ring" boxing magazine, Dempsey places Stripling at the top of the heap, with Max Schmeling second and Jack Sharkey third.

"To Stripling, I think, we must look to regain American supremacy in the heavyweight ranks," said Dempsey, "for it is my opinion that if Sharkey has ten more opportunities to win the crown he still will fall short of the mark. As for an attempt at comeback, which I am certain I will not, poor as I might be, there is one heavyweight I am sure I can knock out—none other than Jack Sharkey."

ENGLISH SCHOOLS IN ROW OVER ROUGHNESS

LONDON.—(AP)—One of those Harvard-Princeton rows has broken out in England. Two of the leading public schools—Uppingham and Haileybury—have decided to have nothing to do with each other.

Each accuses the other of roughness in a rugby game at which Uppingham maintained its unbroken record by 6 to 0, which has grown thirteenth since 1863.

'BIG BOY' CRANKS AUTO: CRANK, NOT ARM, BREAKS

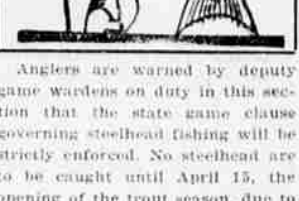

ROCKLAND, Me., Jan. 12.—(AP)—Almon Spear, 6 feet and 260 pounds, as one might expect, is a strong fellow. He cranked up an auto. It backfired. Something broke. An arm? No; the crank into three pieces.

With Rod and Gun

Anglers are warned by deputy game wardens on duty in this section that the state game clause governing steelhead fishing will be strictly enforced. No steelhead are to be caught until April 15, the opening of the trout season, due to the fish being classified as trout.

Yesterday, Deputy Warden Roy Parr was on duty in Josephine county and arrested four anglers on steelhead charges, and fishing without a license. W. D. Kincaid of Central Point is charged by the officer with the possession of six steelhead and Lee Staley of Grants Pass is charged with possession of five. A. O. Cort and A. T. Cort of Wender, Ore., were arrested by the deputy for angling without a license. The four were to appear today in the Grants Pass justice court.

The goose that laid the golden egg had nothing on the South Dakota ringneck pheasant. Nor had the Pied Piper of failed depopulating power, even Midas of the gold-mint fingers, in the estimation of two chambers of commerce of the coyote state.

For the ringneck's death only multiplies golden nest-eggs in South Dakota pockets, the ringneck's piping only swells the South Dakota population, and the ringneck's nimble tongue upon any countryside decorates the scene with loose currency, circulated by the chambers of commerce of Redfield and Huron. Copies of these have been received by this column.

Its native game depleted, South Dakota some years ago imported Chinese pheasants and transplanted them with many misgivings near Redfield. Under careful supervision the birds increased so enormously that now the state permits long open seasons and liberal bag limits to sportsmen, and many towns vie for glory, trade, tourists and residents on the strength of pheasant hunting.

The "pleasant city" of Redfield became famous as "pheasant city," and Huron boosters laud that city's location "in the heart of hunters' paradise."

This was pointed out by the game officials as probably the first instance in which game has been recognized by chambers of commerce as a major resource because of the money spent by sportsmen.

"And this golden return from a few imported pheasants only requires an active interest in providing suitable cover, food and other environmental conditions so that the birds could thrive," the officials said.

Patients in Missouri's six state hospitals and institutions are now finding health and happiness in learning a new occupation—raising wild game.

FRISBIE TRAINING FOR MAT BATTLE

Ray Frisbie, Medford's heavyweight wrestling pride, is doing daily road work in preparation for his match next Wednesday night at the armory with Jack Romona, recently returned from a successful wrestling tour of Australia.

The local boy is an even match for Romona in weight and is well known locally for his adeptness in the ring.

While this is his first appearance in a featured bout, fans are looking forward to an interesting evening and believe Romona will have his hands full when attempting to handle the husky Frisbie, who has not lost a special event since coming to Medford a year ago.

MEXICAN GENERALS TO PLAY ON POLO TEAMS

ACAPULCO, Guerrero, Mexico, Jan. 12.—(AP)—A polo game in which nothing less than a general can play, has been arranged here as a vacation diversion for the president. The game will be played when the contestants, who include the president himself, the secretary of war and a state governor, can get in trim.

ESPINOSA AND LOOS LEADING IN L. A. OPEN

Eleven Near First Pair in Final 36 Holes for \$10,000 in Prizes—Diegel Good Chance.

LOS ANGELES, Jan. 12.—(AP)—Only one stroke to the good, Al Espinosa and Eddie Loos turned into the home stretch of the Los Angeles \$10,000 open golf tournament today with scores of 139, hoping they could match these figures on the remaining 36 holes.

Within half a dozen blows of the lead trailed 11 of the remaining field of 51, all in a position to overtake the pair and win first place money of \$3,500.

Foremost of these was Leo Diegel, former P. G. A. champion from Azusa, California, who had a par 148 for two days of toil over the trouble making Wilshire Country club course. One of Chicago's younger generation of golfers, Frank Walsh, stood next with a 141, while two from the Atlantic seaboard, Wiffy Cox, Brooklyn, and Craig Wood, long hitting Bloomfield, N. J., pro, followed with cards of 142.

Hagen Provides Thrill. In spite of the spectacular playing of the leaders, it was Walter Hagen, great showman of the links, who gave the gallery of some 7,000 persons its biggest thrill.

After an indifferent start Saturday with a 74, same back to match par with a 79.

The most spectacular shot of the tournament on the 18th made this possible.

With a number one iron, the Haig drove his second shot to within eight inches of the cup and downed it for a birdie three. He was in a tie for seventh place.

Tomorrow 100 of the golfers will move across the Mexican border, where the Azusa Caliente \$25,000 open starts Wednesday.

HEAVYWEIGHT GO WILL BE SIGNED SOON IS BELIEF

NEW YORK, Jan. 12.—(AP)—If fight observers have interpreted the signs correctly, all obstacles in the path of a heavyweight title match between Max Schmeling and Young Stribling have been cleared away and their managers are ready to sign on the dotted line.

Some of the more optimistic of the experts voiced the opinion today that the bout would be "made" within 24 hours, but the more conservative were inclined to believe that several minor odds and ends would have to be disposed of first.

Certainly there were definite indications that "Pa" Stribling, the father-manager of the Macon, Ga., heavyweight, and promoters for the Hearst milk fund were close to an agreement.

FOX HUNTING AIDS COMMERCIAL LIFE

MELTON NOWBAY, England.—(AP)—Fox hunting with a mechanical dog supplying the climax is no fun, devotees of the sport say, and they claim that the \$50,000,000 paid annually for the chasing of live foxes more than offsets whatever objections there might be to the practice.

The defense is being made to an agitation against this crime de la creme of British sports, which is loosed yearly at this time.

For killing a few live foxes, the pro-hunting faction argues, many classes of people, ranging from grocers to veterinary surgeons are benefited.

NAVY GRIDIRON HUSKY QUINTET COACH LEAVES THREATEN 4TH FOR NEW FIELD CHAMPIONSHIP

Bill Ingram Resigns Following Disagreement Over Contract—Hinted As Successor to Price.

ANNAPOLIS, Md., Jan. 12.—(AP)—William A. Ingram, football coach at the naval academy for the last five years, is leaving Annapolis to coach elsewhere, presumably at the University of California.

Captain Henry C. Cooke, director of athletics, announced that "Navy Bill" had resigned by telegram and said details must come from Ingram, now at his home at Jeffersonville, Ind.

At Jeffersonville Ingram said he had resigned, that he intended to continue coaching and that the school which employed him would make the announcement in the near future.

Ingram was a gridiron and rowing star for Navy, and later football coach at William and Mary college and University of Indiana.

There have been reports that he and Navy athletic authorities disagreed over the terms of his contract. During last year's sports season he was under a one-year contract. He asked for a three-year contract, friends said, and the navy offered him one of two years.

Ingram has been mentioned frequently as a possible successor to Price. Two weeks ago it was reported that he visited California.

(By the Associated Press.) Leading the league with two victories and no defeats, the University of Washington basketball team was headed for its fourth consecutive northern division Pacific Coast conference championship today.

The Huskies started the 1931 race last week by trouncing the University of Oregon Webfooters, 41 to 26, Friday night and 40 to 36 Saturday night. Washington State college and Oregon State college divided a two-game series on the same nights. O. S. C. won the first, 29 to 23, while the Cougars took the second contest, 20 to 23.

Six games were on the program for this week. Oregon State will meet Idaho at Moscow tonight and tomorrow, while Washington State plays at Oregon, and Idaho clashes with Washington at Seattle next Friday and Saturday.

In the Southern Division of the conference U. S. L. A. defeated Stanford, 32-23 and 28-24; California defeated U. S. C. 24-22.

PIGMY GOLF PROMOTERS SWARM FRENCH RIVIERA

NICE, France.—(AP)—Pewee golf is popular along the Riviera, but even so the ratio of devotees to promoters is becoming distorted.

One paper here, taking the ironic view of a French journalist, describes briefly the situation: "Even if the regular tourist season is fast there are enough foreigners trying to sell miniature golf outfits to make up the difference on the Riviera."

"I Hope You Do Not Abandon the Attack"

Says DR. J. C. ELDRIDGE Health Director, Hamilton County, Tennessee

The letter is dated July 19, 1930, and is addressed to the American Cigar Company. It discusses the health risks of spit-tipping and encourages the public to support the fight against this practice.

... one of 56 health officials from 56 different points approving Cremo's crusade against spit or spit-tipping. Every smoker, every wife whose husband smokes cigars, should read Dr. Eldridge's letter. "Who are the friends of 'Spit'?" YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING. Dr. Eldridge writes: "Your attack on this evil in connection with your recent cigar advertising is an effective stroke."
